At the time of hearing Shri Koley wanted to say at it was not his duty to look after the permanent ies connected with the main switch as this was the ty of the Electrical Supervisor. Virtually he mted to say that the employer should have ployed an Electrical Supervisor above the post of ectrician. I do not find sufficient evidence that the orkman concerned had ever complained to the anagement that an Electrical Supervisor should be pointed above him otherwise he could not do the of an Electrician-in-charge responsible for safearding the electrical installations in the Cinema buse in the maintenance and upkeeping of the same. P.W. 1, Shri Dey, the Assistant Manager, stated at the authority supplied Shri Koley all electrical ods according to his requisition. Again, it seems it Shri Koley wants to make out a new case that fire broke out on account of wooden case used wiring in the Cinema House and for that he made mplaints for replacements of the same. There is thing to show that he wanted replacement of the oden casings. Admittedly, a departmental quiry was held by the Company on 9th January 61. Exhibit B is the enquiry proceedings. At enquiry proceedings the Manager, Shri Ganguly, described head hear avanised. Shri Kolovi d Shri Banerjee, had been examined. Shri Koley mitted before me that he cross-examined thesses and the statement of witnesses had been rectly recorded. Shri Banerjee in the depart-ntal enquiry stated that he carried on examination presence of Shri Koley and explained the defects the lines and that he further explained to him the ises for which the fire broke out. It is alleged by Union in the written statement that the outside etrical Supervisor, Shri Banerjee, was the Comhis man and that his evidence is not reliable. No challegation was made when Shri Banerjee was mined. It may as well be noted that Shri nerjee, the Electrical Engineer, who submitted the ort, is the Examiner and Paper Setter of Electrical ense Board, Government of West Bengal, and turer, Calcutta Technical School. Clearly he is espectable witness holding respectable position as Electrical Engineer. The clear opinion of Shri

Banerjee was that fire could not have broken out unless there was gross negligence on the part of the person in charge of maintenance of the electrical installations. I am satisfied that the departmental enquiry had been done with due adherance to the principle of natural justice and it was quite possible on the part of the Management to come to the conclusion on the basis of evidence on record at the departmental enquiry that a charge of misconduct in the nature of culpable negligence on the part of Shri Koley had been established.

It is now a well settled principle of law that in case of dismissal of a workman on account of misconduct, the Tribunal does not act as a court of appeal and its function to interfere with the decision of Management is not unlimited. The Tribunal should interfere (i) when there is want of good faith, (ii) when there is victimisation or unfair labour practice, (iii) when the Management has been guilty of basic error or violation of a principle of natural justice and (iv) when on the materials on record of the enquiry the finding is completely baseless or perverse. It is abundantly clear that in the departmental enquiry starting from the charge-sheet till its conclusion there was no basic error or violation of principle of natural justice. I cannot as well say that the finding was either baseless or perverse. There is no reason to think that the fire broke out as a result of pure accident over which there could be no control.

It had been contended by the Union that this workman had been demanding higher wages as applicable to any Electrician and, therefore, the Company was displeased with him. It appears in the contract form of appointment, dated 28th September 1957, signed between the parties about two years after the appointment of Shri Koley that he was described as a Helper of Electrician (vide Ext. A). Shri Koley stated that though described as a Helper, he was the Electrician from the very date of his appointment in this Company and that he had been functioning as such. It however appears that Shri Koley obtained a proper license as Electrician from the Government on 24th January 1958 (vide Ext. 2).

Now it appears that there was a dispute between this employer and the workman represented by the Union which was referred to the Third Tribunal and one of the issues involved in this dispute was whether Shri Koley was entitled to get the grade and scale of pay of Electrician. That dispute ended in a compromise award and the petition of compromise, Ext. 1, was filed on 18th January 1961. One of the terms of the compromise was that Shri Koley would get the grade and scale of pay applicable to Electricians working in Cinema Houses situated in suburbs and moffusils from 1st January 1960. The difference in wages as per award was offered to Shri Koley as evidenced by the letter, dated 22nd June 1961. It thus transpires that Shri Koley obtained license from the Government about three years after his appointment and that he thus became entitled to higher wages as Electrician of a Cinema House in suburbs and moffussils. Be that as it is, the Company obviously paid the higher wages as a result of compromise award. Naturally Shri Koley could demand higher wages only after he got the licence from the Government and not before that. It is difficult to think that the Company had any grudge against Shri Koley over that incident. A clear case of gross negligence and carelessness on the part of Shri Koley had been established in the departmental

enquiry. There is no direct connection as between this act of misconduct of Shri Koley with the dispute regarding higher wages. In these considerations I hold that there is no justification for the Tribunal to interfere with the decision of the Management in dismissing Shri Koley. The workman is thus found not entitled to get any relief.

This is the award.

The Government of West Bengal, Labour Departat, by Order No. 3595-I.R./IR/9L-43/60, dated

18th July 1960, referred under section 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the abovementioned dispute for adjudication to this Tribunal.

### Issue

1. Whether the termination of employment of Shri Sailendra Nath Ghosh is justified? To what relief, if any, is he entitled?

This reference under section 10 of the Industrial Disputes Act was made at the instance of the workmen represented by Tea Garden Indian Employees' Association, Kalchini, district Jalpaiguri (hereinafter called the Union), relating to the termination of employment of daily clerk Shri Sailendra Nath Ghosh (hereinafter called Shri Ghosh) by the Management of the Bhatpara Tea Estate, Kalchini, district Jalpaiguri (hereinafter called the Company). The admitted facts are as follows:

On 19th January 1960 when bonus was being paid to the Tea Garden labourers at the weighment shed at Bhatpara Tea Estate "B" division, a crowd of unruly labourers forced its way into the shed and created a disturbance, in course of which the money that was lying on the pay table—being the unpaid bonus money—vanished. A check was made and it was found that a sum of Rs. 1,103.06 nP. was missing and was not accounted for by the daily clerk from the amount that was taken out of the safe for payment of bonus. Shri Ghosh, the workman under reference, was charge-sheeted on 24th February 1960 and he submitted his explanation on the day following. An the enquiry was held on 26th February 1960. At enquiry several witnesses were examined by the Company and Shri Ghosh admitted at the enquiry having picked up some amount of money from the pay table and he further stated that he had deposited the said amount in a tray in the Bhatpara "B" division office in presence of the garden Babu. After the enquiry the Personnel Officer, who had conducted the enquiry, submitted his report with his recommendation on 27th February 1960. The Manager on the same day wrote to Shri Ghosh telling him that he (the Manager) was prepared to accord Shri Ghosh an opportunity to get his case reprsented by an official of a registered Trade Union before he passed his orders in the case. The Manager considered the his orders in the case. The Manager considered the report and recommendation of the Personnel Officer and he dismissed Shri Ghosh on 1st March 1960.

The Union alleges that at the time when the bonus was being paid to the garden labourers on 19th February 1960 there was a great disturbance and the money lying on the pay table was looted by the unruly labourers, that Shri Ghosh picked up some amount of money which was lying scattered and deposited the same in the "B" division office of the Tea Estate in presence of the garden Babu, that after he had been interrogated about the incident he told the Manager and the police that whatever money he could pick up at the time of the disturbance was deposited by him in the tray in the office in presence of the garden Babu and that the rest of the money was looted by the unruly mob, that in spite of these facts the Company issued a charge-sheet to Shri Ghosh, held a perfunctory enquiry without giving Shri Ghosh any opportunity to defend himself and dismissed kim from service out of sheer vindictiveness and the finding arrived at by the Manager holding that Shri Ghosh was guilty of the offence was not based on evidence.

The Company alleges that when the bonus was being paid to the garden labourers there was a disturbance when a crowd of garden labourers forced its way into the shed in course of which the money lying on the pay table vanished. After a check was made it was found that a sum of Rs. 1,103.06 nP. was missing and was unaccounted for from the amount taken out of the safe for payment of bonus. When enquiries were being made after the police had been informed, certain persons gave out that Shri Ghosh had picked up a bundle of currency notes and passed on the same to his brother, a teacher of the "B" division garden school, who was standing near the dispensary. On the basis of this information Shri Ghosh was given a charge-sheet on 24th February 1960 to which he gave a reply on 25th February 1960. An enquiry was held on 26th February 1960 in An enquiry was held on 26th February 1960 in presence of Shri Ghosh who was given every opportunity to defend his case. He was asked to crossexamine the Company's witnesses and to examine his own witnesses. But Shri Ghosh did not cross-examine the Company's witnesses and did not examine any witness of his own. The prosecution witnesses having deposed to the effect that they had seen Shri Ghosh going away from the weighment shed with a bundle of currency notes and thrusting the same in the pocket of his elder brother's shirt, the Personnel Officer holding the enquiry found that the charge against Shri Ghosh had been proved and he therefore recommended his dismissal. The Manager then gave Shri Ghosh a further opportunity to have his case represented by any Trade Union official before the Manager's final orders. The Manager considered the report and recommendation of the enquiring officer, found Shri Ghosh guilty of picking up money lying on the pay table at the relevant time and not accounting for the same. The Manager therefore dismissed Shri Ghosh on 1st March 1960. The Company denies the allegation of the Union the Shri Charles and the shring the Union that Shri Ghosh was falsely charged or that no proper enquiry was made or that Shri Ghosh was denied opportunities to defend himself or that there was no proof of his guilt.

# Decision

It is admittedly a fact that on 19th February 1960 bonus was being paid to workers at the weighment shed at the Bhatpara Tea Estate "B" division in presence of the Manager, Mr. Gay, the Assistant Manager, Mr. Robertson, Shri R. Biswas, a clerk who was assisting Shri Ghosh in the matter of disbursement of bonus. Another clerk in charge of issuing ration slips whose name is Shri Kamal Kumar Chetri was also present at the weighment shed at the relevant time. It is also admitted that an unruly mob of garden labourers rushed forward by forcing its way into the shed and created a disturbance, that in the course of that disturbance the money lying on the pay table, i.e., the unpaid bonus money, vanished. It is also a fact that after a check having been made it was found that a sum of Rs. 1,103.06 nP. was missing and remained unaccounted for. In his statement before the enquiring officer and in his evidence before me Shri Ghosh stated that he did collect certain amount of money when the crowd forced its way towards the pay table, and he ran out towards the office and deposited the money that he could collect on a tray in presence of the garden Babu Shri T. P. Biswas. So, it is a fact that Shri Ghosh who was in charge of the money that was meant for disbursement of bonus did collect some amount of money upon which he could lay his hands on. Shri

Ghosh says that this sum of money he deposit the tray in the office in presence of the garden Shri T. P. Biswas. Shri T. P. Biswas gav evidence at the enquiry and also before me denies that Shri Ghosh deposited any money contains the formula of the state of the sta tray in the office or in his presence immediately the disturbance that took place in the weight shed or at any time. Shri Biswas (O.P.W. 2) that the tray was on the table and in his custoc he denies that Shri Ghosh ever deposited any ron the tray. He further says that Shri Ghosh r ed to him that all the currency notes which we the table had been looted. I have carefully dered the testimony of Shri T. P. Biswas and I c see anything to disbelieve him. This being the it is proved beyond any reasonable doubt that Ghosh must have misappropriated the money th had collected from the pay table at the time c disbursement in the weighment shed and did deposit the same nor account for the same to Company. O.P.W. 1 Mr. Gay deposed that in diately after the occurrence when certain amou money vanished from the pay table, he had no s cion that any of the employees in the office have taken any money for personal gain. At 8-30 or 9 p.m. on 19th February 1960 Mr. received a letter from one Shri Subba, a typist in Bhatpara Tea Estate. This letter (Ext. H) conta certain allegations against Shri Ghosh. In this | Shri Subba informed the Manager Mr. Gay that K. K. Chetri, the ration clerk, came and reporte him that he and some other persons had seen Shri Ghosh had passed on a bundle of 10currency notes to his brother Shri B. N. Ghost school teacher of the "B" division garden school. the basis of this letter, the Manager informed police and the police took up investigation arrested Shri Ghosh, and produced him before Magistrate. There was a criminal case against Ghosh, but he was acquitted as, according to Magistrate, the prosecution had failed to prove case beyond any reasonable doubt. Be that as it is the Company issued a charge-sheet to which Ghosh gave his reply. An enquiry was held and records of the enquiry proceedings (Ext. D) shapes of the enquiry proceedings (Ext. D) that Shri Ghosh was present throughout the enqu that the Company's witnesses were examined a Shri Ghosh declined cross-examination every ti he was asked by the enquiring officer to do so, being asked if he had any witness to examine he s that he had no witness. The evidence that was corded by the enquiring officer shows that the de sion arrived at was the only possible decision in facts and circumstances that were disclosed at lenguiry. I have no authority to give a differ finding on the basis of the evidence adduced at t enquiry unless the Union can prove or establish the it was a clear case of victimisation, that there w unfair labour practice, that there was want of go faith on the part of the Management, that the find was perverse or that there was basic error of fac There is absolutely nothing to show that it was case of victimisation. It is in evidence that SI Ghosh had never been charge-sheeted and had nev been punished for any misconduct during the cour of his service prior to this enquiry. There was 1 unfair labour practice as the procedure followed the matter was quite correct. There is no oth lobour practice that could be pointed out to me the Union that was unfair. It must be said in fairness to the Manager that even after such a lar sum of money had vanished from the pay table,

ad no suspicion against Shri Ghosh or against any ther clerk. He issued a charge-sheet to Shri Ghosh nly after he had been told by several persons that hey had seen Shri Ghosh handing over a bundle of 0-rupee currency notes to his brother who was tanding near the dispensary of the garden. So, it as only after this information that he issued a harge-sheet. At the enquiry held there was clear vidence of three of the witnesses that they had een Shri Ghosh leaving the weighment shed, going traight to his brother and making over a bundle of 0-rupee currency notes. The witnesses who had iven evidence in presence of Shri Ghosh as having seen Shri Ghosh thrusting currency notes in the hirt pocket of his brother were not cross-examined by the workman under reference. P.W. I who is the iccretary of the Union now comes before me to say hat he had seen Shri Ghosh depositing some money in the tray in the office in presence of the garden sabu. He was not examined by Shri Ghosh at the nquiry. I cannot place any reliance upon him as have already said that Shri T. P. Biswas denied aving seen Shri Ghosh depositing any money on the ray in the office. There was therefore no basic error of facts or any perverse finding arrived at by he enquiring officer. The attitude of the Management has throughout been fair, and there is not the lightest proof of any vindictiveness on the part of my of the clerks or officers of the Company.

The Union raises several points which I will deal me by one. The first point raised is that the charge s bad as "vague and unmeaning." It appears from he charge-sheet (Ext. A) that Shri Ghosh was charge-heeted for picking up some money lying on the pay able at the time of the disturbance. O.P.W. 1 Mr. lav savs that Shri Ghosh never accounted for the noney that was in his custody or that was picked up by him at the time of the disturbance. It could not expected that the Management should have issued charge-sheet in the language of the sections of the ndian Penal Code for theft, misappropriation or riminal breach of trust. In the charge-sheet the bare acts have been stated that Shri Ghosh had picked up lompany's money and he was therefore asked to xplain his conduct in not accounting for the same, do not consider the charge-sheet to be "vague or nmeaning."

Next, it was argued that Shri Ghosh was asked to o away and leave the place of enquiry after he had hade his statement and before the Company's witnesses were examined. It is sought to be established hat the enquiry was held in absence of Shri Ghosh, have already referred to the records of the proceedigs (Ext. D) and it appears from the records that hari Ghosh was present throughout the enquiry and hat he was asked to cross-examine the witnesses. J.P.W. 1 Mr. Gay and O.P.W. 2 Shri T. P. Biswas ay that Shri Ghosh was present throughout the nquiry. I do not see anything to hold that the lompany's witnesses gave evidence after Shri Ghosh ad been asked to leave the place of enquiry.

The third point taken by the Union is that the nquiry was perfunctory in view of the fact that hough the Manager informed Shri Ghosh that the nquiry would be held by him, the enquiry was, in act, held by the Personnel Officer. In my opinion, was the correct procedure adopted by the Management. The Manager was the final authority to punish

a person found guilty of misconduct and it is just and proper that the enquiry is held by an officer junior to him in rank whose report and recommendation was to be considered by the Manager to dispose of the matter finally.

The learned Advocate next argues that the evidence recorded by the Personnel Officer was not according to the statements made by the witnesses. There is absolutely no basis for making such an allegation as there is no material before me to accept this allegation as correct.

It is next argued that the enquiring officer has not been examined here. I do not think it necessary that the enquiring officer must be examined before the Tribunal unless the Union wanted him to be examined as its own witness. It is up to a party to decide as to which witness it would examine. There has been no difficulty in coming to a proper finding by this Tribunal in spite of the fact that the enquiring officer has not been examined. It is further argued by the learned Advocate for the Union that the dismissal was not based on the enquiry but on the personal knowledge of the Manager. This is obviously wrong. It is in evidence that the Manager had no personal knowledge if Shri Ghosh had taken away any money from the pay table or having made over any money to his brother. It is in evidence that he was informed after 8-30 p.m. on 19th February 1960 by the typist by a letter (Ext. H) that a certain number of persons had seen Shri Ghosh making over a bundle of currency notes to his brother. There is nothing on record to show that the enquiry was based on the persanal knowledge of the Manager.

The Manager was not a witness as he had no personal knowledge about the allegations that was sought to be proved by a number of witnesses.

The last point taken by the learned Advocate for the Union is that the ground of the dismissal was not the basis of the charge. I have already said that the charge-sheet contained the bare statements of facts. The dismissal was also based on the finding that the facts alleged in the charge-sheet were proved. I have already said that Shri Ghosh admitted having collected certain amount of money from the place of occurrence and that he had deposited the same on the tray in the office in presence of the garden Babu. But there is no proof that this deposit was made as Shri T. P. Biswas (O.P.W. 2) in whose presence Shri Ghosh was supposed to have deposited the money denied having seen Shri Ghosh depositing any money at all.

Considering all these facts and circumstances discussed above, I find that the termination of employment of Shri Ghosh is justified and that he is not entitled to any relief. This is my award.

The reference relates to some industrial disputes existing between Messrs. Chaliha Rolling Mills (Private) Ltd. (hereinafter be referred to as the Company) and their workmen represented by Chaliha Rolling Mills Workers' Union (hereinafter be referred to as the Union).

The reference was received from the Government on 15th June 1961. As usual immediately thereafter notices were sent out for service upon the parties, who in pursuance thereof entered appearance but the Union asked for time to put in statement of claims. In the meantime a batch of workmen numbering 32 filed a petition authorising 3 Advocates and Assistant Secretary of U.T.U.C. to plead on their behalf. But none of them either accepted the authority or made appearance before this Tribunal on behalf of the workmen. On enquiry it was ascertained from the projections of the secretary of the projectors of the secretary of the secreta Labour Commissioner who is also the Registrar of Trade Unions, that the aforesaid Union did not submit the prescribed returns of office-bearers for the year 1961. One Shri Munish Chandra Roy purported to be the Secretary of the Union filed statement of claims on 12th February 1962. Since then the Union did not take any step whatsoever on the several dates fixed. The case was ultimately fixed on 10th August 1962 for hearing. Even on this hearing date the Union has not attended or taken any steps. No workman is also found present. Company is ready for hearing of the case. The Company files a petition for hearing on the preliminary objection raised in the written statement questioning the locus standi of the Union to represent the workmen in view of the fact that the said Union ccased to be a registered trade union with effect from 28th December 1961, in support of which Company has produced original letter No. 807T.U.R., dated the 19th March 1962, received by the Manager of the Company from the Registrar of Trade Unions, West Bengal.

Section 36(1)(a) of the Industrial Disputes Act, 1947, provides that "a workman who is a party to a dispute shall be entitled to be represented in any proceeding under this Act by an officer of a registered trade union, of which he is a member. \* \* \*" In this particular case it is abundantly clear from the above letter of the Registrar of Trade Unions that the Union ceased to be a registered trade union with effect from 28th December 1961. Therefore, it has no longer any legal status to represent the workmen

id as such it is incompetent to take up the cause of the workmen. The said Union filed written state-ent on behalf of the workmen on 12th February 162, i.e., at a time when it became incompetent or st its competence and legal authority to represent the workmen before a tribunal. Apart from that the mion does not come forward to proceed with the ise and does not show any cause for non-appearance. Similar sidence is also observed by the warkmen composed one Chandra Bahadur Rana who files a peting before this tribunal stating that he has already titled his dispute with the Company and accepted all so legal dues, and he has no longer any grievance gainst the Company, and as such his prayer is for no dispute' award. The dismissal of this workman one of the disputes referred to this tribunal for fijudication.

In any case, not only the Union, as I have already served, has no locus standi to represent the works in view of the fact that it ceased to be a gistered trade union with effect form 28th December 1961, but also neither the Union nor the worken involved in the dispute have taken any step or are made their appearance before this tribunal for their non-appearance. So, it may be presumed that he disputes under reference are no longer in existing and the present reference is accordingly isposed of.

This is my award.

### Present:

Shri K. K. MITRA, Judge, Fourth Industrial
Tribunal.

For the Union: Shri P. P. Pathak. For the Company: None.

An industrial dispute between Messrs. Pioneer Pipe Manufacturing Co., 92/93 K. D. Jalan Road, Ghusury, Howrah, and their workmen represented by Iron & Steel Workmen's Union, 172 Benaras Road, Salkia, Howrah, over the following issue, has been referred to this Tribunal for adjudication, by the Government of West Bengel, Labour Department, order No. 5782-I.R./IR/11L-453/60, dated the 30th September 1961.

### Issue

Whether the termination of service of the workmen is justified? To what relief, if any, are they entitled?

### AWARD

Upon receipt of the order of reference on the 11th October 1961, notices were issued under registered rost, upon the parties for appearance and for filing written statements.

The registered cover sent to the employer, i.e., Messrs. Pioneer Pipe Manufacturing Co., was returned back with an endorsement made by the Postal Authority on the postal cover that it had been refused. I take it that the registered letter had been duly delivered to the addressee and he intentionally refused to receive the same. Such service is binding upon the addressee who is bound by all consequences as would follow, if the letter had been accepted.

The workmen represented by the Iron & Steel Workmen's Union duly filed the written statement on the 17th April 1962. It is alleged by the Union in the written statement that the employer Company suddenly laid-off the workmen in the concern without any justification. As such the Union made representation complaining against such illegal layoff. Since then the Company refused to employ the workmen but, as a matter of fact, the Company started the factory work with many new hands, throwing the old workers out of employment, who were not taken back. It is accordingly prayed by the Union that the Company should be directed to reinstate the twenty workmen who had been thes discharged from service.

Even after the Union had filed the written statement, the Company took no step. It is apparent that the employer Company does not want to contest the case. The case was accordingly fixed for ex-parte hearing on 26th June 1962. On that date, on the side of the workmen Shri Hiralal Dutta, who filed the written statement as the Secretary of the Union, was examined. He proved the notice of lay-off which is marked as Ext. 1. It is clear from the evidence that the employer Company laid-off twenty workmen as named in the notice, Ext. 1, with effect from 28th July 1960. The

evidence of Shri Dutta that there was no justification for such lay-off stands proved. It is also clear from the evidence that the real intention of the employer was to terminate the services of these workmen arbitrarily and without any justification. Shri Dutta deposed to say that after the lay-off about a year after the lactory was restarted. It further appears that the employer recruited new hands and did not employ the old employees as named in the notice of lay-off, i.e., Ext. 1. Obviously, therefore, the termination of service of the workmen in accordance with the method adopted by the employer is completely unjustified. The workers named in the notice, Ext. 1, are directed to be reinstated to the posts they were holding beforehand. The employer should reinstate them within a month from the date of publication of the award in the official Gazette. The workers should be paid full wages at the rate of wages they were drawing for the entire period from the 21st July 1960, till the date of their reinstatement.

This is the award.

### Issue

Whether the termination of employment of Shri Surjan Singh is justified? To what relief, if any, is he entitled?

### **AWARD**

Upon receipt of the order of reference, notices were issued upon the parties for appearance and for filing written statement.

After service of notices, the workmen represented by the Doors Chai Bagan Mazdoor Sangha (hereinafter referred to as the Union) submitted the written statement on 28th June 1961. It is contended by the Union that Shri Surjan Singh was a permanent workman having put in long years of creditable service under this Company and that he had been unjustly charge-sheeted on 3rd August 1959 on an allegation as to attempt to commit theft on 15th/16th July 1959. The Union alleges that the Management had been actuated by an ulterior motive in drawing up the charge-sheet against Shri Singh and there was no basis of the allegations made in the charge-sheet. Shri Singh duly submitted his explanation denying the charge altogether. Thereafter the Management made a show of an enquiry covering several days for a long time and in the said enquiry neither the workman concerned, nor the Union officials had been allowed to cross-examine the witnesses produced for the Management. Besides, the proceedings of the enquiry had not been correctly recorded. The Management then dismissed the workman by a notice, dated lst October 1959. The Union alleges that the entire action of the Management was completely mala fide and unjust. It is further alleged that Shri Singh was completely innocent and that he had been penalised as he happened to be an active member of the Union.

The employer, i.e., Messrs. Mechpara Tea Estate (owned by Imperial Tea Co. Ltd.), (hereinafter referred to as the Company), then filed the written statement on 5th August 1961. It is stated by the Company that Shri Singh was a Head Fitter in the factory of the Tea Estate at the relevant time and he attempted to remove a chain bulley block from the factory premises with the help of factory oilers, Shri Kashi Kamar and the oiler of the oil pumping engine. Shri Budhoo Kharia and for that all the three workmen, i.e., Shri Singh, Shri Kamar and Shri Kharia and The analysis was The enquiry was Shri Kharia were charge-sheeted. due to be held on the 6th August 1959. But due to the illness of the Acting General Manager the date was postponed to 13th August 1959. The enquiry could not be held on the 13th August as Manager was still well, as the Acting General postponed till 20th suffering and the enquiry was in respect of the August 1959. As the enquiry charges issued to other two Budhoo Kharia and Kashi workmen, namely. became Kamar. protracted, the Management fixed another date of enquiry for Shri Surjan Singh on the 24th August 1959. The enquiry was done on the 24th August and it continued on the 25th August 1959 when the 25t was concluded. The Management asserts that the

iquiry was properly done, following the broad inciples of natural justice. As a result of the iquiry the Management found the charges estabthed against all the three workmen and dismissed hed against all the three workmen and dismissed iri Singh, with effect from 1st October 1959. It further contended by the Management that they id no knowledge that Shri Singh was an active ember of the Trade Union and, therefore, there uld not arise any question of proceeding ndictively against Shri Singh.

The dispute came up for hearing on 4th June 162. At the hearing the Union examined Shri K. Ghosh, the Secretary of the Union, and Shri ngh, the workman concerned in the dispute. The ompany did not adduce any oral evidence, even ough some witnesses were present at the time of

earing.

Both parties filed some documents which are

arked as exhibits in this case.

On the conclusion of evidence the learned lawyers presenting the parties advanced arguments in

apport of their respective contentions.

The charge against Shri Singh is to the effect that on the 15th/16th July 1959, along with Shri ashi Kamar and Shri Budhoo Kharia attempted to move one chain block pulley from the factory emises without the knowledge and permission of e Estate Manager. In the charge-sheet it is not finitely stated if the offence was committed on e 15th or on the 16th of July. All the three orkmen who have been alleged to have attempted r stealing the Company's articles, had been parately and independently charge-sheeted by the anagement on the 3rd August 1959. Admittedly ariagement of the 3rd August 1999. Admittedly ris Singh was employed as a head litter in the ztory of this Tea Estate at the relevant time awing a total wage at Rs. 340 per month. He d put in 25 or 26 years of service in this Tea tate when he was so charge-sheeted. There is dispute on the point that he had a clean and tisfactory record of service all through and that was an efficient worker. The case of the impany is that the Acting General Manager of the Estate received information on the 16th July 59 at about 8 a.m. that one chain pulley block d been placed into the Housing of the oil pumpgengine. On that date the oil pumping ergine is due to leave the factory compound for the miltongunj Railway Station to fetch Engine Oil.
iturally, therefore, this old chain pullev block,
pt inside the housing of the engine would
tometically get removed with the oil pumping
gine when that was scheduled to be taken away
the Hemiltonian Bailway Station. From that the Hamiltongunj Railway Station. From that Management took it that the chain pulley ock was being stealthily and secretly removed ay with the oil pumping engine within the hous-5, of which it had been kept and, therefore, the rsons responsible for placing that material within at housing would get a chance of removing away same at some point in course of its transit out-le Tea Estate, for the purpose of wrongful gain the part of those persons. There is no contro-rsy on the point that the material which was to removed, that is the property to be stolen away is an old disused body of chain pulley block. The ticle was obviously of little monetary value. sides, this was lying unused in the factory. Be at as it is, there is no controversy on the point at the chain pulley block was found inside the using of the oil pumping engine which was due be removed to Hamiltonguni on the 16th August

59 and the detection was made by the Manager

of the Tea Estate in presence of Shri Singh. contention of the Union is that Shri Singh had no contention of the Union is that Shri Singh had no hand in the matter of putting the article inside the housing of the oil pumping engine. In the explanation submitted by Shri Singh he denied the allegation altogether. He stated that he had only ordered the oil-men to clean the engine room and remove all sundries outside [vide Ext. B(1)]. The charge as to the offence of an attempt to commit that can be levelled against those persons who had theft can be levelled against those persons who had placed the article to be stolen away within the housing of oil pumping engine. It seems that the allegations against Shri Singh is to the effect that he had aided or abetted in the commission of the offence as to attempt to commit their. The case of the Company is that the offence had been committed and detected on the 16th July morning. There is however no explanation forthcoming from the side of the Company as to why the workmen including Shri Singh, who according to their version, committed the offence on the 16th July 1959 had been charge-sheeted long 18 days after, on the 3rd August 1959. The fact that no witness from Tribunal completely in darkness as to how such delay in drawing up the charge-sheet could be reasonably explained away. The Company in paragraph 7 of the written statement stated that before graph 7 of the written statement stated that before drawing up the charge-sheet a preliminary enquiry was held. At the time of hearing the learned lawer for the Company stated that the aforesaid preliminary enquiry was done by Mr. G. H. Page, the Acting Manager of the Tea Estate. A memo. of the said enquiry, dated 16th July 1959, is produced by the Company (vide Ext. A). The memo., Ext. A, is to the effect that a factory chowkidar reported to Mr. Page on 15th July 1959 that seme chain block equipment had been put outside the chain block equipment had been put outside the factory. The name of the chowkidar is not mentioned in the memo, and I find no reason for the same. This gave a chance to the employer to produce any chowkidar they liked. From the memo., it further appears that Mr. Page asked one Mr. Khosla, to investigate into the matter and keep a watch over the article. But there is no knowing what Mr. Khosla did in accordance with that direction. Again on the 16th July the same chowkidar, not mentioned by name, reported that the thing had been kept hidden in the oil pumping engine. There is nothing in the memo, to show that anybody was found keeping the thing in the oil pumping engine. The only matter appearing in the memo, is that Surjan Sing could not explain how the article got its entrance inside the engine housing. It is difficult to believe that on the basis of such an enquiry the two oilmen and Shri Surjan Singh could be charge-sheeted long after 18 days. I have carefully considered the entire evidence in the light of the circumstances of the case to find out if the Company proceeded bonafide against Surjan Singh in good faith in levelling the charge as to allegation to commit theft. This is all the more important as I find in this case that the Management held a departmental enquiry against all the three charge-sheeted persons.

Exhibit D, enquiry proceedings, show that the enquiry had been done on the 24th and 25th August From the evidence, however. I find that the enquiry was done on four days, that is 20th August 1959, 24th August 1959, 25th August 1959 and 1st September 1959. The employer then produced the typed copy of the entire enquiry proceedings which is marked as Ext. D(1).

It is necessary to examine carefully the evidence on record as adduced at the departmental enquiry to determine how far on the basis of such evidence it was at all possible to fix up the guilt of Shri Singh in the matter of commission of such an offence as levelled against him. On the first date of enquiry, i.e., on 20th August 1959, the enquiring efficer examined only Budhoo Kharia-- one of the chargesheeted persons. His evidence is to the effect that Kashi Kamar brought the chain pulley block in his hand and Shri Singh was walking behind Kashi Kamar and on instructions given by Shri Singh he wrapped up the chain pulley block in the hessian cloth, with which he was cleaning the engine and put the same inside the engine housing and locked the door of the same. He thus confessed his guilt and wanted to implicate Shri Singh as being present in the commission of the offence and also for instructing him to commit the offence. Obviously, the statement of a co-accused has got little evidentiary value as against the accused person standing trial for the same offence. It has got to be noted in this connection that in spite of such confession of guilt by Budhoo Kharia, the Management took a very lenient view against him and the only punishment inflicted upon him was in the shape of a suspension for 12 days. I am told at the time of hearing that the Managemen tfinally withdrew the order of suspension inasmuch as he was paid wages for the period of suspension. There is no carthly reason why such lenient view was taken against this workman who did all the overt acts constituting the alleged offence. Be that as it is, on the next date of enquiry, i.e., on the 24th August 1959, the Management first of all examined Shri Singh, who completely denied all konwledge about the matter of putting the chain pulley block inside the housing. It is true that the chain pulley block had been found out from the engine housing. But the whole thing is how far the evidence as adduced at the enquiry proceeding was relevant so far as the guilt of Shri Singh in the matter of comimssion of the offence is concerned. On that date the next witness for the Company examined was Jetha Rai Chowkidar, who stated that Shri Singh was present when Kashi and Budhoo wrapped the chain pulley inside the hessian cloth and put into the oil pumping engine. He simly speaks about the presence of Shri Singh at the time of the offence committed by the two oilmen. At the same time it appears that he was the particular chowkidar who first reported about the preparation for the commission of the offence of 15th July 1959 as per memo marked as Ext. A It is also significant to note that the Company did not examine this important witness before me, even though he was called as a witness. On the next date, i.e., on the 25th of August 1959, the enquiring officer again examined Budhoo Kharia. There is no reason why this man was again examined. On that date he did not state that he and Kashi put the chain pulley inside the engine under the instruction of Shri Singh. He simply stated that Shri Singh was present. His statement as to how the hessian cloth with which the chain pulley was wrapped came to his possession was different from what he stated on the previous day, i.e., 20th August 1959. Another witness for the Company examined on that date was Mangal Oran Chowkidar. He stated that looking out of the South side window of the drying room which is forty feet off from the place of occurrence he saw Budhoo and Kashi wrapping a chain pulley block in hessian cloth and

putting it into the oil pumping engine. His eviden is that Shri Singh was present when the mischi was done. He was not, however, examined at t preliminary enquiry. The next witness examin was Kashi Kamar, the other accused, who stated the Shri Singh asked him to clear up the engine roc and take away the various items therefrom and f that he took the chain pulley block to the Bla Smith Shop. He did not in any way implicate She Singh with the commission of offence. He ald did not admit his guilt. It is strange that the enquiring officer again examined Budhoo Kharia ( 1st September 1959 for the third time. It is cle from the statement of that date that it was he duty to accompany the oil pumping engine on when it was taken outside the factory compount and he always put it back in the factory compount after return from Hamiltongunj and he had no ide what he was supposed to do with the chain pulle Naturally if Shri Singh had conspired with the two oil-men for removal of the chain pulley block, he would have instructed Budhoo what was to he done after the article had been removed from th factory. It is clear from the evidence that exceptor an allegation of conspiracy there is nothin against Shri Singh to implicate him on the matte of commission of the aleged oflence as to attempt to commit theft. It has got to be noted that Shri Single was not charged with the offence of a conspiracy entered with two other persons. Even a case of conspiracy would not be built up on the strength of such evidence. In fact the entire case has been virtually built up on the evidence of Budhoo Kharia. It was entirely his duty to take the engine outside and every action in connection with the placing of chain pulley inside the engine was done by him. There might be thousand and one reason why he wanted to shift the blame upon Shri Singh When he was found out.

I am conscious of the fact that when the Manage-

mnet held a departmental enquiry before dismissing a workman, the function of the Tribunal becomes limited to the extent of finding out if there was any basic error in the departmental proceedings or that there had been any finding arrived at, entirely perverse and against the weight of evidence. To my mind it appears that the whole case was built up on the basis of the evidence of a co-accused Budho Kharia. He had been asked in a leading form questions on as many as three days so that the connection of Shri Singh with the commission of offence might be brought out. The procedure followed by the Management in examining Budhow Kharia on three occasions and utilising his evidence against Shri Singh appears to be completely against the principles of natural justice. The offence committed is of a nature punishable under the Penal Code. The Company did not take any action against the offenders by lodging a complaint to the police. Both Kashi Kamar and Budhoo Kharia had been ultimately excused even though they were found guilty. It transpires from the evidence that even after the dismissal of Shri Singh the Company, a few days after virtually recommended Shri Singh for appointment in a sister Tea Estate (vide Ext. L. dated the 25th October 1960). It is not consistent with the common course of human conduct that i responsible officer like the Manager of the Tea Estate would recommend an employee for appointment who had been dismissed on a serious charge as to attempt to commit theft. The facts and circumstances of the case indicate that Shri Singh was the stances of the case indicate the stances of the sta innocent. The evidence of the Secretary of the

n is that he was an active member of the n. No evidence was adduced challenging that tement. It is further alleged by the Union that 5. Company which was previously European naged, is now being managed mostly by Indians with the change of hands there has been a icy to dispense with the services of such people are rather highly paid. In fact, the motive find an action taken by the Management against workman remains so deep-rooted that direct dence on the point could not be available. But mitiation of service of an old employee should be ged from the standpoint of probabilities to find the truth. It has got to be seen how far it is bable that an old senior employee would be ty to an act as to secret removal of employer's perty of insignificant monetary value.

Jpon giving my anxious consideration to the its and circumstances of the case, I come to the helusion that the dismissal of Shri Singh was fust and unfair, and that the Management proded with an ulterior motive in dismissing him m service. I am satisfied that the employer did t proceed with good faith against Shri Surjan gh. He had no hand in putting the chain pulley the engine housing. I therefore direct that Shri gh be reinstated in his former post at the same 7 as he was drawing at the time of his dismissal. If Surjan Singh should be reinstated within a mth from the date of publication of the award in Official Gazette and the entire period from the c of dismissal to the date of his reinstatement unld be counted towards the length of service and should be paid half-the-wages for that period. This is the award.

An industrial dispute between Messrs. Calcutta Steel Co. Ltd., B. T. Road, Khardah, 24-Parganas, and their workmen represented by Calcutta Steel Co. Mazdoor Union, Natun Bazar, Khardah, 24-Parganas, over the following issue, has been referred to this Tribunal for adjudication, by the Government of West Bengal, Labour Department, Order No. 6771-I.R./IR/10L-169(A)/61, dated the 11th November 1961:

### Issue

 Weekly day of rest for the durwans or compensation in lieu thereof.

### AWARD

Upon receipt of the order of reference on 14th November 1961, notices were issued upon the parties for appearance and for filing written statements.

After service of notices the workmen represented by the Calcutta Steel Co. Mazdoor Union (hereinafter referred to as the Union) filed the written statement on 17th March 1962. Thereafter the employer, i.e., Messrs. Calcutta Steel Co. Ltd. (hereinafter referred to as the Company), filed the written statement on 19th May 1962 signed and verified by Shri J. P. Flaherty, the Works Manager of the Company.

The dispute came up for hearing on 13th July 1962. From the side of the Union two witnesses—(i) Shri Amal Kanti Dutta, the Assistant Secretary of the Union and (ii) Shri Ayodhya. Prosad, a durwan of this concern—were examined. No witness was examined on the side of the Company. Both parties itled some documents which are marked as exhibits, dispensing with the formal proof of the same at the consent of the parties.

After conclusion of the evidence the learned representatives of the parties advanced arguments in support of their respective contentions.

The only point for determination in this dispute is whether the durwans of this Company are entitled to get one day's rest as weekly day of rest in every week, or otherwise they should be given some monetary compensation in lieu of the same. It appears that this is an engineering concern and the production started in 1955. The factory is situated in Khardah which is about nine miles off Calcutta. This Company follows the directions as to the conditions of service of the workmen as given in the Engineering Industries awards of West Bengal. There had been, as is well known, three awards covering the engineering industries in West Bengal. By those successive awards the rates of wages, retiring benefits, leave facilities and other conditions of service of the workmen engaged in the engineering industry had been prescribed and fixed. These awards are popularly known as Omnibus Engineering Awards. The

first award was made in 1948, the second one in 1950 and the last one in 1958. The last of the series of awards was published in the "Calcutta Gazette, Extraordinary", dated the 5th November 1958. The issues covered in that award were relating to wages and dearness allowance of all categories of workmen engaged in the engineering industries. Admittedly this Company is paying wages to the workmen according to the decision of the Third Omnibus Engineering Tribunal award. By that award of 1958, the basic wages of an unskilled workman had been fixed at Rs. 35 per month in the scale of pay at Rs. 35-1.25nP./2-37.50 as prescribed for such category of workmen. For the semi-skilled workmen the scale of pay was Rs. 40-65. The wages of durwans had been fixed at Rs. 35-1-55 and generally speaking it was, more or less, in between the scales of pay of unskilled and semi-skilled workmen. It is therefore found that the durwans get better emoluments than peons, bearers and unskilled workers.

The question of leave and holidays to be enjoyed by the workmen had also been a specific point of issue to be decided by the Second Omnibus Engineering Tribunal, the award of which was published in the "Calcutta Gazette", dated the 21st September 1950. The learned Tribunal decided that the number of festival holidays should be increased to 10 from 8 and that this provision regarding 10 festival holidays should apply to all classes of employees. It may be noted that the number of festival holidays had been fixed at 8 days in a year by the First Engineering award of 1948.

Regarding leave it was provided, so to speak, that the workmen governed by the Factories Act of 1948 would get 5 or 6 days other leave with wages over and above the statutory annual leave as provided under section 79 of the Factories Act. It can therefore be said that those workmen who are governed by the Factories Act enjoy generally about 17 to 20 days leave with full pay. Admittedly the durwans who are not governed by the Factories Act enjoy 30 days' privilege leave in a year. So, in the matter of enjoyment of leave they are better placed compared to the other factory workers who are governed by the Factories Act. But at the same time they do not get any festival holidays. Nor do they enjoy any weekly day of rest. It appears that the Company gives them wages for five days at the time of Pujas as compensation for denial of the facilities of enjoying holidays. So, in the matter of enjoyment of festival holidays, they suffer financially compared to other workers who enjoy festival holidays by five days. At least the durwans are compensated by payment of full wages for five days in consideration of the fact that they are not off duty on holidays during the festival holidays. It is contended by the learned representative of the Company that the durwans enjoy better leave facilities and that should be taken as adequate compensation given to them for denial of the benefit of weekly rest. The representative of the Company placed before me the decision of a Tribunal in the case of Messrs. Burn & Co. Ltd., Howrah Iron Works, Howrah, and their employees as published in the "Calcutta Gazette", dated the 9th May 1957, wherein the claim of weekly holidays to the durwans was rejected. It appears that in the said case the durwans enjoyed very liberal facilities in the matter of privilege leave and that they also enjoyed sick leave with full pay. In this concern durwans are governed by the same rules in the matter of sick leave as the other mannual workers. In the case of Messrs. Textile Machinery Corporation Ltd., Belgharia, and their workmen, the learned Tribunal by the

award published in the "Calcutta Gazette", dated 10th March 1955, rejected the claim of weekly of rest for the employees of the Watch and v Department. But in that case it was found that t class of workmen were working in batches. Oby ly it is not always practicable, considering the na of duties performed by the durwans, to give a them a day of rest on a particular day in a week is well known that Sunday is observed as the darest in the factories of West Bengal. There are There ar all 20 or 22 durwans in the factory. Any provi for weekly day of rest must be such that it we be so regulated that it might be enjoyed by rota so that every durwan could enjoy one day's res turn. It transpires from the evidence that durwans of Messrs. Calcutta Silk Mfg. Co., Me Venestha Co., Messrs. Kusum Engineering Wand Messrs. Dalmia Iron & Steel Works get one d are engineering concerns. All these concerns situated in the neighbourhood of this fact Naturally, therefore, it strikes that when so me concerns in the neighbourhood could give a d rest in every week to their durwans, whether case of justification to make an exception, regard to such employees of this concern could made out. It is true that by the introduction ( system of giving weekly day to rest to the durwing by rotation, the Company would have to face so additional financial burden to meet the situation it would then be necessary to increase the num of durwans in the concern. But the fact remains t every workman has got the same need to enjoy so rest for maintaining his health and he must h some respite for discharging his social obligations

The question therefore is if the durwans sho get a day of rest every week or that something belthat standard should be prescribed for them.

I have already stated that in the matter of enjument of leave and also with regard to the wastructure they were better placed compared to oth workmen who do job of comparable worth and value of the chart, Ext. A.

Considering the facts and circumstances of t case, I think it would fair to prescribe that eve durwan should have an off-day, i.e., a day of rest every fortnight. According to this decision th would thus get about 26 days of rest in a year.

The Company is directed to prepare the duroster of durwans within a month from the date publication of the award so that every durw enjoys a day of rest within a period of eve 14 days.

This is the award.

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL

### Present

Shri S. N. GUHA ROY, Judge, First Industrial Tribunal.

This is a reference under section 10 of the Industrial Dispute Act made by the Government of West Bengal, Labour Department, order No. 789-I.R./IR/10L-214/61, dated the 7th of March 1962, of an industrial dispute between Messrs. Hindusthan Cables Ltd, Rupnarayanpur, Burdwan, and their workmen represented by (1) Hindusthan Cables Workers' Union and (2) Hindusthan Cables Employees' Union relating to the following issues:

- (1) Wages and pay scales;
- (2) Dearness allowance;
- (3) Overtime payment for non-factory workmen;
- (4) Duty hours and holidays for office staff;
- (5) Rent-free accommodation for sweepers, chawkidars and other class IV staff, and
- (6) Retiring gratuity.

The two Unions filed their written statements on 3rd May 1962 and the Company was directed to file its written statement on 24th May 1962 which was extended at the instance of the Company to 8th June 1962. On the 5th June 1962, however, the Company, represented by Shri Basu Thakur of Messrs. Orr Dignam & Co. and the two Unions represented by Shri Sajan Singh, Organising Secretary of the Hindusthan Cables Workers' Union and by Shri

Nikhil Deb, General Secretary of the Hindusthan Cables Employees Union, filed a joint petition before me stating that both the two Unions and the Company have come to an amicable settlement on all the issues referred to the Tribunal and Annexure "A" to this petition is a copy of the signed agreement and asking for an award being made in terms of the said agreement. I have gone through the memorandum of settlement and heard the representatives of the parties. On going through the memorandum of settlement and hearing the representatives of the parties I am fully satisfied that there has been a genuine settlement and the terms of settlement appear to be quite reasonable and fair, so that there is no reason why the Tribunal should not accept them and pass an award in terms of the same. Let an award be made in terms of the memorandum of settlement annexed to the petition of compromise as Annexure "A" and let the petition of compromise and the annexure thereto be made a part of this award.

Memorandum of settlement between the management of Hindusthan Cables Limited and its workmen as represented by the Hindusthan Cables Workers' Union and Hindusthan Cables Employees' Union.

Certarin demands had been raised by the abovementioned Unions some of which were resolved by a mutual agreement after a bipartite discussions. The rest of the demands, viz.,

- (1) Wages and pay scales;
- (2) Dearness allowance;
- (3) Overtime payment for non-factory workmen;
- (4) Duty hours and holidays for office staff;
- (5) Rent-free accommodation for sweepers, chowkidars and other Class IV staff; and
- (6) Retiring gratuity,

were referred to adjudication under the Government of West Bengal, Labour Department's No. 789-I.R./IR/10L-214/61, dated the 7th March 1962.

These issues under reference to the Tribunal were the subject-matter for discussion between the management of the Company and representatives of the two abovementioned Unions at Ranchi on the 23rd and 24th May 1962. After considerable discussions, the following agreement was reached in respect of the issues in question ad seriatim.

(1) Wages and pay scales

It was agreed that the scales of pay in respect of various categories of workmen, industrial and nonindustrial, shall be as per Annexure "A" hereto.

These pay scales shall be effective on and from the 1st April 1960, but the actual fixation on a point-to-point basis shall be with effect from the 1st April 1962. Lump-sum payments for the period from 1st April 1960 to 1st April 1962 shall be on the following basis:

(a) Where the maximum of a present grade does not exceed Rs. 100 per mensem, payment will be at Rs. 60/7 per month for the number of completed months of service as on 31st March 1962, subject to a maximum of Rs. 210.

- (b) Where the maximum of a present grade does not exceed Rs. 300 per month, payment will be at Rs. 10 per month for the number of completed months of service as on 31st March 1962, subject to a maximum of Rs. 240.
- (c) In other cases, payment will be at Rs. 80/7 per month for the number of completed months of service as on 31st March 1962, subject to a maximum of Rs. 270.

These pay sales shall be applicable to those who are in employment of the Company on the 1st April 1962.

In order to afford fair and reasonable chances of promotion to workmen from lower categories to higher categories, the management of the Company shall consider provision of larger number of posts in the higher categories, so that workmen in the lower categories are not stuck up for a long period in the absence of posts in higher categories.

Details regarding fixation of individual workmen in the scales agreed upon and anomalous points, if any, shall be decided in consultation with the representatives of the Unions.

#### (2) Dearness allowance

In addition to the wages as fixed from the 1st April 1962, workmen would be paid dearness allowance at the following rates with effect from 1st April 1962:

After the Union's written statement of claim was filed, the Company put in its own written statement. Besides challenging the Union's claim on merits, the Company also took a legal preliminary objection to the effect that the reference was incompetent, without jurisdiction and bad in law, and that the Tribunal had no jurisdiction to proceed with this adjudication by reason of a previous settlement arrived at between the parties on the 20th October 1959 in course of conciliation proceedings. My learned predecessor in office heard the preliminary objection first on 11th February 1961, and passed his orders on 21st February 1961 rejecting the objection taken on behalf of the Company, by holding that the disputes in question had not been previously settled, and the Tribunal had jurisdiction to adjudicate upon the present issue. Against that order the Company moved the Hon'ble High Court and obtained a rule in a proceeding under Article 226 of the Indian Constitution. The Hon'ble High Court of Calcutta stayed further proceeding of the reference case. Ultimately, the parties came to terms, and an amicable agreement was reached, and a petition of

compromise was filed by the parties in the Hon'ble High Court. The matter was thus disposed of or compromise.

Next, the Labour Department of the Governmen Next, the Labour Department of the Government of West Bengal returned the case record to the Tribunal with a copy of the terms of settlement Subsequently, Shri J. K. Ghosh, Advocate for the Company, filed a certified copy of the Hon'ble Court's order with schedule containing the terms of settlement in this Tribunal for the number of force settlement in this Tribunal for the purpose of final disposal of the reference case here. I heard both parties' representatives on this point, and have gone through the Hon'ble Court's orders including the schedule which embodied the terms of settlement. Accordingly, I pass a compromise award in this case in terms aforesaid, and the Hon'ble Court's orders inclusive of the terms of settlement shall form part of this award and be made Annexure to this award. By order No. 1354/I.R./IR/10L-161/59, dated the 30th March 1960, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Saxby & Farmer (India) Private Ltd., 17 Convent Road, Calcutta-14, and their workmen represented by the Saxby & Farmer Mazdoor Union, 17 Convent Road, Calcutta-14, regarding the matter specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, by-notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

### Issue

Bonus for the accounting year ended 30th June 1959 payable in 1959.

The reference relates to an industrial dispute in respect of claim of bonus for the accounting year ended 30th June 1959 payable in 1959 existing between Messrs. Saxby & Farmer (India) Private Ltd., 17 Convent Road, Calcutta-14 (hereinafter be

referred to as the Company) and their work  $m_t$  represented by the Saxby & Farmer Mazdoor  $U_{nj}$  (hereinafter be referred to as the Union).

Immediately after receipt of the reference notice were sent out for service upon both parties wentered appearance in time and filed their respitive written statements but initially neither pacomplied with the procedure regarding product and inspection of documents despite orders to a effect. Subsequently, however, the Union filed affidavit before this Tribunal on 23rd December 10 calling upon the Company to produce cert documents which may be required for determine the available surplus. The Company filed counter-affidavit. The matter was heard at len and an appropriate order was passed on 12th 1961, and both parties were directed to subtheir respective calculations of available surplus profit in respect of the accounting year ended 30th June 1959. The order was complied with the parties. The case was finally taken up hearing. The union tendered only one with and no documentary evidence, whereas the Company examined three witnesses including an expert a tendered various documents into evidence.

In short the union's case in the written statem is that the Compony is a top-ranking engineer unit with sound financial position and earning h profit year after year. The Company was pay bonus almost regularly before the puja every you but at different rates. Bonus was paid up to year 1958. But in the year 1959, the unidemanded that bonus should be paid by Company which must be equivalent to one dabasic wage for every two days' earnings. To Company did not agree to pay at the rate claim. The dispute was taken up by the Labour Commissioner for conciliation but in the meantime of Company issued a notice on 23rd September 15 offering advances. The Union with a view to avoindustrial unrest, advised the workers to accept advance without prejudice to the claim of bom The workmen accepted the advances pending tadjudication of the dispute.

The Company in its written statement does a admit its sound financial position as alleged by t Union, but has contended that this concern mainly engaged in the manufacture of signal a vacuum brake equipments for the Indian Railway and the Company earned moderate profit and heen working on a large bank overdraft. It admitted by the Company that in 1947 it had pay one month's basic wages as bonus under dure and in other years also bonus was paid on trading profits of the business, but in 1948, 1949 at 1952 bonus had to be paid in terms of awar Company admits that in 1959 finally no bonus was paid to the workmen who having refused to acce two months' basic wages as bnous offered by the Company. However, the Company made advantagements to the workmen in terms of a notice, date 23rd September 1959, subject to the condition specified therein. The Company has contended that the trading results of the relevant year do not warrant payments of bonus to the workmen in vicof the fact that there will be left no available surplus after meeting the prior charges including the charges for rehabilitation, replacement amodernization of the plant and machinery and fair returns on paid up capital and reserves used as working capital, depreciation and income-tax.

### Decision

The issue formulated in the order of reference elates to claim of bonus for the accounting year nded 30th June 1959 payable in 1959. Presumably t is profit bonus. The union admits this fact and lear indication thereof is also evident from the mion's affidavit filed before this Tribunal on 23rd prior charges under the formula". Subsequently, never both parties have filed their respective nowever, both parties have filed their respective alculations of available surplus according to Full 3ench Formula. The Union, of course, in its written tatement has contended regular payment of bonus y the Company every year before the puja, and as such, it is claimed to be customary bonus. This contention was urged by the Union's representative at the earliest stage of the case when both parties were heard at length on this point, and a decision was given earlier by order No. 21, dated 12th July 1961. The Union's contention was rejected in view of the admitted position that the payment of bonus was made not at a uniform rate throughout. It was laid down in the case of Graham Trading Company (India) Ltd. reported in 1959, Vol. II, L.L.I. 393, that one of the four tests for determining whether the puja bonus has acquired the character of customary or traditional bonus or not with-any particular concern is whether the payment of the illeged bonus has been made at a uniform rate throughout to justify the inference that the payment of such rate had become customary and traditional in the particular concern. That condition was lacking in the instant case. Therefore, both parties proceeded on the assumption of profit bonus and accordingly filed their respective calculations to determine the available surplus to the Full Bench Formula.

The basic concept of bonus is that its payment depends on surplus of trading profit available according to the Full Bench Formula evolved in Bombav Mill Owners' Association case (1950 Vol. II, L.L.J. 1247.) In Burn Company's case (1957, Vol. I. L.L.J. 226), the Hon'ble Supreme Court held that in law the claim for bonus would be admissible only if the business has resulted during the year in question in sufficient profits. It was also held in that case that the reason for the grant of bonus is that workers should share in the prosperity to which they all have contributed, and as such all of them would have the right to participate in it. The Union claims bonus for the workmen for a particular year in question. Therefore, the onus is always upon the workmen to make out a case for bonus. they must show after meeting the prior and another necessary charges and the payment of dividend on the paid up capital and return on the reserves employed as working capital, sufficient surplus is left, out of which bonus can be paid (1953 Vol. II, L.L.J. 858). In order to justify a claim for bonus two conditions have to be fulfilled as laid down by the Honble Supreme Court in the Minr Mills Case the Honble Supreme Court in the Miur Mills Case reported in 1955 I L.L.J., 1. These conditions are:

(1) The wages paid to the workmen must fall short of the limit of the lim of the living standard, and (2) the industry must make profit, part of which are due to the contribution whi bution which the workmen make in increasing the

production. The same principles have been further reiterated and the subject of profit bonus has been elaborately and exhaustively dealt with by the Hon'ble Supreme Court in a later case of the Associated Cement Company reported in 1959 (I) L.L.J. 644. Therefore, the formula for awarding bonus to workmen is based on two considerations: First that the labour is entitled to claim a share in the trading profits of the industry because it has partially contributed to the same and second that the labour is entitled to claim that gap between its actual wage and living wage are within reasonable limits be filled up. It is undisputed in the present case that the level of existing wages is far below the living standard. The Company admits to have paid bonus to the workmen almost regularly prior to the year in question but the rate was not uniform. It was dependent upon the trading results of each of the years. According to the Company the trading results of the year 1958-59 ending with 30th June 1959 do not warrant payment of any bonus to the workmen in view of the fact that there will be no available surplus left after meeting the various items of prior charges including charges for rehabilitation, replacement and modernization, etc. (Vide paras. 7, 8 and 9 of the written statement).

It is wellknown that the profits bouns was evolved by the Labour Appellate Tribunal in the case of Mill Owners' Association, Bombay vs. Rashtriya Mill Mazdoor Sangh [1950 (II) L.L.]. 1247]. The formula that was evolved by the Full Bench is known as Full Bench Formula which provided for arriving at the available surplus after meeting prior charges, namely, (1) depreciation, (2) taxes, (3) return on paid up capital, (4) return on working capital and (5) rehabilitation. The formula further dealt with the claim for bonus on the basis that the relevant year is a self-sufficient unit. Appropriate accounts have to be made in respect of the said year. Finally, it was pointed out that it was only after the prior charges had thus been determined and deducted from the gross profits that the available surplus could be ascertained for payment of bonus, and when the available surplus had been ascertained, there were three parties entitled to claim shares therein, viz.—

- (1) labour's claim for bnous,
- (2) industry's claim for the purpose of expansion and other needs, and
- (3) the shareholder's claim for additional return on the capital invested by them.

It would thus be clear that the essential concept of profit bonus is that there should be an available surplus determined according to the Full Bench Formula. If there be no such available surplus for distribution there can be no case for payment of profit bonus. (1961 L.L.J. Vol. I 521).

The working of the Full Bench Formula begins with the figure of gross profits taken from the profit and loss account which are arrived at after payment of wages and dearness allowance to the employees and other items of expenditure. As a general rule, gross profits appearing at the face of the statement of profit and loss account should be taken as the basic figure while working out the formula. In the present case the Company has placed before the Tribunal a copy of the balance sheet. The amount of gross profit is found to be Rs. 7,96,619 from the profit and loss account. This amount is not

disputed by the Union. This amount was described as gross profit of the year in the statement of calculations submitted by the Company and the union has described the same in its statement as net profits. From the gross profits the Company has deducted an amount of Rs. 38,016 on account of non-trading profit, and a further sum of Rs. 3,343 on account of excess provision for doubtful debts. The Union has objected to the deduction of both these items from the gross profits. As to the non-trading profit it is in the evidence of Company's witness No. 1 Shri J. N. Maitra who is the Deputy Secretary of the Company and in charge of accounts, that the Company derived a profit of Rs. 38,016 by sale of capital assets like plant and machinery. it was called a non-trading profit and as such it was deducted from the gross profits as it was unconnected with the efforts of the workmen. The Union objected to the deduction of this amount from the gross profits but there was no substantial ground for the objection. On the other hand, in Tata Oil Mills Co.'s case (16 F.J.R. 349) it was held by the Hon'ble Supreme Court that the income arising out of sale of fixed or capital assets be treated as extraneous income for the purpose of the formula. Therefore, the Union's contention is rejected.

As to the other amount under the head "Excess provision for doubtful debts" it appears from the profit and loss account that it was excess provision for doubtful debts in previous years written back. No serious objection was raised to this small amount being deducted from the gross profits as done by the Company.

Thus the gross profit is reduced to Rs. 7,55,260. To this amount has been added back several items. Under the read "depreciation charges" an amount of Rs. 3,14,000, as will appear from the income-tax assessment certificate Ext. 3 and also from the copy of the profit and loss account for the year ended 30th June 1959, has been taken. The Union does not dispute this amount. The next item added to the gross profit is the bonus paid for the previous year amounting to Rs. 6,85,927. The next item is and subscription ammounting gratuities Rs. 10,538 and the fourth item is the provision for taxation amounting to Rs. 6,24,675. The Union does not arise any objection to these items. On the contrary, admits them in toto as will appear from the Union's statement of calculation of available surplus filed on 6th August 1961. The Union's representative filed another revised calculation of available surplus according to the Full Bench Formula very late sometimes after the close of the case when the award was being dictated by this Tribunal. Along with that statement the Union filed written arguments afresh but copies of these documents were not furnished to the Company. Therefore, these papers have simply been kept with the record after showing them to the Company's representative Mr. J. N. Chatterji who having raised objection to their acceptance at such a late stage. I have just looked into the revised calculation of available surplus which shows that according to the Union the available surplus would be 14.94 lacs. The earlier calculation filed before the conclusion of hearing of the case shows that the available surplus according to the Union would be 17.73 lacs. It may be mentioned here that in both these calculations the Union has altogether avoided rehabilitation cost and return on reserves employed

as working capital. In the earlier calculation the Union further avoided to deduct notional normal depreciation amount. In both the statements of calculations filed by Union there is no dispute as to the four items added back by the Company. Besides these four items the Union claims to add back bad debt amounting to Rs. 6,000. But it is in the evidence of the Company's witness No. 1 Shri J. N. Maitra who is the Deputy Secretary of the Company and in charge of the accounts that the Company actually suffered during the year in question bad debts amounting to Rs. 6,759. He has not been cross-examined by the Union on this point. It was held in the case of Ganesh Flour Mills (1961 I L.L.J., 415) that bad and irrecoverable debts in the accounts of the year in question would not be added back for the purpose of determining available surplus. Therefore, the Company has rightly refused to add back this amount of bad debt. The next item is pension to former Directors amounting to Rs. 34,000 which the Union insisted on being added to the gross profits. But the Company claimed this item as a permissible expenditure. Another item is excess provision for Directors amounting to Rs. 1,20,000.

As regards the pension to former Directors the Company has produced before this Tribunai two resloutions of the Board of Directors (Exts. B and B/1) to support granting of pension to two former Directors. The Company has produced another paid salaries amounting to Rs. 1,69,455 ir accordance with the terms of appointment of the Managing Director and other Directors Managing Director and other Directors of the Company. It appears from the balance sheet that this amount was paid to the sheet that this amount was paid to the Managing Director and other Directors as their salaries. The Union has shown in their calculation of available surplus an item of excess provision of Director amounting to Rs. 1,20,000 for being added back to the gross profit. But this excess provision for Director is not provided for anywhere in the balance sheet. Therefore, the Union's claim to addition of this fictitous amount must be rejected. The amount of Rs. 34,000 which was paid as pension to the former Directors also cannot be added back because that payment was made to fulfil the contractual obligations of the Company. are two resolutions (Exts. B, B/1) of the Board of Directors sanctioning the said payment, and it was not at the same time objected to by the Income Tax Authorities. This amount was not taken into account for the purpose of assessment by the Income Tax Authorities as is evident from the income tax certificate (Ext. C). The said amount is, therefore, being commercially justified as per resolutions of the Management cannot be added back to the gross profit. In support of this view, reliance may be placed on the decision of the Hon'ble Supreme Court in the case of Crompton Parkinson (Works) Private Ltd., Bombay, reported in 1959 II L.L.J., 382. Therefore, the total gross profit is found to be Rs. 23,90,400 as has been calculated by the Company [vide Exts. F, F(1)].

Coming to the prior charges to be deducted from the gross profits I find that there is practically no dispute as to the amount of notional normal and multiple shift depreciation. The Company has submitted a statement showing details of calculation of normal and multiple shift depreciation (Vide Ext. C/1). The Union has not challenged the state

ment. On the contrary, it has accepted this amount as the normal depreciation in the statement of revised calculation of available surplus and filed before the Tribunal after the close of hearing of the case, and which has been kept with the record. The income tax certificate (Ext. C) will also show that this amount was allowed by the Income Tax Authority as the normal depreciation in exclusion of the development rebate. I find nothing wrong in the calculation. Therefore, this amount of prior charges be deducted from the gross profit amount.

The next item of prior charge is the Income Tax. According to the Company's calculation it is Rs. 8,99,000 and odd. whereas according to the Union it will be Rs. 6,66,000 as per calculations filed. The total gross profit is found to be Rs. 23,90,400 and the Company has calculated the Income Tax as per statement which is Annexure A to the written statement. It is well-settled that the moome tax amount to be calculated according to the decision in the Meenakhi Mills Case [1958(1) L.I.]. 239]. It was held by the Hon'ble Supreme Court in that case that "in determining the amount of income tax payable during the bonus year, the further depreciations permissible under the Income Tax Act should be taken into account". Therefore, from the above amount of the gross profits to be deducted the total statutory depreciation including the development rebate amounting to Rs. 3,90,989. Income Tax is calculated at the rate of 45 per cent. On the balance amount of Rs. 19.99,411, and we get the figure of Rs. 8,99,734. This amount of prior charges be again deducted from the gross profits. Thus the gross profit is reduced to Rs. 12,11,339.

The next item of the prior charges is the return on the paid up capital. In this case the paid up capital is admittedly amounting to Rs. 25,00,000. There was no controversy on this point. The Union has calculated return on this amount at the rate of 6 per cent. per annum, whereas the Company has calculated at the rate of 8 per cent. per annum. The Company's contention is that the dividend was income-tax-free prior to 1959 but from the year 1959 meome tax is levied on this amount as well. Section 18 of the Income Tax Act has been amended ov Section 9 of the Finance Act 1959. The new sub-sections 3D and 3E provide for deduction of mecome tax on payments of dividends to share-holders. Therefore, there is justification for claiming higher rate of return than 6 per cent. per annum 18 was usually awarded prior to the enactment of the Finance Act of 1959. The Company has the Finance Act of 1959. The Company has claimed interest at the rate of 8 per cent, per annum but in support of which the Company could not myoke any authoritative decision on this point. It has relied on an arbitration award given by Shri M. R. Meher and published in the "Maharashtra Government Gazette", dated 22nd December 1960, at page 3267. In that award the interest has been conceded at the rate of 7½ per cent, per annum. In view of the new provision in the Finance Act I am. view of the new provision in the Finance Act I am, of course, inclined to consider this claim of the Company but not to the extent asked for. In my considered opinion it may be allowed at the rate of 7 per cent. per annum on the paid up capital amounting to Rs. 25,00,000. So, the amount of prior charge on this head comes to Rs. 1,75,000.

The next item of prior charge claimed by the Company is interest at the rate of 4 per cent. on the reserves used as working capital. The amount of

reserve so used is said to be Rs. 60,00,000. This will appear from the balance sheet which will show that at the beginning of the year there was appropriation of this amount. The Company's contention is that this amount was utilised for the purpose of the business during the year. The Union has enallenged this fact and on this point the Company's witness Shri Maitra was cross-examined at length. His evidence is that at the beginning of the year in question the Company appropriated the general reserves amounting to Rs. 100 lacs only and for the purpose of calculation no other reserve has been taken into account. According to him this amount of general reserve was utilised in the business. He, of course, could not satisfy on what particular items the said amount was expended. It is evident from his cross-examination that the said amount was expended in the ordinary course of business. It is, of course, some what difficult to point out the specific heads on which this amount was spent. But that does not mean that the said amount was lying in the hands of the management. Had it been so, the Company would not have gone for incurring over-draft almost regularly month after month as will appear from the Bank's statement of account Annexure A/1 and also from another statement of Stock and Book Debts as sent to the Llyods Bank Ltd. which is also Annexure A/1. Moreover, on scrutiny of the balance sheet it does not appear that there was any substantial amount of idle money in the hands of the management. The correctness of the two statements which are Annexures A/1 has not been questioned by the Union. Therefore, I am inclined to hold that the general reserves amounting to Rs. 60 lacs were utilised by the Company as working capital and as such the Company is entitled to reasonable return on this amount. The Company has claimed at the rate of 4 per cent. but the Union has pleaded that this should be at the rate of 2 per cent. only. The Full Bench Formula provides cent. only. The Full Bench Formula provides generally for payment of interest at 2 per cent, on the working capital as has been observed in the Associated Cement Company's Case at page 666 (1959 L.L.J. I 644). Calculating the return at hhe rate of 2 per cent. per annum on the general reserves used as working capital amounting to Rs. 60 lacs the amount of prior charge of this head is found to be Rs. 1,20,000. This brings the total to Rs. 2,95,000 being the amount of prior charges by way of return on the paid up capital and on the working capital.

The next item of prior charge is the rchabilitation cost. It is now well-settled by series of decisions of the Hon'ble Supreme Court that the burden of proving what amount, if any, should be allowed as rehabilitation cost is on the employer and this burden has to be discharged by adducing proper evidence and giving the other party an opportunity to test the correctness of the evidence by cross-examination. The Company, therefore, has to prove the price of plant and machinery, the period during which it requires replacement, the cost of replacement, the amount standing in the depreciation of reserve fund and to what extent the fund at his disposal to meet the cost of replacement. To discharge that onus the Company has not only produced the copy of the balance sheet of the relevant year but also a few detailed statements regarding computation of rehabilitation of plant and machinery. The Company further produced before the Tribunal the price quotations received from

different machine manufacturing firms and also its plant register. The Company also examined two witnesses including an expert who happens to be the Production Manager of the firm. The Company has claimed rehabilitation charges amounting to Rs. 21,54,034 which amount was found after deducting from total rehabilitation charges an amount of Rs. 1,22,596 as the depreciation amount for the said year as will appear from the statement Ext. E/1. It has already been found that there remains balance of gross profit amounting to Rs. 9,16,339 after meeting the other prior charges excepting the rehabili-tation charges. The amount of rehabilitation charges as claimed by the Company far exceeds the balance of gross profit in hand. Undoubtedly, the item of rehabilitation is generally a major item of that enters into calculation for the purpose of ascertaining the surplus and, therefore, the amount of bonus. So, there would be a tendency on the part of the employer to inflate this figure and the employees to deflate it. (1960 L.L.J. Vol. I, 541). The Company has divided its entire plant and machineries into four categories of blocks according to their years of purchase. The first category consists of blocks purchased up to the year 1939, the second purchase between 1940 and 1946, the third purchase between 1947 to 1953 and the last purchase between 1954 to 1959. In column 2 of the statements No. A (Annexure B/2) which give the original costs of the said categories. Column 3 gives the multiplier. Column 4 gives the total amount of present price. Column 5 gives the breakdown value of the plant and machinery calculated at the rate of 5 per cent. of the cost price of the block. Column 6 gives the balance after deducting the breakdown value from the total cost price. In Column 7 is given the residual useful life in years and in the last column is given the annual replacement cost.

Regarding the replacement cost of pre-1939 block the Company has applied the multiplier 5.1. The Union has raised serious objection to the using of plant and machineries purchased prior to 1949.

Union's allegation is purposely retained old plant and machineries our machineries which higher in the multiple of the plant and machineries which was a supplication of the machineries which was a supplication higher is the multiplier. Industry is, therefore, tempted to keep its own machineries alive with a view to claim a higher multiplier which gives it a larger amount of rehabilitation expenditure. (1959 I L.L.I. 644). The Union has referred to the above decision of the Hon'ble Supreme Court but it has failed to establish that pre-1939 plant and machineries are of no use or have not been rendering any useful service. On the contrary, the evidence of Mr. Miles Paine, the Production Manager of the Company, is that the pre-1939 plant and machineries have been rendering useful services even now, and they are being profitably used. This witness jonied the firm as Technical Advisor to the Managing Director and before that he was Production Engineer of Wasting House to the Brake and Signal Companies in England, of which the present concerns a subsidiary firm. He is respnosible for mainenance of machineries and is also advisor to the loard of Directors of Institution of New Machineries. In respect of the pre-1939 block the lompany has applied the multiplier 5.1, to which as I have already observed, the Union has raised serious objection. The Union has contended that

this pre-1939 block should have altogether been discarded but as I have already observed, Union could not establish satisfactory ground to support the contention.

The next contention of the Union was that the multiplier applied by the Company was very high and it referred to the case of Associated Cement Companies in which the multiplier applied was 3.5. The plants and machineries involved in that case are used for cement industry and there is no evidence to show whether the plant and machineries used by the present industry are of identical varieties with the present industry are of identical varieties with those used in cement factories or are of completely different nature in respect of their longivity, durability and capacity to work with precision. However, even assuming that the multiplier should be 3.5 in respect of pre-1939 blook as contended by the Union it will be of little assistance because even in that once the not result will be a big defoit. The in that case the net result will be a big deficit. total original cost price is found to be Rs. 3,68,109. Applying the multiplier 3.5 we get the amount of Rs. 12,88,381. Deducting therefrom 5 per cent. breakdown of the original cost the balance is found to be Rs. 12,60,976. To this amount be added the to be Rs. 12,69,976. To this amount be added the annual replacement cost in respect of three other blocks. According to the Company's computation the total amount in respect of the other four blocks is Rs. 94,857. The Unoin has contended that useful life should be more or in other words, it claimed higher divisor but there is no evidence to justify a higher divisor than 20 years. There is the evidence of D.W. 2 Mr. Miles Paine on this point which is found to be convincing. Therefore, I hold that the Company has rightly adopted the divisors on the basis of 20 years' useful economic life. So, the total rehabilitation charge is found to be Rs. 13,64,833. The balance of the gross profit in hand as already found, was Rs. 9,16,339. So, the result is a deficit of several lacs of rupees and as such no bonus claim be entertained by the Company for the relevant year. It may be noted here that the Company has been paying a little over 2 lacs of rupees per month to their workmen and staffs as basic wages and salaries as will appear from the statement Ext. D. which fact is not challenged or disputed by the

In veiw of the above findings the workmen are not entitled to receive any profit bonus for the accounting year ended 30th June 1959 payable in 1959.

A chart showing calculations of the available surplus according to the Full Bench Formula is made an Annexure A to this award.

This is my award.

Whenever any land is held jointly by two or more persons, whether as owners or occupiers of that land, such persons shall be held jointly and severally liable for carrying out any measure ordered in a notice under these regulations, and the names of any one or more of such joint holders may be entered upon such notice at the discretion of the Health Officer and the Health Officer shall not be bound to enter the names of all the joint holders in the notice.

#### **Notices**

- 3. If in any case the Health Officer considers that the issue of a notice under these regulations is likely to lead to such an amount of delay as might facilitate the spread of cholera he may forthwith take such step as he may think fit for carrying out the work, and shall thereafter, as soon as possible, issue a notice on the person concerned stating the reason why such work has been carried out.
- 4. If any measure which the Health Officer has, by a notice issued under these regulations, required to be carried out, be not carried out to his satisfaction within the time stated in the notice, the Health Officer shall be entitled to carry out the measure.

#### Costs and compensation

5. (1) All expenses incurred in carrying out any work in pursuance of any order issued under these regulations shall be paid by the State Government except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by that person:

Provided that where the conditions, which led the Health Officer to pass such an order, are not attributable to any act or default of the persons in possession of the property, the State Government may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

- (2) The State Government may recover all expenses incurred by the Health Officer in carrying out the measure under regulation 4 from the person or persons to whom the notice was originally issued.
- 6. The State Government shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

Provided that no person shall receive any compensation for anything done, or suffered under these regulations, if he has failed to carry out an order issued under these regulations within the time specified in the order and to the satisfaction of the Health Officer.

#### West Bengal Ordinance No. VII of 1962

THE WEST BENGAL  $BHUDAN\ YAGNA$  ORDINANCE, 1962.

WHEREAS it is expedient to provide for dealing with lands donated by people in pursuance of *Bhudan Yagna* as initiated by Acharya Vinoba Bhave and matters ancillary thereto;

AND WHEREAS both Houses of the Legislature of West Bengal are not in session and the Governor is satisfied that circumstances exist which render it necessary for her to take immediate action;

The Governor is pleased, in exercise of the power conferred by clause (1) of article 213 of the Constitution of India, to make and promulgate the following Ordinance, namely:—

Short title, extent and application.

- 1. (1) This Ordinance may be called the West Bengal Bhudan Yagna Ordinance, 1962.
  - (2) It extends to the whole of West Bengal.
- (3) It shall apply to such area or areas with effect from such date or dates as the State Government may, by notification in the Official Gazette, specify in this behalf and different dates may be specified in respect of different areas.

Definitions.

- 2. In this Ordinance unless there is anything repugnant in the subject or context,—
  - (1) "Bhudan Yayna" means the movement initiated by Acharya Vinoba Bhave for the encouragement of voluntary donation of land for distribution to landless persons;
  - (2) "Board" means the West Bengal Bhudan Yayna Board constituted under section 3;
  - (3) "land" means land used for purposes of agriculture or horticulture or purposes incidental thereto, and includes waste land;
  - (4) "landless person" includes a person owning land not exceeding such limit as may be prescribed;
  - (7) "prescribed" means prescribed by rules made under

The West Bengal Bhudan Yagna Ordinance, 1962.

(Sections 3-6.)

Establishment and incorporation of Bhudan Yagna Board.

- 3. (1) The State Government shall, by notification in the Official Gazette, establish a Board to be called the "West Bengal Bhudan Yagna Board" consisting of such number of members as it may think fit for carrying out the purposes of this Ordinance.
- (2) The Board shall be a body corporate having perpetual succession and a common seal, with power to acquire, hold and dispose of property, both movable and immovable, and to enter into contracts and to do all acts necessary and consistent with the purposes of this Ordinance and shall sue and be sued by the name referred to in sub-section (1).

Staff and fund of the Board.

- 4. (1) The Board shall appoint a Secretary and such other staff as it may consider necessary for carrying out the purposes of this Ordinance on such remuneration and on such terms and conditions as may be prescribed.
- (2) The Board shall have a fund to be called the "West Bengal Bhudan Yagna Fund" and all monies received by the Board on any account whatsoever shall be credited to, and all expenditure incurred by the Board shall be paid out of, such fund.
- (3) The accounts of the West Bengal Bhudan Yagna Fund shall be kept and audited in such manner as may be prescribed.

Particulars of donated land to be furnished to Board.

- 5. Any person donating any land in pursuance of Bhudan Yagna shall furnish to the Board all particulars in respect of such land specifically mentioning,—
  - (a) the right, title and interest of such person in the land,
  - (b) the nature and extent of encumbrances, if any, to which the land is subject, and
  - (c) whether any rent, revenue, cess or tax in respect of the land is outstanding or not.

Vesting order.

- 6. (1) On receipt of the particulars referred to in section 5, the Board shall refer the same to an Officer having jurisdiction over the area in which the land concerned is situated specially appointed by the State Government in this behalf and thereupon the Officer shall, if he is satisfied, after giving, in such manner as may be prescribed, public notice of his intention so to do, and after making such enquiry, if any, as he may think fit, that the donor has good title to the land and that the land is free from encumbrances, make a vesting order, and shall, after the expiry of the period of appeal or, if an appeal be filed, after the disposal thereof confirming the vesting order, send such vesting order to the Registering Officer having jurisdiction over the area in which the land is situated for registration thereof.

#### REPORT

By the Government of West Bengal, Labour Department, order No. 3126-I.R./IR/7L-27/58, dated the 25th July 1958, a matter which appeared to be connected with and relevant to an industrial dispute between Messrs. North Brook Jute Company Limited and Dalhousie Jute Mill, both situated at P.O. Baidyabati, district Hooghly, and their workmen represented by National Union of Jute Workers, Dalhousie, and North Brook Branch, Champdany, P.O. Baidyabati, district Hooghly, and which was referred under section 10(1)(b), Industrial Disputes Act, for inquiry to a Court of Inquiry consisting of Shri M. C. Banerjee, Judge, First Industrial Tribunal, constituted under section 6(1) of the said Act. The matter referred for inquiry as given in the schedule was as follows:

#### Schedule

Whether the termination of employment of women workmen in the two abovementioned concerns in the months of February and March 1958 was a result of voluntary resignation or of resignations obtained otherwise to enable the Management of the above two concerns to replace women wirkmen by male workmen?

Before Shri M. C. Banerjee both the parties appeared and filed their written statements. Thereafter, Shri Banerjee took up the inquiry. He examined some witnesses and admitted some documents in evidence. Thereafter, his services ceased to be available, and in these circumstances, by a fresh order of the Government of West Bengal, Labour Department, No. 189-I.R./IR/7L-60/61, dated the 17th January 1962, I was appointed as the Court of Inquiry in place of Shri Banerjee. This appointment was made under section 8 of the Industrial Disputes Act. I took up the inquiry from the stage where it was left by Shri Banerjee. Some further witnesses were examined before me and some documents were also exhibited. Arguments of both parties were also heard.

The matter for inquiry has already been recorded above. Before stating the respective cases of the parties in regard to the precise matter in dispute, I would record some undisputed facts which constituted the background of the termination of the services of the concerned workers. The two concerned jute mills introduced a scheme of rationalisathe mills. The main feature of the scheme was that instead of working on two shifts, the mills began to work on three shifts, A, B and C. The C shift was the newly introduced night shift. As a result of working on three shifts, the more consists workload was increased. The the per capita workload was increased. The introduction of the new scheme of rationalisation and modernisation was completed by December 1957. The introduction of the new scheme raised some trouble between the Management and the workers. There was cessation of work on 16th December 1957 and then the Company closed the mills. In these circumstances, an agreement was arrived at between the two mills and their workmen represented by the concerned Union on 19th December 1957. It was provided inter alia in that greement that "no permanent workman shall be diversely affected as a result of implementation of he rationalisation programme. If Management

fails to provide alternative employment to worker on the same or higher wages, the wo shall be entitled to receive full retrent compensation as per Industrial Disputes At other dues. The workman will be free to alternative employment at reduced wages instructive retrenchment."

In the aforesaid undisputed background concerned Union has pleaded the following of regard to the matter under inquiry. In violate the terms of the aforesaid agreement, the two cerned mills wrongfully terminated the emploof 252 women workers during the mont February and March 1958 and fraudulently profrom them letters of resignations without them understand the real import of such letter without even paying them their statutory. The names of the workers whose employmenterminated in the aforesaid manner could fully secured by the Union and the Jute Millederned failed to furnish all the names insprepeated requests by the Union. The Union such names as could be procured by it in the made Annexure A to its written state Subsequently, some further list was submitted the Union.

The Indian Jute Mills Association represe both the jute mills concerned, has filed a w statement in reply to that of the Union. relevant and precise case of the jute mills in r to the matter in dispute may be briefly summ; as follows. There was not a single terminate service of any permanent worker by the jute as a result of rationalisation and the Union's plaint about non-implementation of the agree referred to by it, and the alleged fraudulent ten tion of service of some women workers are and baseless. The concerned Union of this does not represent the majority of the worke the two mills. There are two other Unions. Hooghly Zilla Chatkal Mazdoor Union and B Chatkal Mazdoor Union, and they claim to followings amongst the workers of the r These other Unions made representations to jute mills demanding that the mills should not down the applications for retirement by wo workers but should forthwith accept such resi tions and arrange for the payment of their re dues. Thus, the resignations of the women wo of the mills were all voluntary and the Managen had to accept these voluntary resignations in ' of demand for acceptance of the resignations by other two Unions. The number of such resu tions is far less than what has been stated by concerned Union in its written statement. women workers concerned brought their resignation letters with them. All the resignal letters were witnessed by Works Commit members or other workers of the two mills.

I have set out above the cases of the par according to their respective written statements.

The undisputed basic fact is that quite a lanumber of female workers of the two mills smitted written resignations in February and Ma 1958. In paragraph 2 of the written statement the workmen, it is admitted that letters of resign tion were submitted, but it is at the same the pleaded that the letters were "fraudulently pleaded that the letters were "fraudulently cured" without letting them unders.

the real import of such letters and without even paying them their statutory dues". It will be seen, therefore, that the case put forward on behalf of the workers in the written statement is that the letters of resignations were obtained fraudulently. It is not at all pleaded that the letters of resignation were procured by force. There is certainly some difference between "fraud" and "force". In the evidence, however, almost all the female workers who have been examined, have clearly stated that their letters of resignation were taken by force and they were made to put their thumb impressions in the resignation letters by use of force and it was the Labour Officer himself who used such force. So, there is glaring discrepancy between pleading and proof as to the manner in which these resignation letters were procured. This discrepancy goes strongly against the case of the workers, who are found to have come with evidence inconsistent with their case in the written statement. It may be said that there is practically no evidence of fraud in relation to the resignation letters of the female workers and the whole evidence relates to use of force in procuring them. O.P.W. 5, Shri Satyabrata Chowdhury was the Labour Officer of North Brook Jute Mills at the relevant time. He has, however, stated that he went away on leave on 15th February 1958, and returned from leave on 15th April 1958, and on 14th February 1958 only the resignation letter of Chamelia was submitted to him. Chamelia is the mother of O.P.W. 2, Shri Ranjit Prosad Verma, who was then employed as a clerk in the North Brook Jute Mills. He has proved that he got his mother to resign her service in the mills and it was a voluntary resignation. This Labour Officer had nothing to do with the other resignation letters of female workers of North Brook Jute Mills during the period in question, because he was on leave then. So, the general and vague evidence of the workers of the North Brook Jute Mills that the Labour Officer forcibly took their thumb impressions cannot be believed. O.P.W. 6, Shri Makhan Lal Mukherjee is the Labour Officer of Dalhousie Jute Mills. He was the Labour Officer during the period in question. He has categorically denied that he applied force to any woman worker for taking resignation. So, on the point of use of force for the purpose of securing resignation letters from the concerned women workers, the evidence on the side of the workers consists of the testimonies of some individual workers without any corroboration from any other source and the evidence on the side of the jute mills consists of the testimonies of the two Labour Officers who are the most competent witnesses on this point and against whom the charge of using force has been levelled. The evidence is practically oath versus oath. After giving careful consideration to the whole matter, I prefer to accept the oath of the two Labour Officers of the jute mills. Their testimonies are supported by some other facts and circumstances which have appeared from the evidence. I will now proceed to discuss these facts. One of the concerned workers examined on behalf of the workers, P.W. 15, Shrimati Talari, has clearly admitted in her evidence that no force was used upon her in the matter of taking her thumb impression in the letter of resignation. The two resignation letters, Exts. O and O(1), have been Proved to be in the handwriting of Shri Ram Bhattachariee, Secretary of the National Union of lute Workers, which is representing the workers in

the present case. O.P.W. 1, Mr. L. A. Craven, the Chief Labour Officer of the two mills, has proved this. This fact is very significant because it goes to show that an important Union official was helping in the resignations by writing the resignation letters. This necessarily rules out use of force or fraud in procuring the resignation letters. It has also been proved that many of the resignation letters were attested by members of the Works Committee, who were elected by the workers, or some other members of the Umon. O.P.W. 3. Shri Protap Singh, who is now a Vice-President of the Works Committee, attested the resignation letters of Jogeswari and Lakhia, Exts. S and S(1). He wrote out the resignation letters of Kiron and Madia | Exts. S(2) and S(3)]. He has stated that Jogeswari signed the letter in his presence and Lakhia gave thumb impression in his presence and Kiron and Madia requested him to write their resignation letters and they gave their thumb impressions in his presence. He has also stated that he wrote many more such resignation letters of women workers at that time and that none of the resignation letters were taken by force. I see no reason to disbelieve the evidence of this worker, who is now a Vice-President of the Works Committee elected by the workers. O.P.W. 4, Shri Sanu Misir was a Vice-President of the Works Committee elected by the workers. He was a Vice-President of the Works Committee of North Brook Jute Mills in February and March 1958. He was workers' representative. He has denied the Company forcibly took resignathe that from the women letters workers. He has testified that he attested some resignation letters including that of Dilari and that the women workers voluntarily resigned, because after introduction of three shifts and rearrangement of allocation of work, they were finding it hard to cope with the work. During the relevant period he was the Head Sardar of the mills. His testimonies have not been materially shaken in cross-examination. I see no reason to disbelieve him also. O.P.W. 7, Shri Krishna Chandra Ghoshal was a member of the Works Committee in February-March 1958, and he was elected by the workers. He has denied that the female workers were forced to submit resignations and their thumb impressions were taken by force and has stated that they voluntarily resigned. He has further stated that he attested many resignation letters. He has identified his signatures in some resignation letters produced in this case and the signatures have been marked Exts. J(1) and G(1), T(2) to T(5) and U to U(4). His evidence is that the concerned workers came to him with written letters, some of which were already thumb impressed, and they requested him to take the letters to the Labour Officer and make necessary arrangements for their resignation and so, he went with them to the Officer before whom some workers gave impressions. His further significant Labour thumb evidence is that the Labour Officer enquired whether these workers were resigning of their own accord and free will and he addressed the enquiry to the workers and they replied that they were resigning of their own free will. He has also made the fellowing significant statement: "I asked the femowerkers why they were resigning. They said that they would not work as the mill was working on three shifts. The female workers at first said that they would not work on the night shift which was the C shift. Then the Company put them on the

two shifts, A and B. They worked on these shifts for some days and then said that they would not work any more." There is no reason to disbelieve the evidence of this witness. After considering the evidence on both sides on the point of use of force in securing the resignation letters from the workers, which is the precise case put forward on behalf of the workers at the hearing in variation of the case of fraud in the pleading, I have no hesitation to hold that the workers have failed to prove that the resignation letters were taken by use of force from the side of the jute mills, and on the contrary, the Company has produced sufficient and satisfactory evidence to prove that the workers put in their resignations voluntarily and out of their own free will without any compulsion from any source and in submitting their resignation letters, they acted with the help of some members of the Works Committee who were the workers' representative.

Apart from the aforesaid position which arises out of a strict consideration of the evidence produced by the parties, the same position is, 10 my mind, supported by the surrounding circumstances and natural probabilities existing at that time. The undisputed position is that by rationalisation and modernisation of the working of the two mills, which was certainly not illegal or unfair as a labour practice, three working shifts were introduced in the mills, A. B and C, A and B being day snifts and C being a long night shift from 9 p.m. to 5 a.m., and as a result, the workload on each worker was increased. I have already indicated above that this led to some trouble in the mills and there was cessation of work in the mills on 16th December 1957, and the Company closed the n.ills and thereafter there was a tripartite agreement, dated 19th December 1957, between the mills, the present concerned Union and the Government represented by the Conciliation Officer. Exhibit K is that tripartite agreement. In the terms of this agreement, it was admitted that there was increased workload and then it was provided that the mills would allow six workload and the working for weeks as a trial this period, not be subduring increased would not workmen action for failing jected to disciplinary perform the increased workload for bena fide reasons, but those workmen who would not be able to work the increased workload, would be free to apply for relief. It was further provided in this agreement that those persons who would be relieved of employment would be paid:

- (a) Fifteen days' basic pay per year of service including the years covered by Provident
- (b) Provident Fund dues as per Provident Fund Rules.
- (c) Other legal dues.
- (d) One month's total wages.

Women workers could not be employed on the night shift, because it was against the provisions of the Factories Act. They certainly felt the rigours of the increased workload. According to the terms of the agreement reproduced above, the increased workload was to be strictly enforced after expiry of what may be called the grace period of six weeks from the date of the agreement. It is quite natural in these circumstances that some women workers, who found themselves unable to cope with the increased workload, rather preterred to be relieved of their employments in the mills in lieu of the monetary benfits offered by the Company. Mr. Craven, the Chief Labour Officer of the mills, has given a true picture of the state of things which arose after the expiry of the trial or grace period of six weeks. His evidence in this matter stands thus: "After six weeks, the Management tightened up the supervision and asked the remaining workers to get down seriously to the modernisation system of work. Then not only the women workers but men workers came along and said that they could not do the increased work. We told those workers to resign. Then the Works Committee members approached the Management and suggested that more money should be paid to those workers, both male and female. It was decided in consultation with the members of the Works Committee that the workers, male and female, who wanted to resign, would get one month's extra pay and Rs. 25 more as train fare. After this, all the women workers together with some male workers, wanted to resign." It is an admitted position that the resigning women workers were paid as follows:

- (a) Half a month's salary for each year of service up to the time they joined the Provident Fund.
- (b) Their whole Provident Fund money.
- (c) One month's salary extra.
- (d) Rs. 25 as train fare.

Some of the women workers who have evidence in the present case have admitted having received more than Rs. 800 or more than Rs. 900 in all after retirement. It may be said here that the Company offered the extra benefits of one month's salary and Rs. 25 as train fare by way of inducement, but it cannot be said that it was an inducement to obtain the resignations fraudulently. position was that the increased workload was proving too rigourous and onerous for some women workers when the system of modernisation was strictly enforced after the trial period and if they wanted to be relieved of their employments in view of the increased workload after the trial period of six weeks, they would not be strictly entitled to the monetary benefits referred to in clause (ii) of paragraph 3 of the terms of settlement, but still some arrangements were worked out further consultation with some Works Committee members for relief of the female workers who wanted to get rid of their work in the mills and the arrangements were that they would get almost all the benefits of paragraph 3(ii) of the terms of settlement, together with the extra benefits of one month's salary and Rs. 25 as train fare. The mills might have offered the additional benefits by way of inducement to the resigning workers in order to get rid of all further troubles in the mills and to ensure the smooth working of the mills in the modernised system. offer of additional benefits cannot be said to have been unfair or fraudulently made simply in order to terminate the services of a large number of women workers of the mills. After having regard to the surrounding facts and circumstances, I hold that the offer was made bona fide and in a liberal spirit in order to get the mills work on the modernised system without any further hitch or trouble. evidence discloses that there are two other Union in these mills, Hooghly Zilla Chatkal Mazdoor Union and the Bengal Chatkal Mazdoor Union, each with

lowing amongst the workers and these Unions ote some letters on the subject of retirement of e workers after modernisation and the letters were bstantially in support of the scheme of retirement workers on the monetary benefits offered by the impany. [Vide Exts. L, M, N and N(1).] Besides, is fact, I have already referred to and discussed ove the fact that some of the resignation letters ere written by the Secretary of the present conrned Union, which has sponsored this case on half of the workers. [Vide Exts. O and O(1).] hese facts certainly indicate that the scheme of tirement of the female workers was finalised with e full knowledge and consent of all the three nions. I have referred to the fact that the resignig workers took all their dues under the retirement heme. It cannot be said that the payments were ade by force or fraud. There is absolutely no case nd certainly no evidence to that effect. So, it is uite natural and probable that all the Unions, cluding the present concerned Union, had nowledge of the retirement scheme of workers fter modernisation with some additional benefits nd they accepted and acquiesced in the scheme which was fully given effect to without any protest w any Union at that precise point of time. The resent dispute was raised by the present concerned Jnion some time after the scheme had been finalised ind payments under the scheme had already been nade by the Company and accepted by the concerned workers.

There is no satisfactory evidence to prove that the resignations of these workmen were obtained with a view to replacing them by male workmen. No such case is pleaded in the written statement filed by the workers and no suggestion to that effect was made to any of the witnesses examined for the mills. On the contrary, the two Labour Officers of the two mills, O.P.W. 5, Shri Satyabrata Chowdhury (North Brook) and O.P.W. 6, Shri Makhan Lal Mukherjee (Dalhousie), have testified that at the relevant period, there were man vacancies in their respective mills. They have proved the charts of vacancies existing at that time, Exts. T and T(1), and have testified that they themselves prepared the charts from the relevant registers of the milis. There was no pointed or serious cross-examination of these two witnesses regarding the charts proved by them, though the admission of the charts in evidence was objected. So, it cannot be said that it has been proved that the resignations were obtained by the mills with a view to replacing the resigning female workers by male workers. I have already ecorded above my views as to the real circumtances under which all these resignations took lace and this view runs counter to the position hat these were obtained with a view to replacing emale workers by male workers.

I should here briefly refer to the fact that there was cessation of work in and closure of the mills on 16th December 1957, and the dispute arising out of it was referred to the Fourth Industrial Tribunal and the Tribunal found that the cessation of work nn and closure of the mills was due to an illegal lock-out and so it awarded wages to the workers for the period of lock-out. This award was passed on 19th July 1958 and was published in the "Calcutta Gazette", dated 7th August 1958. The mills preferred an appeal against this award to the Supreme Court, but the appeal was dismissed and the decision of the Tribunal was upheld [vide 1960(1), L.L.J., page 580]. These facts were referred to by both parties during arguments. In my view, this fact has little bearing on the precise question referred to this Court for inquiry. This question relates to the resignations submitted by women workers long after the 16th December 1957, and particularly after the scheme of rationalisation was strictly enforced and these are related to the strict enforcement of the rationalisation scheme involving increase of workload of the workers. The scheme of rationalisation was one of the issues before the Tribunal (Issue No. 1) and the Tribunal decided the Issue in favour of the mills. It held that the rationalisation had involved some increase in the workload, in several instances, but not to any unreasonable extent. The Tribunal also rejected the claim of the workers for additional wages for increased workload. The decision of the precise point referred to this Court for inquiry is in no way connected with the dispute arising out of the cessation of work in and closure of the mills on 16th December 1957 and so the award given in regard to that dispute is absolutely beside the point in the present case.

Thus after a careful consideration not only of the direct evidence bearing on the precise point of the resignations of the concerned women workers, but also of the surrounding circumstances and probabilities existing then, I finally decide that the termination of employments of women workmen in the two concerned jute mills in the months of February and March 1958 was a result of voluntary resignations and not of resignations obtained otherwise to enable the Management of the two concerned mills to replace women workmen by male workmen. With this decision, I close my report.

**AWARD** 

By Order No. 3755-I.R./IR/11L-38/59, dated 4th August 1959, the Government of West Bengal in the Labour Department referred an industrial dispute between Messrs. Economic Homeo Stores (P.) Ltd., 159 Netaji Subhas Road, Calcutta, and their workmen represented by Economic Homeo Stores Employees' Union relating to the undermentioned issue to the Second Labour Court for adjudication.

Issue

Whether the dismissal of Shri Jagadish Chandra Mazumdar is justified? To what relief, if any, is he entitled?

The case was fixed for hearing on 28th June 1962. On that day both the parties filed a joint petition praying for an adjournment for effecting an amicable

settlement; accordingly the case was adjourned. Eventually the case was compromised on 23rd July 1962. On that day both the parties filed a joint petition of settlement. The terms of settlement are fair; so I accept them. A copy of the joint petition of settlement, enclosed herewith, will form a part of this award.

for the Union: Shri Shankar Ray Choudhury.

The Government of West Bengal by its Labour Lepartment Order No. 2099-I.R./IR/10L-89/61, lated 27th April 1961, referred to this Tribunal an adustrial dispute between Messrs. Carl Ohmes & Do. (I) Pvt. Ltd., 28 Waterloo Street, 'Calcutta-1 hereafter referred to as the Company), and their workmen represented by Carl Ohmes Workers' Jnion, 139 Rai Bahadur Road, Calcutta-34 (hereafter referred to as the Union), for adjudication under lection 10 of the Industrial Disputes Act.

The following issues have been referred to this Tribunal for adjudication in this case:

- Whether the dismissal of Shri Akshoy Kumar Santra and Shri Subarna Kumar Das is justified? To what relief, if any, are they entitled?
- 2. Whether the termination of service of Shri Rabindra Nath De Sarkar and Shri Chunilal Roy is justified? To what relief, if any, are they entitled?

## AWARD

After service of usual notices on the parties, they have stated their respective cases in the matter of dispute involved in the present case. The respective cases of the parties will be discussed as and when I shall discuss about the issues hereafter.

It may be stated at the very outset that apart from the merit of the issues, two preliminary objections have been raised on behalf of the Company. The first objection is that the present dispute is purported to be between Messrs. Carl Ohmes & Co. (I) Pvt. Ltd. of 28 Waterloo Street, Calcutta-1, and their workmen. It may be mentioned here that this Company has its Head Office at 28 Waterloo Street, Calcutta-1, and its factory is situate at 38 Dhalipara Road, Behala. It is urged on behalf of the Company that at 28 Waterloo Street, Calcutta-1, of Messrs. Carl Ohmes (I) Pvt. Limited there is no industrial dispute existing and/or apprehended and that there is no such workmen represented by Carl Ohmes Workers' Union as mentioned in the order of reference. Hence, it is contended that the order of reference is ultra vires of the Industrial Disputes Act. But I am afraid this contention of the Company has no substance. The present concern is a limited Company having its Head Office at Waterloo Street and the factory at Dhalipara Road, Behala. But this does not mean that the dispute raised actually relates to any workman of its Head Office. The workmen concerned are really employed at the factory of the Company at Behala, and simply because the Head Office address has been mentioned in the order of reference, it cannot be argued that there is no dispute between the factory workers and the Company. The address of the Company as mentioned in the order of reference does not really mean the place of dispute, and it is only a sort of description of the Company itself which is really a party to the dispute, a dispute between the Company and its workmen. So, without further discussion, I at once hold that this contention of the learned lawyer for the Company is not acceptable.

Next, it is urged on behalf of the Company that the Government by its corrigendum, dated 16th June 1961, replaced the word "retrenchment" of issue No. 2 by the words "termination of service." Hence, it is argued that after a reference has once been made to the Tribunal, the Government has no authority in law to make any amendment of the order of reference, and so the dispute, as it stands now, is invalid. In this connection, the learned representative for the Company places reliance on a case between the State of Bihar vs. D. N. Ganguli and ors. reported in 1958 II, L.L.J. page 634. In this decision, of course, their Lordships of the Supreme Court have held that once a reference has been made validly to a Tribunal, it is the Tribunal alone which is seized of the dispute and which can exercise jurisdiction in respect of it, and the Government has no power to cancel or rescind the reference. But I

may mention here that in this case the question as to whether the appropriate Government has got power to amend or add to a reference was left open. But following the principles laid down in the General Clauses Act, it may be observed that every authority has inherent power to amend or correct any of its order without changing the substance thereof. So, the mere amendment of a minor nature or the mere correction without changing the nature of the dispute is not beyond the jurisdiction of the appropriate Government. In this view of the matter, I think, this reference cannot be said to be bad, simply because the Government subsequently thought it fit to replace the word "retrenchment" by the words "termination of service." So, this preliminary objection of the Company also stands overruled.

#### Issue No. I

Now I take up issue No. 1 for consideration. The Union's case is that Shri Akshoy Kumar Santra and Shri Subarna Kumar Das were in the service of this Company for about one year and three months and the rate of their daily wages was Re. 1 only. It is alleged that the Company arbitrarily dismissed them without sufficient notice or compensation on account of their Union activities. The Company's case on the other hand is that these two persons were never dismissed actually as it would appear from the notice of the Company, dated 31st May 1960. It is urged on behalf of the Company that these two persons were really apprentices and their names were struck off from the roll of apprentice with effect from 31st May 1960, because their service was not found satisfactory during the period of their apprenticeship. Thus in short according to the Management Shri Santra and Shri Das were simply apprentices, and that the period of their apprenticeship was terminated because they could not prove their worth and ability even after 15 months of their apprenticeship. It is conceded by both the parties at the time of hearing that they were appointed as apprentices without any pay whatsoever. Shri Santra in his deposition admits that he entered the service of the Company without any pay whatsoever and worked as such for 6 months. But he adds that he was allowed Re. 1 for every working day as wages after completion of his six months' service. Similar is the statement of Shri Das also. O.P.W. 3, Shri Dhirendra Nath Roy, the Factory Manager, swears that these two persons were actually appointed as apprentices and no appointment letter was issued in their favour. According to this witness, the period of apprenticeship is ordinarily likely to extend from one year to one and a half years. Thus according to this witness, these two persons were never employed as regular employees of the Company for hire or reward, though they were allowed Re. 1 as allowance only per working day in the latter part of their apprenticeship. From the notice marked Ext. 1 it also appears that several persons including Shri Santra and Shri Das were actually employed as apprentices in this Company, and one can easily imagine that these apprentices were never intended to be made regular workmen or employees of the Company automatically. The word has not been defined in any one of the connected Acts, and the dictionary meaning of the word is "learner of a craft bound to serve and entitled to instruction from his employer for specified term.' On the other hand, a workman means any person

including an apprentice employed in any industr to do any skilled or unskilled manual.....work fo hire or reward.....Thus an apprentice also to be workman must be employed as such for hire c reward. But a mere apprentice is only a learne though he is bound to serve the Company in lieu c instructions from his employer. In this view of th matter, though these two persons might have rendered some service with or without allowance, the cannot be said to be "workmen" within the meanin of the Act simply because they served the Compan either as an assistant or independently for learning particular craft. The workmen, of course, made at attempt to allege that they were employed as work. men and paid wages also at the rate of Re. 1 diem. But the positive evidence on the side of the Company is that Re. 1 per diem was merely an allowance, and thus more or less an ex-gratia payment. If Shri Santra and Shri Das were regularly employed as workmen, I would normally expect them to receive hire or rewards. They have no scrap of paper to show that they were ever treated as regular workmen or made permanent as workmen. Of course, there is no definite period of apprenticeship in this particular Company, and the evidence is that sometimes the period of apprenticeship extends to two to three years also, and their conduct during the period of apprenticeship being not found satisfactory, the Management thought it fit to discharge them. So, I have no reason to believe that they two persons were really workmen and were dis missed by the Management by way of punishment These two persons might have taken part in some Union activities. But that does not mean that the Management had any bias against them and they were discharged on that ground alone. It is urged on behalf of the workmen that there is no definite proof to establish that these two persons could not learn their work properly. But I may simply observe that this is a Management function, and it is for the employer to judge the merit of a particular apprentice. The workmen may think in a different way, but that will not help the matter so long the discretion lies with the Management or the employer The positive evidence on the side of the is that the attainments of these two apprentices were not found satisfactory and so they were discharged. In this view of the matter, the Tribunal has no jurisdiction to interfere with the action of the Management in respect of Shri Santra and Srhi Da Moreover, the issue as it stands speaks of dismissa of these two persons. I have already pointed ou that this was not a case of dismissal pure and simple and so no question of justifiability of the same arise at all. They being not regular employees or work men but simply learners or apprentices, the Manage ment had its right to discharge them during the period of their apprenticeship, and so no industria dispute arises in that connection. The issue is decided accordingly.

## Issue No. 2

This issue refers to the termination of service of two workmen. At the very outset, I may observe that no case has been pressed before this Tribunal in respect of Shri Rabindra Nath Dey Sarkar. In fact, it is conceded by both the parties that there has been settlement of the dispute, if any, between Shi Sarkar and the Company. The question to be considered in this issue is whether the services of Shr Chunilal Roy have been validly terminated. Admittedly, Shri Roy was a permanent workman of the

ompany. On 6th October 1960 his services were ispensed with merely on the alleged ground of speated acts of gross insubordination and indisciline and wilful negligence of duty on his part (vide at. 1A). Before his dismissal, Shri Roy was not fiered any opportunity to defend himself. The orkers made an agitation against his dismissal and ltimately there was a bipartite settlement between he workmen and the Company on 19th October 360. In terms of that settlement, it was settled 12t Shri Roy and another person who were served ith notice of dismissal would be suspended for four ays with a charge-sheet giving them opportunity to applain their conduct within four days from the sue of such notice, and the Company would take ecision in the matter within seven days from the ate of receipt of their explanations, and that the ompany would withdraw the said notice of disompany would windraw the said notice of dis-issal served on them (vide Ext. 1-B). In pursuance this bipartite settlement, the Management issued tother letter to Shri Roy on 20th October 1960 ithdrawing the notice of termination served on im. He was, however, placed under suspension for period of four days and a charge-sheet was issued gainst him with the allegation that in spite of the epeated warnings of the Works Manager, he persisently refused to carry out the orders of the super-isors and provoked other workmen to slow down isors and provoked other workmen to slow down roduction and that he was found to be negligent in is duties (vide Ext. 1-C). This notice was unpubtedly received by Shri Roy, and he submitted an eplanation on 24th October 1960 denying all the legations (vide Ext. A). But peculiarly enough, the theory about and evaluation by the work. ter this charge-sheet and explanation by the workan, the Management did not think it necessary to old any enquiry whatsoever into the charges velled against Shri Roy, even though Shri Roy outght denied the same. What the Management did as that it forthwith issued a letter of dismissal to 171 Roy on the allegation that the explanation fered by him had received the careful consideration the Management and it was satisfied that all the larges brought against him were duly substantiated. ut I am afraid no rule of natural justice can possibly ipport this unusual procedure adopted by the ompany in this case. In fact, no opportunity was ven to Shri Roy to defend himself, and the Commy made no attempt whatsoever to establish the targes against him. I may also point out here that the ground on which Shri Roy was sought to be smissed originally was not exactly identical with te charges subsequently brought against him. As o enquiry has been held in respect of the charges welled against Shri Roy, this Tribunal is bound to bllow the dictum laid down by their Lordships of supreme Court in a case reported in A.I.R. 1960 C., page 160. In that case, it has been laid down their Lordships that if no enquiry has, in fact, een held by the employer, the issue about the merits the impugned order of dismissal is at large before ne Tribunal, and on the evidences adduced before it re Tribunal has to decide for itself whether the isconduct alleged is proved, and if "yes" what fould be the proper order to make. Of course, the arties have adduced some evidence before this tibunal in respect of the charges levelled against hi Roy. From the recital of the letter (Ext. 1-C), appears that the charges are three-fold, so far as hri Roy is concerned. It is alleged that in spite of the repeated warnings of the Works Manager Shri oy persistently refused to carry out the orders of le supervisors, that he provoked other workmen to

slow down production and that he was also found to be negligent in his duties. The Management has examined only two witnesses in this connection. The first witness Shri Dhirendra Nath Roy is the Factory Manager. The Factory Manager in his deposition says that there was row and disorderly behaviour on the part of the workmen in the factory premises from before 7th October 1960, and that he received various complaints as regards indiscipline. This part of the evidence at best goes to show that some unascertained workmen created some row in the factory premises and this was reported to him by somebody. The Factory Manager possibly had no personal knowledge in the matter. Nevertheless, he tries to allege that he cautioned Shri Roy in that connection, but there was no improvement in his behaviour. The Works Manager alleges that he was, therefore, compelled to dismiss Shri Roy. This scrappy statement has nothing to connect Shri Chunilal Roy directly with the alleged row and disorderly behaviour and cannot certainly be considered sufficient to establish the charge that Shri Roy persistently refused to carry out the orders of the supervisors. From the bipartite agreement, it appears that there was some stay-in strike in the factory premises at some point of time. But it is nobody's case that Shri Roy actively participated in this stay-in strike. It is also nobody's case that Shri Roy squatted in the factory premises or that he remained there against the wishes of the Management. On the contrary, it is clear that Shri Roy was all along outside the factory premises during the period of stay-in strike. O.P.W. 6, Shri Jagadish Jha, who is a durwan of the factory, alleges that during this strike period Shri Chunilal Roy and another person used to come before the factory gate and instigated the workers to continue the strike. As I have already pointed out, there is no such case in the charge-sheet itself. The allegation in the charge-sheet is that Shri Roy provoked other workmen to slow down production. But there is not an iota of evidence to show that Shri Roy had an occasion to provoke other workmen to slow down production. The act of encouraging the stay-in strike, if any, does not mean that this workman provoked others to take recourse to go-slow tactics. So, this part of the charge also goes unsubstantiated. The last allegation is that Shri Roy was found negligent in his duties. But I may at once observe that the evidence on record is not sufficient to establish any such charge against Shri Roy. O.P.W. 4, Shri Tarak Chandra Kar, head clerk of the Company, alleges that Shri Roy did not work according to instructions, and that on occasions he used to hurl disrespectful words to the head clerk. I may point out here that Shri Kar had no duty to supervise the work of the factory workers including Shri Roy. So. Shri Kar is not competent to say that Shri Roy did not work according to instructions of his superiors or supervisors. No charge has been brought against Shri Roy on the allegation that he showed disrespect to the head clerk on any occasion. Thus I am not at all satisfied from the evidence on record that Shri Roy was ever found negligent in his duties. It is of course alleged by the Factory Manager that two warning notices were issued against Shri Roy on 16th August 1960 and 19th August 1960. But Shri Roy denies the receipt of any such warning notice. Even assuming that such notices were actually issued. I may observe here that mere ex-parte issue of warning notice without any proper enquiry into the charges is not sufficient to establish the positive

charge of negligence of duty. Thus after carefully considering all the facts and circumstances on record, I am clearly of opinion that the Management has hopelessly failed to establish the charges levelled against Shri Roy. He served this Company from 1957 at least, and still the Management decided to dismiss him forthwith without holding any enquiry whatsoever. Under the pressure of the workmen of the factory, the notice of dismissal had to be withdrawn, and the Management gave a definite assuronce that a regular charge-sheet would be issued and disciplinary action if any, would be taken after observing all rules of natural justice. In spite of this assurance, the Management again arbitrarily took action against this workman and summarily dismissed him again without any enquiry whatsoever. So far as this workman is concerned, in spite of the dispute raised, the Management failed to produce any convincing evidence to establish the charges levelled against Shri Roy. So, I am unable to support the order of dismissal issued by the Management against Shri Roy. A question therefore arises what should be the proper relief in this case for Shri Chunilal Roy. No sufficient reason has been shown why Shri Roy should not be reinstated to his former position. I don't think mere monetary compensation will be sufficient relief for this workman. There is no allegation of moral turpitude against this workman, and there is also no evidence to establish any circumstance which stands in the way of his rein-

The result is that Shri Akshoy Kumar Santra, Shri Subarna Kumar Das and Shri Rabindra Nath Dey Sarkar are not entitled to any relief in this case for reasons already stated above. Shri Chunilal Roy, however, must be reinstated, and his services should be deemed to have continued without break. The Company is directed to pay 50 per cent. of his wages to Shri Roy as compensation for the period of his forced unemployment. This award must be given effect to as early as possible and in any case within one month of the publication of this award.

This is my award.

#### **AWARD**

This is an application under section 33A of the Industrial Disputes Act by Nek Mohd., a workm of Messrs. Kesoram Cotton Mills, Ltd., for appriate relief for his suspension for an indefinite periform 30th October 1958 without any enquiry beinheld into the charge-sheet served on him.

The facts, as far as they are admitted, are the Nek Mohd. was served with a charge-sheet, Ext. I, which it was alleged that there was a report from his Officer-in-Charge that on 25th October 19 immediately after the end of "B" shift at 9-30 part he picked up a quarrel with Shri Golam Rasul "B" Shift and assaulted him inside the department causing grievous physical injuries on his body. In the charge-sheet he was called upon to show cause with against him in terms of clause 14(c)(viii) and (xxi of the Standing Orders and he was also inform that he was placed under suspension with imm diate effect without pay as a security measures to completion of the enquiry. Ext. 2 is Nek Mohd ceply to this charge-sheet. It says that on going the factory at 9-30 p.m. he saw two looms running with long ends and when he brought the matter the notice of the Line Jobber of his shift, he wis asked to tell the helper of the looms to mind the before going away and so he requested Gola Rasul, helper of "B" Shift to mind the two loom before going away, but for reasons not known to him Golam Rasul got angry and began to rebuke him When he told him that he should not use belanguage, Golam Rasul threatened him and told him that he (Nek Mohd.) would be taught a lesson. I denied having picked up a quarrel with Rasul and having caused him physical injuries.

In his application Nek Mohd. makes the distinct ase that he was not called for any enquiry; he aited and waited for the enquiry and ultimately rote to the Factory Manager of the Company asking im to hold an immediate enquiry and to take him ack into work with full compensation for the period unemployment on 5th December 1959. He made copy of this petition Annexure C to his application. his is Ext. 3 and the Certificate of Posting of this tter is Ext. 3(1). In this Nek Mohd. says that unortunately no enquiry was held as yet. There is nother letter Ext. 4, dated 3rd July 1959, in which so it is stated that he was being kept suspended ending enquiry. Here he adds that it appears that he management was not keen to settle his matters.

The Company's case on the other hand is that ter Nek Mohd. submitted his reply, there was an iquiry held on two dates, namely, 4th November 158 and 8th November 1958 and that he was found filty of the charges and there was an application ider section 33(2)(b) of the Industrial Disputes Act 114th July 1959. The Company also pleads that there was no contravention of the provisions of ction 33 of the Industrial Disputes Act by the ompany, Nek Mohd.'s application under section 34 was not maintainable.

On behalf of the workman the only witness amined was the workman himself and there were vts. I to 5 proved on his behalf. I have already ferred to Exts. I and 2, the charge-sheet and Nek ohd, sexplanation thereto. I have also referred to vt. 3 and Ext. 4, the two letters of Nek Mohd. vt. 5 is the notice of dismissal, dated the 10th of the 1959. This letter of dismissal had been addressible to Nek Mohd. 124 Majid Talab, Calcutta-24, it this came back unserved with an endorsement hich looks like "not found." On behalf of the inpurt and it was found to contain the notice, Ext. 5.

On behalf of the employer four witnesses were amined, namely, Golam Rosul and Murtuja who stified to the occurrence out of which the charge entioned in the charge-sheet, Ext. 1, arose, Shri L. Dhar, who was the Shift-in-Charge of the Commy in New Shed No. 2, "B" Shift and to whom on e 25th of October 1958 Golam Rasul reported the atter at the close of the shift at 9-30 p.m. and Shri K. Sen, the Factory Manager, who held the squiry. At the enquiry, held by S. K. Sen, the itnesses examined were Shri D. L. Dhar on the rst day, namely, 4th November 1958 and Golam asul and Murtuja on the second day, namely, 8th lovember 1958. According to the minutes of the nquiry, Ext. D, Nek Mohd. was present on both the ates, although Nek Mohd. himself denies it. Nek fold, says in his examination-in-chief that he had een called for an enquiry once and that he attended to same in the Labour Office and Sudhir Babu who as there asked him to wait and that after he had 'aited for half an hour he was told by Sudhir Babu lat the witnesses against him were not present and e might then go and he would be informed afterards. But he received no further information of the iquiry thereafter. In his cross-examination, how-'er, he says that he attended the enquiry held by dhir Babu, Labour Officer, and it was in the evenbut that he could not see the time, nor could he Il the date, which might have been the 11th month 1958. There was nobody else excepting Sudhir abu and as it has been long since the date of enquiry, he does not remember what had happened at that time, nor is he in a position to say whether Shri D. L. Dhar (who was brought into Court) at this stage was the Officer-in-Charge of the New Shed, "B" shift. He also save that he shift. He also says that he does not remember whether this gentleman D. L. Dhar was present when he went to Sudhir Babu. He also denies that Sudhir Bubu told him on that date that as the witnesses were not present, he should attend on 8th November Then he says definitely that he did not see D. L. Dhar coming to the room and that during his presence D. L. Dhar did not come, though at first he was quite uncertain about it. As against this, there is the evidence of Golam Rosul, Murtuja, as well as Shri D. L. Dhar and Shri S. K. Sen that Nek Mohd. attended the enquiry on both the days. The proceedings, Ext. D, of course do not bear his signature. It is noted in Ext. D that Nek Mohd, was asked to cross-examine Shri D. L. Dhar and he refused to put any question to him. It was further noted at the and of the day's proceedings that the enquiry was adjourned to 8th November 1958 at 5 p.m. and Shri D. L. Dhar and Nek Mohd, were asked to bring all evidence on that day and the record was explained in Hindi and when Nek Mohd. was asked to sign the proceeding, he refused to do so. The proceedings of course bear the signature of Shri S. K. Sen and Shri D. L. Dhar. On the record of the proceedings, dated 8th November 1958, also there are the signature of Shri D. L. Dhar, S. K. Sen. Nek Mohd, is noted at the beginning as having been present. It is also noted that although asked to cross-examine Golam Rasul and Murtuja, Nek Mohd. declined to cross-examine either of them and when Nek Mohd, was asked to make an oral statement, he merely said that he had already given his explanation to the charge-sheet in writing and he had nothing more to add to that and when he was asked to produce his witnesses, he simply stated that he had no witnesses. The enquiry was then closed. The report, however, Ext. E(1), by Shri S. K. Sen, is dated 8th July 1959, that is, exactly eighth months after the close of the evidence. With this delay, I shall deal later on.

The first question for decision now is whether Nek Mohd, was present at the enquiry. I have already said that there is on the one hand the uncorroborated testimony of Nek Mohd. together with his letters Exts. 3 and 4, dated 5th December 1958 and 3rd July 1959, respectively, and there is on the other hand the evidence of four witnesses, together with the record of the enquiry. The evidence was closed, according to the witnesses examined on behalf of the Company, on 8th November 1958. The earliest letter of Nek Mohd. is Ext. 3, dated 5th December 1958, in which he says that there was no enquiry. In his application under section 33A, Nek Mohd, nowhere even hinted that he had been called by Sudhir Babu to attend the enquiry as he states in his examination-in-chief itself, before me. It is a matter of fact he had been called for an enquiry when no actual enquiry was being held in his presence, there is hardly any reason why he could not state that in his application under section 33A. That alone suggests that Nek Mohd. in his application was trying to suppress the truth and that in his evidence he did not give out the whole truth. It seems to me to be extremely unlikely that whatever might be said about Golam Rasul and Murtuja, Shri D. L. Dhar and Shri S. K. Sen, the two responsible officials of the Company, would go to the length of fabricating all the proceedings of the enquiry, just for the purpose of showing that Nek Mohd. attended the enquiry, although it is stated by

Nek Mohd. that he did not do so. The way in which he prevaricates when asked in cross-examination, whether Shri D. L. Dhar was present when he had been to Shri Sudhir Babu, also points in the same direction namely that Nek Mohd. was trying to supress the truth. In all the circumstances, it must be held that Nek Mohd. was actually present during the enquiry.

The next question for decision is whether on the evidence on the record of the enquiry and also on the evidence before me, the charge mentioned in the charge-sheet, Ext 1, can be said to have been proved against Nck Mohd. Golam Rasul's evidence during the enquiry was that at 9-30 p.m. while he was minding loom No. 931, Nek Mohd. went to him and unnecessarily began to interfere with his work, shouting why he did not draw up the broken ends of loom No. 931 and asked him to do it immediately and when Gulam Rasul asked him not to interfere with his work and to go away, Nek Mohd. dealt him some blows with his fist on his face so as to make his mouth bleed and he also cought hold of the collar of his shirt with the result that the shirt was torn. Golam Rasul in his evidence before me speaks of Nek Mohd.'s having abused him before he assaulted him. This of course he stated during the enquiry. He also denied that he abused Nek Mohd. As far as the story of assault goes, there is really little difference between what he stated before the Enquiring Officer and what he stated here. Of course, before Golam Rasul was assaulted, it is more than likely that there should have been some sort of mutual recriminations between the two, whether that amounted to mutual abuses or not. In his cross-examination here, Golam Rasul states that he had instituted a case against Nek Mohd. in Alipore Court as Nek Mohd. had assaulted him about two years before this incident and that in that case Nek Mohd, was fined. The suggestion to him on behalf of Nek Mohd. is that Golam Rasul lost in that case against Nek Mohd. and that is why he made a false report against Nek Mohd. and Nek Mohd. himself says that although Golam Rasul abused him, he made no complaint against Golam Rasul in writing, but he reported this matter to one Rajit Mistry of Line No. 17. But this he did not say either in his application under section 33A or in his reply to the chargesheet, nor was Rajit Mistry called by him as witness. As Golam Rasul denies that he lost in the case against Nek Mohd. and says that Nek Mohd. was fined in that case, there is really no evidence to show that Golam Rasul had any motive to complain against Nek Mohd. falsely. Then there is the evidence of Murtuja. This Murtuja deposed against Nek Mohd. in the earlier case in the Alipore Court. But that alone would not entitle one to reject his testimony. He is of course attached to Line No. 24, which is not contiguous to Line No. 17, to which both Nek Mohd. and Golam Rasul were attached. But then that itself would be no reason why the incident between Golam Rasul and Nek Mohd. could not have been seen by Murtuja, when it is admitted that in the same shed there were 13 lines including Line No. 24 and Line No. 17. In any event, there is the evidence of Shri D. L. Dhar who says that on the 25th of October 1958 the helper weaver Golam Rasul reported to him at the close of the shift at 9-30 p.m. that Nek Mohd., helper weaver of "C shift, had torn his shirt and dealt him a few blows on his mouth. When he went to the place where Nek Mohd. was, accompanied by Golam Rasul and asked Nek Mohd, why he had assaulted Golam Rasul

and torn his shirt, he did not at first reply to question. After some time he apologised and si D. L. Dhar then made the report, Ext. C. In D. Dhar's report also it is said that Nek Mohd. unnec sarily got angry and administered several fist blo on Golam Rasul's face and also tore his shirt. course, in his report it is not mentioned that N Mohd. apologised. This report merely mentions 1 fact of Golam Rasul's complaint and does not me tion at all the fact that D. L. Dhar went to N Mohd, and questioned him. During the enqui Shri D. L. Dhar said in answer to the Enqui Officer's question that he saw blood had come 0 of his mouth and his shirt was torn near the che pocket. Golam Rasul also said before me that t injury was of a serious nature and he did attend t mill dispensary, but the Medical Officer was n examined during the enquiry nor was the report the Medical Officer placed before the Enquiri Officer although according to Golam Rasul it was. B these really afford no reasons for disbelieving Gola Rasul or Shri D. L. Dhar. On the evidence, then forc, the finding arrived at by the Enquiring Office namely, that Golam Rasul was actually assault by Nek Mohd. on the 25th of October 1958 at the end of "B" shift at about 9-30 p.m., is fully justified

The next question is whether the long interv between the closing of the evidence in the enqui and the submission of the Enquiring Officer's repo and findings has been fully explained and if not wh is the effect thereof. On behalf of the Company the delay is sought to be explained by saying that after the evidence was closed, the Enquiring Officer di not submit his report and findings in view of certain negotiations and attempts at conciliation that wen on and that when after waiting for a long time, i was found by the management that nothing camed these negotiations or attempts, the Enquiring Office submitted his report and findings and thereupon the Manager had a notice of dismissal sent to Ne Mohammed in a registered cover, which, however came back unserved. A long interval between the close of the evidence and the submission of the report can hardly be said to be justified even if on believes the statement of the Company that negotia tions and attempts at conciliation were going of Attempts at conciliation could well have gone of even if the report and the findings had been submitted and even if the management had dismissed the work man. Consequently, that is really not a sufficient explanation of the delay. At the same time. I can say that this delay vitiates the whole enquiry. The the workman is placed in a great state of uncertain by this delay, goes without saying and from the point of view, such delays must be condemned. I as the delay does not vitiate the proceedings or t report of the Enquiring Officer, the findings arriv at in the enquiry, held to be substantially contestand. Under clause 14(c)(viii) (xxiv), disorder behaviour during working hours at the establishme or any act subversive of discipline and abusing assaulting any operative or any employee within t mill premises are misconduct and under clause 140 a workman may be dismissed on being found to guilty of misconducts and clause 14(d) provides th no order of dismissal shall be made unless the wor man concerned is informed in writing of the allege misconduct and is given an opportunity to expla the circumstances alleged against him, and to addu evidence, if any, in his favour. It further provident that the approval of the Manager of the establishment and proval of the Manager of the establishment ment and, where there is no Manager, of

mployer, is required in every case of dismissal, and then circumstances appear to warrant it, the fanager or the employer may, whether an appeal has a has not been preferred, institute independent nequiries before dealing with the charges against a forkman. As I have already said that Nek Mohammed was present during the enquiry, and as he was alled upon to cross-examine the witness examined gainst him, but he refused to avail himself of the apportunity, the provisions of the Standing Orders must be said to have been complied with.

In this connection a question was raised, namely, hat the Manager being the officer who issued the harge-sheet against Nek Mohammed and at the ame time who held the enquiry, found him guilty nd dismissed him, the principles of natural justice rere violated. It is certainly a violation of the prin-iples of natural justice if in an enquiry, the prosecutor and the Judge are rolled into one but it is of what happened in this case. In this case, the harge-sheet is merely a formal notification to the sorkman of the charges arising from a report, Ext. C., rom D. L. Dhar about the workman having assaulted jolam Rasul. The Manager in issuing the chargeheet on the workman merely did the work of a dagistrate who draws up a charge against the ccused person on the basis of a complaint preferred setore him so that the Manager becomes no more the rosecutor in this case than a Magistrate does when e draws up a charge against an accused person-he prosecutor is always the complainant. In this new I hold that there is here no violation at all of the principles of natural justice. The case relied on schalf of the workman is the Supreme Court's deciion in the case between Andhra Scientific Co. Ltd., and Sheshagiri Rao and another, 1961 (II), L.L.J. 117. hat however is a case, where, at one stage of the nquiry, the Manager who had so long been holding he enquiry, was examined as a witness when one of hose who had been already examined as a witness, anctioned as the Presiding Officer. There is no loubt that when the Enquiry Officer is called upon o decide on the truth or otherwise of his own vidence, not merely he is himself in an extremely mbarrassing position but the man proceeded gainst also can hardly expect justice from one who, alled upon to decide if he himself told the truth, vould naturally hold that he did so. That case, herefore, is of no assistance in this case. It must accordingly be held that there is no violation of the principles of natural justice.

Another question arises in this case, namely, if here was a substantial compliance on the part of the Company with the requirements of the provision of ection 33(2)(b) of the Industrial Disputes Act. The Ismissal notice, Ext. 5, dated the 10th of July, came ack unserved with a postal endorsement "not ound". In this notice it was stated that one month's vages in accordance with the provisions of section '3(2)(b) of the Industrial Disputes Act were being endered therewith to him and he was directed to ollect this amount along with other dues, if any, orthwith from the Time-Keeping Office during the vorking hours. He was also told that the necessary pplication under section 33(2)(b) was being made effore the Tribunal for approval of the action taken gainst him. If this notice had been served on Nek Aohammed, it could certainly have been said that the

Company substantially complied with the requirements of the law. But the question is same view is possible even when the notice came back unserved. The address given by Nek Mohainmed in his letter, Ext. 4, dated 2nd July 1959, is R-124 Masjid Talab, Calcutta-24. This is also the address on the envelope in which Ext. 5 was sent The postal seal on this envelope is dated the 14th July 1959. The address of the workman as given in his own application under section 33A is also R-124 Masjid Talab Road, Calcutta-24. This application that filed on the 14th of July 1959. The Company therefore obviously sent the notice to the correct address of Nek Mohammed and when Nek Mohammed was not found at that address the fault certainly is not of the employer who must be held to have tendered one month's wages to the workman in the notice which came back unserved and thereby substantially complied with this provision of the proviso to section 33(2)(b). That an application under section 33(2)(b) was filed by the employer on 15th July 1959 is not disputed. It was filed but it was struck off by an order of the Tribunal on 16th March 1961 under a misapprehension that as the reference under section 10 of the Industrial Disputes Act out or which this application arose had been disposed of the Tribunal had no longer any jurisdiction to deal with this case. That however was a view which I subsequently found to be incorrect and most of the cases which on behalf of the workmen were sought to be revived were revived, but the application under section 33(2)(b) against Nek Mohammed is not one of those revived cases. In Nek Mohammed's application under section 33A, the reference under section 10 is the reference made by G. O. No. 2339-LR./IR/8L-32/58, dated 27th May 1959, whereas the application under section 33(2)(b) against Nek Mohammed relates to an industrial dispute, namely, made by G.O. No. 5035-I.R./IR '8L-32/58, dated the 28th November 1958. At the relevant dates, that is, on 14th July 1959 and 15th July 1959, when these two applications were respectively made, two references were pending. What the section requires is that even when more than one reference are pending, the Tribunal's approval has to be sought. It does not require an application for approval being filed in connection with each reference and the employer must be held to comply with the requirements of the section, if on his behalf approval is sought on only one application under section 33(2)(b).

As regards permission from the Conciliation Officer, there is nothing whatever to show that actually at the date when the Company served on him the notice of dismissal, Ext. 5, there was any conciliation proceeding pending. The burden of proving contravention of the provisions of section 33 of the Industrial Disputes Act hes entirely on the workman in an application under section 33A and unless it can be affirmatively proved that on the date of dismissal a conciliation proceeding was actually pending, no permission would be necessary from the Conciliation Officer for dismissing Nek Mohammed. Consequently it must be held that there has been no contravention of section 33(1) either.

My award accordingly is that Nek Mohammed's application under section 33A is not maintainable because it has not been proved that there was any contravention by the employer of any part of section

33 of the Industrial Disputes Act, that on the merits the dismissal was justified and that he is entitled to no relief.

Taken at my dictation and corrected by me.

- 3. Whether the dismissal of Shri Ramlal Shaw is justified? To what relief, if any, is he entitled?

#### **AWARD**

After service of usual notices on the parties, both the parties have filed their written statements stating their respective cases. The case of the workmen in short is this: The opposite party Company is a hosiery manufacturing concern employing about 14 workmen only. For the betterment of their service conditions, these workmen formed a Union and applied for its registration in the month of July 1960. Getting scent of this formation of the Union, the Management resorted to various acts of victimisation in order to terrorise the workmen. Shri Ram Lal Shaw, referred to in issue No. 3 above, was granted 15 days leave with effect from 25th September 1960. But after the expiry of his leave he was verbally informed by the Management that he had already been discharged This illegal discharge was an instance of victimisation as referred to above. So, the Union had to take up the cause of Shri Ram Lal Shaw and move the authorities in the matter. This action on the part of the Union further enraged the Management. Besides, above, the Union laid certain other demands before the Management by the middle of November 1960. These demands wounded the venity of the Management, and as a result it refused employment and/or declared a lock-out of the factory from the midnight of 12th December 1960 without any notice whatsoever. This lock out was however lifted on and from 16th January 1961. After the reopening of the factory also the Management refused employment to the workmen mentioned in issue No. 2, even though they reported for duties after the reopening of the factory.

On the other hand, the case of the Management is this: It is submitted that the opposite party is now a proprietory concern. The predecessor of the present Company was a partnership firm, and this partnership firm stood dissolved on and from 9th December 1960 by operation of law. The present proprietor took possession of the factory of

evious firm on certain definite terms and condins. Thus it is alleged that no relationship of iployer and employee exists between the present oprietor and the said workmen, because the exent Company is not a successor in interest of previous firm. The Company's further contenn is that there was no lock-out as alleged by the rkmen, but it was a case of simple closure, and workmen were duly intimated to receive their al dues. As regards Shri Ram Lal Shaw, the mpany contends that he lost his job due to mament closure of the washing department of Company on account of non-availability of micipal water over which the Management had control. All the workers engaged by the vious firm were given proper chances to join it work, and all the workers who turned up to taken in and employed according to the sent necessity. In fact, Shri Jay Ch. Jha, Shri rayan Jha and Shri Mohan Singh have been ually employed and are still working in the mpany. Srimati Sandharani Chakrabarty and mati Kalyani Debi were offered employment, but by failed to turn up. Accordingly, it is urged it the workers concerned are not entitled to any jef in the present case.

Other facts will appear from the body of the ard that follows.

#### **Decisions**

## ue No. 1

There is no dispute that the opposite party ssrs. Jagadish Hosiery Factory is a hosiery nufacturing concern. It is also not in dispute t this identical factory is there even now at the ne place, from long ago and the business is being ried on as before under the same name and le. It is urged on behalf of the opposite party t this hosiery factory originally belonged to a thership firm—the partners being Shri K. N. u and Shri D. N. Sabu. It will also be clear m Ext. X-3 and other documents on record that se two partners used to occupy same premises their residence, and it is admitted that these two tners are actually brothers. The workmen have ctically no say in the matter, presumably because v do not know who were the real proprietors of business. Shri K. N. Sabu, alleged to be the sent proprietor of the concern, states in his osition that the other partner Shri D. N. Sabu a notice, dated 9th November 1960, intimated mally that he would withdraw his partnership of firm on and from 9th December 1960. Ext. X-2 purported to be this notice. Ext. X-3 is ported to be another letter from Shri D. N. Sabu o intended to transfer his interest in the business the other partner—Shri K. N. Sabu. Thus the of the opposite party is that this business Sed to be a partnership concern on and from December 1960, and thereafter it became a prietory concern. Hence, it is urged that the partnership firm having been dissolved, the prietory business of Shri K. N. Sabu is for all human and prietory business of the same and same a purposes a new concern, and not a successor nterest of the former partnership concern. On assumption, it is urged that the 14 workmen, might have been employed previously by the nership firm, were no longer employees of the rietory concern of Shri K. N. Sabu, even 1gh Shri K. N. Sabu conducted the identical ness in the same factory and under the same old name and style. So, the question arises whether their change of partnership, if any, by retirement of one of the partners legally means a change of business or employer in relation to the workmen concerned within the meaning of the Industrial Disputes Act. This question was considered by His Lordship of the Calcutta High Court in a case Alex. A. Apear (Jr.) & Co., petitioner vs. M. N. Gan and Ors., opposite parties (A.I.R. 1960, Cal. Page 14). In that case his lordship observed as follows:

"It was argued that as the employer was changed by the constitution, reconstitution and dissolution of the firm, converting it to 2 sole propietorship business the section 25F operated as a bar for awarding any retrenchment compensation to the present workmen under that section. Now the words 'an employer' do not, in my opinion, mean change of partnership as meaning change of employer within the meaning of this section. Partners are proprietors of a firm and the words 'partnership' or 'firm' are only a compendious and comprehensive name for the plurality of the proprietors with certain legal incidence attached to it by the Partnership Act. When, therefore, these plural proprietors become a single proprietor, there is no change in the 'employer' within the meaning of section 25F and section 25 FF of the Industrial Disputes Act, provided the business remains the same ......The employer in this case is really the business of Alex. A. Apear (Jr.) & Co. That business has continued throughout. Otherwise, it will mean that some private arrangement or modification of the articles of partnership deed without the knowledge of any workmen would be transfering their service from one employer to another and creating a break in their services, a result which I do not think was intended by section 25F or 25FF. When section 25FF speaks of transfer of an undertaking, I do not think, it introduces a case of changing the constitution of a partnership firm or its dissolution to convert it into a sole proprietorship.

Thus from the above decision, it will be clean that if the old business still continues, mere change of partnership or simply because the duel proprietorship is replaced by sole proprietorship, the relationship of employer and employee between the business and the workmen concerned does not cease to subsist. I have already mentioned that the business used to be carried on under the name and style Messrs. Jagadish Hosiery Factory at 85 Rishi Bankim Ch. Road, Dum Dum. This identical business under the same name and style is still being carried on in the same manner and in the same premises. The only difference is that of the two brothers, only one now claims the sole proprietorship of the entire business. In spite of the said notices marked Ext. X-2 and X-3 which purport to dissolve the partnership with effect from 9th December 1960, the business was carried on as before on 10th December 1960 also by the same set of workmen. According to the workmen, the proprietor declared a lock-out with effect from 13th December 1960. But according to the proprietor a closure was declared with effect from 12th December 1960. Be that as it may, the fact remains that all the workers worked at least for one day, i.e., on 10th December 1960, under the sole proprietorship also. So, it is idle for Shri K. N. Sabu to contend

that there was no relationship of employer and employee between him and the workmen concerned. According to the workmen, they worked in the factory on 12th December 1960 also, though according to the Management the workers on that day forcibly snatched away the key of the factory from the Manager, opened the factory gate and simply squatted in the factory premises without doing any work. Be that as it may, the factory and the same optically come to the remains that the workmen actually came to the factory on 12th December 1960 also though they admittedly failed to enter into the factory premises from the following day, i.e., 13th December 1960. In these circumstances there is no escape from the conclusion that by the time the lock-out or closure was declared, these workmen were undoubtedly workmen under Shri K. N. Sabu also who continued the same old business without intending to terminate the services of the old employees. There is no dispute, however, that the factory premises remained closed from 13th December 1960 to 16th January 1961. From the order of reference, it appears that there was a lock-out, and this Tribunal is intended to look into the justifiability of this lock-out. It is urged on behalf of the Company that it was not really a case of lock-out, but it was out and out a closure, and so the order of reference so far as it relates to lock-out is bad. It is urged on behalf of the proprietor that by a notice, dated 10th December 1960 (vide Ext. X), the factory was closed with effect from 12th December 1960 for certain reasons mentioned therein. From that notice, irrespective of the question whether this notice was issued at all it will appear that the notice was purported to have been issued by one of the partners as such on behalf of the joint proprietors or joint partners. If partnership was actually dissolved as alleged with effect from 9th October 1960, there was no occasion for issuing such a notice by one of the two partners on behalf of the partnership firm. This also shows that in fact the so-called dissolution of partnership is only make-belief conduct of one of the two brothers with an ulterior motive. It is sufficiently clear from the written statement of the workmen that the proprietors were not pulling on well with the workmen on account of their forming a Union and raising certain demands before the proprietors. To me it appears that in fact that the so-called dissolution is only a camonflage in order to dipsense with the services of some of the workmen, if possible. The workmen very seriously challenge the alleged issue of any such notice on any day, be it on the 10th, 12th or 13th December 1960. The workmen denied any knowledge of such notice. It is nobody's case that any such notice was served on the workers individually. O.P.W. I Shri Paresh Nath Ghosh, Manager of the Company, states in his evidence that on the previous Saturday Shri D. N. Sabu handed over a notice to him with direction to display the same on the door of the factory. Shri Ghosh alleges that one copy of this notice was affixed to the factory gate and another copy on a piller in the front varandah of the factory premises. 10th December 1960 was presumably a Saturday, and if the opposite party's case be true, Shri D. N. Sabu ceased to have any connection with the business from before that date. So, Shri D. N. Sabu had no reason or occasion to hand over any such notice to the Manager. All the workers swear that no such notice was actually seen by them on the factory door or on any piller on any day.

It is not in dispute that certain Police officer cal to the factory premises on 12th December 1960 the instance of the Management. P.W. 6, § Lakshmi Kanta Banerjee, was the Sub-Inspector Police attached to the Dum Dum poilce-station the relevant time and he visited the factory on 1 December 1960. This Police officer also swc that he did not see any notice of closure at factory gate on 12th December 1960. So, it is v difficult for me to believe that any notice what ever was actually displayed by the Management 10th or 12th December 1960. This much appe from the deposition of P.W. 4, Shri Anil Kur Kayet, that the Manager raised some objection the worker's entering the factory premises on 1 December 1960, and in spite of his protest workers snatched away the key of the fact premises from the Manager, opened the fact door and entered into the factory. Subsequently, t Management sent an information to the police w. certain criminal allegations. The police came a put a few workers unders arrest. But after invegation the police submitted a final report a opined that the case was false. Be that as it m the workers could not thereafter enter into factory premises till 16th January 1961. Fr. Ext. 2 it appears that the workers submitted a jo petition before the Manager on 13th December 15 and protested against the closure of the factor door. It is nobody's case that any copy of t alleged closure notice was sent to the appropriquarters as required under the law. In this vi of the matter, the alleged closure also, if it was closure at all, was illegal for non-compliance w the statutory rules. On 13th January 1961 hower the Company wanted to employ only five of to old employees with effect from 16th January 19 (vide Ext. A-1). It is not clear from this not why and how these five workmen only we selected for further employment. This really len support to the workmen's case in the written state ment that the avowed purpose of the propriet was simply to dispense with the services of certa employees. Two female workers of these five aga were not actually employed or did not work f some reason or other. I shall discuss about the non-employment of the workmen concerned white deciding issue No. 2. For the present, I am consider whether this was a case of lock-out closure. The word "closure" implies the closure the business itself either permanently or temprarily. On the other hand "lock-out" implies the closing of a place of employment, or the suspensi of work, or the refusal by an employer to contin to employ any number of persons employed him. From the conduct of the employer alread discussed, it is sufficiently clear that Shri K. Sabu never intended to close the busines. It is also not his case in the so-called not issued that he was compelled to close dow the business on account of the dissolution of the close the busines partnership. In fact, as I have already mentione the notice was issued on behalf of the partnersh firm. Even apart from the validity of the notice itself, it is not sufficiently clear if by that notice the Component and the the Company really intended to close down the business or close down the place of business ( place of employment temporarily. To close down to business, and the notice by itself is not clear on the point. It may be urged that by the said notice to partnership concern at least on the partnership concerns at least on the partnership conc partnership concern called upon its employees

ive payment of their legal dues from one Biswas. In this connection, I may refer to the sition of Shri K. N. Sabu himself. It is clear his deposition that Shri Sabu does not know such T. Biswas. If closure was declared by the metor Shri K. N. Sabu and if no payment of was offered by him from his usual payment but from an imaginary person of an unknown ess, evidently there was no bona fides behind issue of this notice. This notice was not valid w also for non-compliance with the statute. I am unable to accept the contention that the rietor Shri K. N. Sabu really intended a closure he factory by this notice and not a lock-out. ce or no notice the fact remains that the place employment was closed with effect from 13th mber 1960, and the entire body of employees laid off till 16th January 1961. So, there is no tance in the contention that the present ence is bad, because it speaks of a lock-out and of closure. For all intents and purposes, the agement declared a lock-out of the factory, the employees were laid off. So, the question whether the Company had any justification this disputed lock-out. In the notice marked X Shri K. N. Sabu alleges that this unusual was taken on account of unavoidable circumses beyond their control and also for financial ulties, etc. Not an iota of evidence has been iced before this Tribunal to show what were unavoidable circumstances, if any, and how the unavoidable circumstances, it any, and now the tial difficulties, if any, actually arose. In his sition, however, Shri K. N. Sabu alleges that had to close down the factory because the nership business was dissolved. But I have adv mentioned that this is not the reason mend in the alleged notice. Sole proprietorship place of the duel proprietorship had nothing to with the lock-out. The learned lawyer for the ipany refers to Ext. 3 wherein it was mentioned Shri K. N. Sabu would have to pay certain only of money to the creditors. But it is ody's case that this debt if any was repayable and there and before the factory was bened. So, I refuse to believe that the change partnership had anything to do with the lock-out he factory. As I have already pointed out, the conduct of the proprietors in connection with so-called closure or lock-out was highly suspiis, and must have been motivated by extraneous ions. The business was there, the employees be there, and raw materials and machineries were there. The change of proprietorship did not any deadlock anywhere, and there was inly no unavoidable circumstance which might and to have compelled Shri K. N. Sabu to te a lock-out. The avowed purpose, as ly discussed, was to do away with the services ertain persons who were not to the liking of Management. So, without further discussion, ally hold that it was a case of lock-out, and was no justification for it. So, the workmen off by this unjustified lock-out are entitled to ensation in accordance with the provisions of From issue No. 1 it appears that there were uplovees in this factory on the eve of the dislock-out. It is also clear from pany's own document that the Company led to give further employment to five of them after the lock-out was withdrawn. Of these again, Shri Jay Chand Jha, Shri Nirayan Jha and

Shri Mohan Singh not only joined their employment after the lock-out was withdrawn, but they have also received payment of their dues from the Company (vide Ext. B-series). None of these three persons actually appeared before this Tribunal also. So, I leave their case out of consideration for the purpose of this case. As regards others, they will be entitled to compensation according to law, and this compensation will be assessed at the close of the award. The issue is decided accordingly.

#### Issue No. 2

This issue relates to seven persons. The workmen's case is that the proprietor refused to employ these seven persons when the factory was reopened after the lock-out. Of course, as I have already discussed the Company does not admit of any lockout. Be that as it may, the factory was reopened on 16th January 1961. It is nobody's case that the proprietor offered employment to the first five persons mentioned in the issue, i.e., five persons other than Srimati Sandharani Chakrabarty and Srimati Kalyani Debi, From the notice said to have been issued by the proprietor it appears that Srimati Sandharani Chakrabarty and Srimati Kalyani Debi, were also intended to be appointed with effect from 16th January 1961 along with three other persons. It is alleged on behalf of the Management that these two female workers did not join their appointment, even though they were offered job, but they did not report for duties subsequently also even though they were called upon for the purpose. As regards, Shri Harendra Narayan Das, the case of Shri K. N. Sabu is that he was only a domestic servant of the proprietor and that he was lawfully discharged with effect from 23rd December 1960 on account of his absence from duty from 13th December 1960. In this connection, the proprietor refers me to Ext. A, the letter of dismissal issued against Shri Das. Shri Das has examined himself before this Tribunal, and he swears that he was never a domestic servant of Shri Sabu. His clear case is that he was in employment of this hosiery factory, and that he actually used to work on a body machine. P.W. 5. Shri Jatin Chakrabarty, the owner of a Pan-Biri shop situate just near the factory gate, also swears that Shri Das was an employee in the hosiery factory. In this connection, I may also refer to the letter-head of Ext. A. From the letter it appears that Shri Das was an employee of Jagadish Hosiery Factory and the alleged letter of dismissal also was written on a printed letter-head of the factory itself. In view of these circumstances. I am unable to believe the story that Shri Das was really a domestic servant of Shri K. N. Sabu. I have reasons to believe that he was an employee of the hosiery factory along with other persons, and that he also was laid off along with others. Thus there is no escape from the conclusion that the five male workers of this issue were actually refused employment by the proprietor even after the lock-out was withdrawn.

As regards the two female workers, there appears to be some confusion. Ext. A-1 shows that these two female workers were intended to be taken in from 16th January 1961. But it also appears from Ext. 1-series that these two female workers addressed a letter to Shri K. N. Sabu on 16th January 1961, and Shri Sabu sent replies to them on 25th January 1961. From the contents of Ext. 1-series it also appears that these two female workers actually appeared at the factory gate on

16th January 1961 and 17th January 1961. So, it appears that either they were not allowed to work or they themselves refused to join their duties on those days. From Exts. A-2 and A-3 it appears on the other hand that these two female workers applied for leave with medical certificate, and that applied for leave with medical certificate, and that they could not join their duties in spite of their receipt of the Company's letter asking them to resume their duties. Of course, there is no evidence before this Tribunal to show that any leave was actually granted by the Management to either of these two female workers. Ext. 4 will show that these two female workers along with others went to the factory gate for resuming their duties, but the Manager refused to allow them to take up their work. In reply to this letter, the Management sent letters (Ext. 1-series); and these letters lead me to believe that though these two female workers appeared at the factory gate on 16th and 17th January 1961 along with other male workers, but they actually did not resume their duties for reasons best known to them. The Company later issued a letter to them asking them to rejoin their duties by a certain date. But it is alleged that these two female workers could not resume their duties in spite of the Company's letters, because they fell ill by that time. It is not unlikely that these two temale workers sent leave applications with or without medical certificate. But there is nothing to show that the Management actually condescended to grant them leave as asked for. Exts. A-2 and A-3 show that these two female workers went to resume their duties after 9th March 1961, but the Management turned down their prayer. To me it appears that for some reason or others, these two female workers pleaded their inability or found it difficult to join their duties on 16th January 1961, and the main reason was perhaps the fact that the male workers were unjustly refused employment by the Management on that date. The Company, of course, later sent letters to them asking them to join their duties, but they fell ill by that time and as a result they could not join their duties as directed by the Company. They asked for leave but the Management never granted it. They subsequently produced fit certificate and went to resume their duties, but their prayer in this respect fell on the deaf ears of the Management. Evidently, these two female workers prayed for long leave, and the Company was not pleased to grant the same. In the circumstances, I am afraid, I cannot find fault with the Management, because these two workers did not actually join their duties on 16th and 17th January 1961, even though they were asked to do the same, and the subsequent illness of theirs does not really alter the legal position so far as the Management was concerned. In this, view of the matter, I think, there was justification for refusal of employment to Srimati Kalyani Debi and Srimati Sandharani Chakrabarty. As regards other five male workers of this issue, the Management had no justification for refusal of employment to them, because they were not lawfully discharged or retrenched. So, these five male workers are entitled to compensation for the period of their forced unemployment. The matter of relief will be consideerd at the conclusion of the award. The issue is decided accordingly.

## Issue Ne. 3

The question is whether the dismissal of Shri Ramlal Shaw is justified. The case of the Management is that this Ramlal Shaw was an employee in

the Washing Department of the concern, and t Washing Department was closed sometime in 19 It is the definite case of the Management furt that Shri Sahw received payment of his dues in and final settlement of all his claims, and he has longer any case against the Management. I n mention here that Shri Shaw has not appea before this Tribunal and he has no evidence to contrary. From Ext. 5 it will appear that Company felt some difficulty in getting supply filtered water, and hence it was compelled to cl down this Washing Department. It is also evidence that this Washing Department is longer functioning in this concern. So, there reason to believe that the Company had to ch down the Washing Department for sufficiencesons, and this led to the consequent discha of the employees of this particular departme Though the Management has not produced; document to show that Ramlal actually recent payment of his dues after the closure of this pai cular department, yet more than one witness behalf of the Company swears that Shri Sh actually received payment of his dues conseque upon his retrenchment and this was also the ca of the Management in its written statement. In t absence of any evidence to the contrary I cann but accept this case of the Management to be tr So. I think, the termination of service of SI Ramlal Shaw is not without justification, and he not entitled to any relief in this case. The issue decided accordingly.

In deciding issues Nos. 1 and 2. 1 have found the some of the workmen concerned are entitled some compensation on account of unjustifial lock-out and refusal of employment to them. have also found that Shri Jay Chand Jha, Sh Narayan Jha and Shri Mohan Singh are not entitle to any compensation for the period of lock-or because they were offered employment after the lock-out and they also received payment of the dues amicably, presumably to their full and fin satisfaction. Admittedly, this concern used employ less than 50 workmen on an average, at as such sections 25C(2) and 25E of the Industri Disputes Act will not apply to them. Nevertheles on grounds of equity they are entitled to son compensation for the illegal or unjustifiablock-out. While dealing with issue No. 2 I has also found that the first five male workers of the issue are entitled to compensation for the period their forced unemployment. It is not the case the Management that it has not sufficient work for these five workmen at present. No reason has bee shown why the relief of reinstatement is not the proper remedy so far as these five workmen at concerned. So, considering the economic position of this basis of the conomic position. and size of this hosiery concern, I think, these fiv male workers should be reinstated in their forme position, and their services should be deemed t have continued without break. At the same time I also feel that a heavy compensation may prov fatal to this particular industry, in view of its siz considere and economic condition. So, my opinion is that the five male workers shall get 5 per cent, of their wages as compensation for the neriod of lock-out as also for the period of their forced unemployment. As regards the two femals workers shall get the period of their workers they workers the two femals are the period of their states and the two femals are the period of their states are the period of the period of their states are the period of the period workers, they will get 50 per cent, of their wages at compensation for the lock-out period only. and they are not entitled to any other relief. Other

orkers will not get any relief in this case. This yard must be given effect to as early as possible, id not in any case beyond 30 days of the publition of this award.

This is my award.

The above dispute over the issue given in the order of reference and reproduced below was referred for adjudication to this Tribunal by the invernment of West Bengal, Labour Department, order No. 1652-I.R./IR/4L-25/62, dated the 9th May 1962

### Issue

Is the dismissal of Shri Haradhan Chakraborty, cleaner, justified? To what relief, if any, is he entitled?

After receipt of this reference, the Tribunal issued notices to the concerned parties fixing 5th June 1962 for appearances and filing of written statement by the Union. On that date, it was found that the notice issued to the employer was duly served, but the postal acknowledgment of the notice issued to the Union had to the Union received back. The been not case was, therefore, adjourned to 14th June 1962 awaiting return of the postal acknowledgment of the notice issued to the Union. On 14th June 1962 it was found that the notice issued to the Union had been returned with the Postman's remark, "Not known". The employer put in appearance on that date through a representative. The Tribunal passed an order for writing to the Government for correct or fresh address of the Union and adjourned the case to 16th July 1962 for orders awaiting the Government's reply. In the meantime, on 26th June 1962 the Secretary of the concerned Union appeared and filed a petition for directing the office to make over the Union's notice to him and for fixing a date for filing written statement by the Union. Accordingly 5th July 1962 was fixed for filing written statement by the Union. On that date, there was no appearance by either party and no step was taken. The Tribunal suo moto adjourned the case to 18th July 1962 in order to give the parties one more chance to appear and for filing of written statement by the Union. On 18th July 1962 again there was no appearance by either party and no step was taken. From the absence of the parties before the Tribunal in the aforesaid circumstances, it is to be held that the dispute is not being pursued after its reference to this Tribunal and it has been given up by the parties and thus it has ceased to exist. So, the case is to be disposed of by a "no dispute" award.

In the result, I make a "no dispute" award in the case.

#### Issuc

Whether the termination of service of Shri Golam Rasul is justified? To what relief, if any, is he entitled?

Today (25th July 1962) is fixed for hearing of the case. The parties have filed a joint petition of compromise setting out the terms upon which the dispute under reference has been amicably settled between them and praying for an award on those terms.

I have heard the representatives of the parties and considered the terms of compromise. The terms appear to be quite fair, reasonable and lawful. I am satisfied that there has been a bona fide settlement of the dispute between the parties in terms of the joint petition. In the result, there is to be a compormise award as prayed for.

Accordingly, I make a compromise award in the case in terms of the joint petition of compromise filed by the parties, a copy whereof is made a part of the award as an Annexure.

### Issue

Whether the termination of employment of Shri Jetha Chetri is justified? To what relief, if any, is he entitled?

The case of Zilla Cha Bagan Workers' Union receinafter referred to as the Union), briefly stated, as follows: Shri Jetha Chetri, the workman entioned in the issue of the order of reference, as employed as a medicine carrier under Messrs. alingkote Tea Estate (hereinafter referred to as the ompany). He is a Nepali. There had been a series f disputes between the management of the ompany and the workers of the Tea Estate, and in hese disputes Shri Jetha Chetri as the President of he local unit of the Union was the spokesman of the workers before the management. He is loved and respected by all the workers. The management id not feel happy over his popularity amongst the rorkers. On 3rd November 1958 the Manager of Jalingkote Tea Estate enquired of him if he had saulted one Nepali woman named Saili Bowni. Ie replied in the negative. He also told the lanager that the woman who was married to an

old man was having some illicit connection with a youngman and this being a social crime, the Nepali community of the Garden, in accordance with social custom, convened a Panchayat for the matter on 1st November 1958 and that at the Panchayat the woman and the youngman were rebuked, when both of them, in utter disobedience of the elders, left the Panchayat. The Manager heard the report and told Shri Jetha Chetri that he should not interfere with personal life of a man or woman. To this Shri Jetha Chetri replied that he being a Nepali elder it was his normal obligation to see that normal moral codes were respected by the members of his community. He further told the Manager modestly that he was prepared not to intervene in these matters in future, if the Management was ready and willing to take steps and responsibilities in these matters. On 5th November 1958 Shri Jetha Chetri received by post three charge-sheets from the Manager of the Tea Estate, all dated 3rd November 1958. Shri Jetha Chetri gave reply to all the charges on 6th November 1958. The charge contained in charge-sheet No. 1 was that Shri Jetha Chetri had struck Saila Bowni with a torch. In reply to this charge Shri Jetha Chetri stated that he did not assault her and reiterated what he had verbally told the Manager. The charge contained in charge-sheet No. 2 was that he refused to accept the first charge-sheet. In reply Shri Jetha Chetri denied the charge and stated that no charge-sheet was issued to him on 3rd November 1958. The charge contained in charge-sheet No. 3 was that he adopted an insubordinate and disobedient attitude towards the Manager on 3rd November 1958 and used offensive words towards him. Shri Jetha Chetri denied that charge also. No enquiry about the charge-sheets was held according to the prescribed provisions and no opportunity was given to Shri Jetha Chetri to disprove the allegations brought against him. The Management however withdrew charge No. 1 and most arbitrarily found Shri Jetha Chetri guilty of the charges Nos. 2 and 3. On account of the second charge the Management punished him with suspension for three weeks under clause 13(c)(XX) of the Standing Orders. On account of charge No. 3 the Management dismissed Shri Jetha Chetri from service under clause 13(c)(1) of the Standing Orders. The charges for which Shri Jetha Chetri has been punished are false, and no proper enquiry about the charges was held. As Shri Jetha Chetri is the President of the local unit of the Union, the Union has reasons to believe he has been victimised for his trade union activities. So the Union contends that the termination of employment of Shri Jetha Chetri is unjustified.

The Company however states that a proper enquiry in respect of the three charges was held in presence of Shri Jetha Chetri. As the evidence at the enquiry in respect of charge No. I was insufficient to prove the guilt of Shri Jetha Chetri, it was held by the Enquiring Officer that that charge was not proved. The Enquirying Officer who was the Manager himself found the other two charges proved and punished Shri Jetha Chetri, as stated in the written statement of the Union. The Company is not aware that Shri Jetha Chetri is the President of the local unit of the Union nor is it aware of his trade union activities. So the Company denies the allegation of victimisation. As charges Nos. 2 and 3 have been proved at the enquiry, the Company rightly inflicated on him the punishments mentioned

in the written statement of the Union. Hence the Company contends that the termination of employment of Shri Jetha Chetri is justified.

### **Findings**

The then Assistant Manager and the Manager of the Tea Estate have stated in their evidence that they never received any letter from the Union informing the names of the office-bearers of the local unit of the Union. The Secretary of the Union however states in his evidence that the Union informed the Company the names of the officebearers of the local unit of the Union. He has however not proved that the letter was sent nor has he produced any copy of the letter. When the Company in its written statement has contended that it is not aware that Shri Jetha Chetri was the President of the local unit of the Union, the Secretary of the Union (P.W. 1) ought to have produced conclusive evidence that the Company was aware of the names of the office-bearers of the local unit of the Union. Both the Assistant Manager and the Manager have stated that Shri Jetha Chetri never represented to them the case of any worker. This statement of theirs remains unchallenged. So I hold that the Manager or the Assistant Manager was not aware that Shri Jetha Chetri was the President of the local unit of the Union, if it were a fact. So the plea of victimisation raised by the Union fails.

As no punishment was inflicted on Shri Jetha Chetri on account of charge No. 1, I do not enter into any discussion about that charge. As regards the second two charges, Shri Jetha Chetri says in his evidence that on 3rd November 1958 after he had described to the Manager what had happened in the line, the latter told him that he had no authority to hold a Panchayat and also told him that he would issue a charge-sheet to him for that reason. The Manager then asked him to leave, and he left. Shri Jetha Chetri wants to say that nothing else happened at that interview. The Manager and the Assistant Manager, however, say that after hearing Shri Jetha Chetri the Manager told him that he would issue a charge-sheet to him and that thereafter a chargesheet was prepared and handed over to Shri Jetha Chetri. Shri Jetha Chetri enquired of the Manager what it was; the Manager reiterated to him that it was a charge-sheet. Shri Jetha Chetri then threw the charge-sheet on the table and said that he would not accept the charge-sheet. The Manager then cautioned him that refusal to accept the chargesheet would merit the issue of another charge-sheet for the refusal and asked him to accept the chargesheet. Shri Jetha Chetri told the Manager in an angry tone that the latter might issue ten chargesheets to him, but he would accept none of them, and added that if the Manager gave him a written undertaking to accept the responsibilities of what happened in the line, he would accept the chargesheet. So in the following morning the Manager sent the three charge-sheets in three separate envelopes by registered post to Shri Jetha Chetri. Though Shri Jetha Chetri in his evidence has denied that anything of the sort described above took place, the Union in its written statement admits this much that Shri Jetha Chetri told the Manager that he was prepared not to intervene in these matters in future, if the Management was ready and willing to take effective steps and responsibilities in these matters.

So this statement of the Union lends some suppo to what has been described by the Manager and 1 Assistant Manager. It has been argued on beh of the Union that the enquiry by Shri Jetha Che on the charge-sheet being handed over to him as what it was is improbable. This conduct of S Jetha Chetri struck the Manager also as unusual: the Manager gave him the reply that he had j then explained to the latter what it was repeated that it was a charge-sheet. It appears fr the evidence of the Manager and the Assist Manager that Shri Jetha Chetri asked this quest as a prelude to his subsequent action of throw away the charge-sheet. So in the circumstances the case this conduct of Shri Jetha Chetri is improbable. It has also been argued on behalf the Union that since the second and third chal sheets were prepared after Shri Jetha Chetri left, the charges in both of them could be ente in the same charge-sheet. But this is of no col quence as regards the truth of the statement of Manager and the Assistant Manager; the Mana thought it proper to issue charges in separ charge-sheets instead of in one. Another paraised on behalf of the Union is that the fact throwing away of the first charge-sheet by Shri le Chetri has not been mentioned in the second cha sheet. As the second charge-sheet is on accoun-refusal to accept the first charge-sheet and as Manager did not want to make the fact of throw away the subject-matter of another charge, omission of this fact in the second charge-shee only natural. Both the Manager and the Assist Manager have deposed to the effect that a pro enquiry in presence of Shri Jetha Chetri was h There is no reason whatsoever to disbelieve t evidence on this point. It has been argued behalf of the Union that the then Head Clerk a Chowkidar who were admittedly present at time of the incident of 3rd November 1958 did depose at the enquiry. It is for the Managemen decide what witnesses it will produce at a dome enquiry. If the evidence of the witnesses produ at the enquiry, if believed, leads to the concluarrived at by the Enquirying Officer, and adjude ing Court has no power to interfere with the find Besides, both the Manager and the Assist Manager have given independent evidence before about the subject-matters of charge-sheets Not and 3. There is no reason whatsoever to disbeli their evidence, specially in veiw what has been sta in the written statement of the Union itself. Manager has stated in his evidence that in conof the talk on 3rd November 1958 Shri Jetha Ch flared up and began raving at him. There is reason to disbelieve this statement of the Mana It is clear from the evidence in this case that ! Jetha Chetri told the Manager that the latter mi issue ten charge-sheets to him, but he would accept any one of them and that Shri Jetha Ch also told the Manager that if the latter gav written undertaking to take responsibilities for w happened in the labour line, he would accept charge-sheet. This is a clear instance of insubor nation and as such comes within the clause 13(c of the Standing Orders. The evidence has a proved that Shri Jetha Chetri refused to accept first charge-sheet. This is a misconduct punisha under clause 13(c)(XX) of the Standing Orders cannot be said that the punishment of dismissal a misconduct of insubordination of this sort harsh.

In view of the above considerations, I hold that e termination of employment of Shri Jetha Chetri justified. As such he is not entitled to any relief. Dictated and corrected by me.

## AWARD

By order No. 3629-I.R./IR/11L-179/60, dated the 19th July 1960, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. The Scientific Instrument Company Ltd., 11 Esplanade East, Calcutta-1, and their workmen represented by the Scientific Instrument Company Employees' Association, 249 Bowbazar Street, Calcutta-12, regarding the matters specified in the schedule, to the Third

Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

#### Issues

- (1) Grades and scales of pay.
- (2) Dearness allowance.

This reference was made by the Government of West Bengal for adjudication of some industrial disputes existing between Messrs. The Scientific Instrument Company Ltd., 11 Esplanade East, Calcutta-1 (hereinafter be referred to as the Company) and their workmen represented by the Scientific Instrument Company Employees' Association (hereinafter be referred to as the Union).

Immediately after receipt of the reference both parties were duly summoned to appear. They entered appearance in time and filed their respective written statements.

Union's case in the written statement is that the Company is a Public Limited Company and a pioneer concern in the business of the scientific instruments having its market throughout India. The Company has its branches and selling centres at Calcutta, New Delhi, Bombay, Madras and Allahabad. Its Head Office is at Allahabad where there is a workshop of its own. The present dispute relates to the employees of the Calcutta branch only. Company manufactures and imports scientific instruments for education, research and industry. Its business has considerably expanded due to gradually increasing necessity of scientific instruments in this country, but in spite of its increasing prosperity the employees are not being properly and adequately paid wages. There is no grade for the employees and the dearness allowance remains fixed at a low rate for a considerable period in spite of gradual increase of the cost of living index. The Company is a member of the Bengal Chamber of Commerce but the rates of wages and dearness allowance, prescribed by the Bengal Chamber of Commerce have not been adopted by the Company for its employees. The Union submitted a charter of demands to the Company on 26th December 1957 and tried to settle up the dispute through conciliation but it yielded no result. Hence the reference.

The Company has resisted the Union's claim by pleading financial difficulties on account of gradually reduced quota of import licence and of foreign exchange difficulties. But in spite of all these difficulties the Company has been paying three months' bonus to all its employees regularly. It has denied Union's allegation of no existence of grade for the employees. Its contention is that excepting peons and packers and drivers rest of the workmen have proper grades and scales of pay, which compare favourably with the wages in other similar concerns. The Company admits that it is a member of the Bengal Chamber of Commerce but it contends that in view of its financial position it cannot adopt the scale of pay and dearness allowance recommended by it.

## Decision

Issue No. 1: Grades and Scales of pay
Union demands fixation of grades and scales of
pay in respect of the workmen of the Company

employed in its Calcutta Branch on the allegation that there is no proper grade for the said employees (vide paragraph 9 of its written statement). The Company denies the allegation of non-existence of grades and scales of wages. The Company's contention is that excepting peons and packers the rest of the employees have proper grades and scales of wages. At the time of hearing the Union had to admit existence of grades and scales of pay in respect of employees other than peons, packers and a driver. The Union's General Secretary is P.W. 2 Provat Kumar Chatterji who is a clerk in the Clearing Department of the Company. He and another witness P.W. 3 Santosh Kumar Sarkar who is also a clerk, admitting existence of grades and scales of pay in respect of staffs other than peons and packers. D.W. 1 Sushil Krishna Dutt who is the Manager of the Calcutta Branch of the Company has admitted that there is no fixed grades and scales of pay in respect of peons and packers. According to this witness, there are three existing grades of wages for clerks. They the as follows:—

- (1) Rs. 45-4-65--5-150.
- (2) Rs. 120-10-200--20--300.
- (3) Rs. 300--25--450.

Admittedly, therefore, there is no grade or scale of wages for peons and packers and a driver. According to D.W. I, the Manager of the Company, there are 29 clerks, 10 packers and peons and one driver employed in the Calcutta Branch of the Company. So far as the clerks are concerned there are grades and scales of pay in existence for them but there is none for the subordinate staffs. Union, of course, is not satisfied with the existing grades and scales, which according to the Union, are not fair and proper. It is clear from the evidence of some of the workmen examined by the Union that they are not satisfied with their existing grades and scales of pay. In the matter of fixation of grades and scales of wages of workmen, the essential condition to be taken into consideration is the capacity of the industry to pay. It is now wellsettled principle that in determining the capacity of the industry to pay, the relevant criterion should be the capacity of a particular industry in a specified region and as far as possible the same wages, should be prescribed for all units of that industry in that region, and this is known as the industry-cum-region basis for fixation of wages (1958 L.L.J., Vol. I, page 1). In the instant case the Company has stated that the existing grades are very fair inasmuch as they compare favourably with the wages in the similar other concerns (paragraph 8 of the written statement). But there is no evidence adduced by the Company to show that the existing grades compare favourably with the wage-rates in other similar concerns. There is no evidence to show the present pay scales in other similar concerns in the region. The Company has pleaded that it has got to face competitive market and that is why there is limited scope of profit in this particular business. Although that was the plea taken by the Company, but there is no evidence to show who are the rival competitors in the field of business and what are the present scales of pay in respect of their work-men. On this point the Union also has equally failed to bring in evidence. Therefore, for want of evidence it is not possible for fixation of wage scales on the industry-cum-region basis. But even then the financial ability of the Company will have to be taken into consideration in order to so whether the Company will have the capacity to be the extra burden of wage increase, if any. In the connection I may refer to a decision of the Calcut High Court reported in 1962 F.L.R. Vol. IV, page 3 which is as follows:—

"The increase in the wages can only be ma after a consideration of the financial ability of t Company to bear the increase after the tribun had come to the conclusion upon the eviden before it, that the Company had the capacity bear this increase."

In the case of Express Newspapers Private Ltc reported in 1961 L.L.J. Vol. I, page 339, the Hon'b Supreme Court has laid down the principles a fixation of rates of wages. In that case it was held that the bare minimum or subsistence wage wou have to be fixed irrespective of the capacity of the industry to pay because it is considered as a fixed charge on an industry. It is also well-recognise that in the matter of fixation of wage scales, the fact must not be overlooked that it is a long-tem operation and as such long-term view will have to be taken of the employer's financial position.

In the present case the Company has not, (course, specifically pleaded its inability to pay an reasonable wage increase but in any way it ha pleaded in paragraph 6 of its written statemer certain difficulties in the better prospect of # business. The Company has complained of foreig exchange difficulties, the increase in competition an limited quota of import licence granted by th Government of the country. I have already founthat there is no evidence to show existence of kee competition in this particular field of business. The Manager of the Company stated before the tribunal that the Company being the sole agent of some concerns in U.K., U.S.A., Holland and Germany, are not in a position to import instrument from eastern countries and other communis countries which accept rupee currency. Those concerns who deal with such countries, according to this witness, are in a better position than the concern but has not named who are those concern and there is no material to verify if they are really in a better position as depicted to be. On the contrary, if this concern being the sole selling agen of the reputed manufacturers of U.K., U.S.A., Wes Germany and Holland, it must be in a very favour able position in the field of this particular busines in view of its monopolistic position, irrespective o the restrictions time to time imposed by the Government on the quota of import.

Admittedly the Company's main business was import scientific instruments from Western countrelike U.K., U.S.A., Germany and Holland. The Company's contention is that its business prospect ivery gloomy now in view of the restrictions imposed by the Government on the import of foreign good and it is also experiencing foreign exchange difficulties. Government, as contended by the Company introduced quota system from 1954-55. It may be such restrictions might have had some immediate effect on the industry. But it does not appear to have had far-reaching and lasting effect on it. The Company's consolidated balance sheets (Ext. A series) will support this fact.

1c balance sheet of the year	Net profit. Rs.		
52 (Ext. 2)			and odd.
)54 [Ext. 2(e)]			
155 [Ext. 2(d)]			and odd.
156 [Ext. 2(c)]			and odd.
157 [Ext. 2(b)]			and odd.
)58 [Ext. 2(a)]	•••	2,81,706	and odd.

Company's net profit in the year 1955 was preciably less than the previous years and the illowing years. This might be due to introduction the quota system for the first time in 1954-55. he Company was making fairly a good profit from the immediate following year. It may appear that 1958 the profit was a little less than the two arlier years. On scrutiny of the balance sheet at 2 series it appears that this was due to increase 1 expenditure on account of increased D.A. introduced from that very year. In the year 1958 there are increase of expenditure on the head salaries and allowances—nearly by Rs. 60,000 than the year mediately before it. Therefore, the Company's ontention does not appear to be substantial. It may be that on account of restrictions imposed by he Government on the import of foreign goods, the company is not in a position to import any quantity of intrsuments which would have undoubtedly ielded larger profit, but that does not seriously flect Company's business. The Manager's evidence hows that the Company has been able to explore twenues to augment its profit by using consumer's nearly licences granted by the Government.

Then again, the Company has since started a actory of its own at Allahabad for manufacturing nstruments. It is in evidence of the Manager that he goods manufactured in the Company's factory in also being sold from the Calcutta Branch. So, here is no good ground for apprehension of leterioration of the Company's business. The fact remains that throughout the period of its existence thas regularly been making profit of fairly good imount.

It further appears from the evidence that the Calcutta Branch of the Company like the other branches have been making contributions to the Head Office every year. The Head Office of the Company at Allahabad is the central office of administration, and to meet the cost of administration of that office, the branches have got to make annual contributions to the fund of the Head Office. But this contribution, as it appears, from the evidence of the Company's Manager (D.W. 1 Shri S. K. Dutt), shows gradual increase. This contribution, of course, includes the amount of bonus paid to the workmen every year. But even then the amount of bonus paid to the workmen every year. But even then the amount of bonus paid to the workmen every year remaining almost invariable being three months' basic wages, there is hardly any justification for almost regularly increasing amount of contribution by the Calcutta Branch in 1958-59 was Rs. 64,550, in the year 1959-60 it was Rs. 70.502 and in the year 1960-61 it was Rs. 74,950. The Company could not place before the tribunal convincing materials to justify the regularly increasing contribution from the Calcutta Branch to the Head Office. Therefore, I have no hesitation to hold that the Company is in a position to bear an additional burden of reasonable increase of emoluments

of the handful of workmen in its employ in the Calcutta Branch. According to the Manager D.W. 1 there are only 29 clerks, 10 packers and peons and one driver employed in the Calcutta Branch of the Company.

The Company has urged that to justify any wage increase the Union must prove change of circumstances since the introduction of the grades and scales of wages. But neither the Company nor the Union has disclosed the year of introduction of the scales and grades of pay of the workmen still in vogue in the Calcutta Branch. A few workmen who deposed before the tribunal in this case have complained of hardship due to their inadequate amount of their wages. According to them, the existing scales of wages are unfair and improper and they are experiencing great difficulties. Of course, it is common knowledge that prices of essential commodities even, are appreciably on the increase and the fact remains that the Company itself found justification for introducing higher rates of D.A. from the year 1958 as admitted by the Manager of the Company. This fact clearly indicates the Company's admission of the change of circumstances. Then again, there is another significant fact, that very recently State Government has found justification for altering for the better the pay scales of all categories of its employees. Therefore, I hold that there has been change of circumstances to justify revision of the wage scales.

The Company's Manager has deposed that the Company was paying D.A. on slab rates, and the rates were revised in the year 1958. So, the workmen are getting revised rates of D.A. from the year 1958, in which particular year there was also an award given by the 3rd Omnibus Engineering Tribunal. That tribunal was also pleased to revise the rates of D.A. I have considered the rates so fixed by that Major Tribunal. I have also taken into consideration the wage scales fixed on revision for the different categories of Government employees. Of course, in their case pay includes dearness allowance.

In the fixation of pay scales the total emoluments of the workmen will have to be taken into consideration because it is now well-established that in the matters of fixation of wages tribunal should not look at the basic wages or dearness allowance, in isolation from one another. It is the total emoluments that matter. Therefore, I have taken into consideration the rates of dearness allowance that may be fixed in this case.

Regard being had to the well-settled principles as above referred to, and also in consideration of the facts and circumstances just stated I hold the following scales of pay and grades will be fair and reasonable for the workmen of the present concern at the present moment.

For the clerical staffs

Grade I—Rs. 65—4 -85—5—150.

Grade II—Rs. 120—10—200—20—300.

Grade III—Rs. 300—25—450.

For subordinate staffs Packers—Rs. 26—1—52. Peon—Rs. 24—1—50. Driver—Rs.—60—2—90. I do not propose to disturb two of the existing grades in respect of clerical staffs which, in my opinion, are fair and reasonable in the facts and circumstances of the present case. I have altered the existing Grade No. I for which I found some justification. In the matters of fixation of the above scales of pay and grades, I have not only taken into consideration the rate of dearness allowance I propose to fix in this case, but also of the admitted fact that the Company has been regularly paying bonus in the minimum of three months' basic wages every year. The grades and scales of pay so fixed by me will be no bar to the Company's exercising its discretion to offer better pay and prospect to a workman or workmen, in consideration of his extraordinary efficiency, loyalty, discipline and devotion to duty. These grades and scales of pay will not at the same time disturb existing higher pay of workmen, if any. In fixing the workmen to the proposed scales of pay, their present wages will be the guiding factor. If any workman is drawing a pay less than what is in the grade, for one year, then he will be pulled up to the next higher pay point.

The proposed scales of pay will take effect from the date when this award becomes enforceable under the Industrial Disputes Act, 1947.

#### Issue No. 2: Dearness Allowance

Admittedly the workmen of the Company are at present being paid dearness allowance at the rates as follows from the year 1958:—

Basic wages	Dearness allowance	
	Rs.	
Pay range up to Rs. 50	32.	
Rs. 51 to Rs. 100	42.	
Rs. 101 to Rs. 150	47.	
Rs. 151 to Rs. 200	50.	
Rs. 201 to Rs. 300	55.	
Above Rs. 300	65.	

It is in the evidence of the Manager of the Company that prior to 1958 it was a little less. The Company, according to this witness, increased the rate of dearness allowance by Rs. 7 in the case of workmen drawing wages up to Rs. 150 and by Rs. 5 in the case of those who are drawing more than Rs. 150. This fact is not denied by the Union. On the contrary, it is admitted by P.W. 3 Santosh Kumar Sarkar, a clerk of the Company. The Company increased the rates of dearness allowance from the year 1958 which shows that the Company was not altogether oblivious of the fact of sharp rise of the cost of living index. According to the Union this is not commensurate to the rise in the cost of living index. The Union has, of course, not specifically stated what the dearness allowance should be. But it is contended that the Company being a member of the Bengal Chamber of Commerce should in all fairness adopt the rates of dearness allowance recommended by the said body. The Company has admitted that it is a member of the Bengal Chamber of Commerce but it has pleaded its inability to adopt the rates recommended by the Bengal Chamber of Commerce in view of its financial position. It may be observed that the rates of dearness allowance recommended by the Benj Chamber of Commerce are known to be the more generous rate and are said to be the highest possil rates in India. Therefore, in the present finance position of the Company I do not find justificating for acceptance of the rates recommended by the Bengal Chamber of Commerce. In the fixation rates of dearness allowance two factors require to taken into consideration. They are: (1) Capaco of a particular industry, (2) It corresponds to the rise in the cost of living index.

I have already discussed the financial position the Company which will justify a revision of t present rates of dearness allowance to a some exte at least. I have alrady observed that it is comm knowledge that the prices have risen in the count Hence the demand for revision in the rate of de ness allowance cannot be altogether rejected. T Company, of course, found justification for revisi of the rates of dearness allowance in the year 19 but even the revised rates are found to be far belo the rates which should be. In the same year rat of dearness allowance were fixed on revision by t 3rd Omnibus Engineering Tribunal. I have tak into consideration the rates of dearness allowan fixed in that award and I have also taken into conderation the Company's capacity to pay in view its present financial position and accordingly I | the rates of dearness allowance as follows. I ( not propose to alter the slab system as existing present in this particular concern.

Basic pay range	Dearness allowance
	Rs.
Up to Rs. 50	36.
Rs. 51 to Rs. 100	46.
Rs. 101 to 150	52.
Rs. 151 to 200	58.
Rs. 201 to 250	64.
Rs. 251 to 300 and so on	70.

I would further direct that the dearness allowant will be liable to be increased or decreased, as the case may be, on the basis of rupee one for every points in the case of rise and fall of the cost of living index figure of 1962 as may be published in the Calcutta Gazette by the Labour Commissions of the Government of West Bengal. This will be effective from the date of operation of the award. This is my award.

An industrial dispute between Messrs. National Construction Company, Station Road, P.O. Burnpur, district Burdwan, and their workmen represented by the Union Contractors' Workers' Union, P.O. Burnpur, district Burdwan, over the following issue, has been referred to this Tribunal for adjudication, by the Government of West Bengal, Labour Department, Order No. 7505-I.R./IR/10L-261/61, dated the 1st December 1961.

#### Issue

l. Whether the termination of service of Sarbasri Ramsakal. Motilal and Golak is justified? What relief. if any, are they entitled to?

#### AWARD

Upon receipt of the order of reference on 5th December 1961, notices were issued upon the parties for appearance and for filing written statements.

The workmen represented by the United Contractors' Workers' Union of Burnpur, district Burdwan, duly filed the written statement on 22nd December 1961.

The employer Messrs. National Construction Co. of Burnpur after taking several adjournments filed the written objection on 12th April 1962. After conclusion of preliminary stages the case was fixed for hearing on 1st August 1962. On that date the employer appeared through the authorised lawyer Shri N. K. Mukherjee. The employer was ready with witnesses to be examined in this case. None, however, appeared from the side of the Union. The Union took no step to proceed with the case. I waited up to 2 p.m. for the Union and the workmen to turn up to proceed with the case. It appears that the workmen or the Union do not want to pursue the dispute any further. The case of the employer is that they supply labour on contract to Messrs. Indian Iron & Steel Co. Ltd. and the heads of labour so supplied are placed at the disposal of the latter Company which exercise all control and supervision of their work. It is thus alleged that this Company does not at all stand in the position of employer with reference to the workmen who are placed under the control of Messrs. Indian Iron & Steel Co. Ltd. It is further alleged that the contract for supply of labour was effective from 1st July 1961 to 30th September 1961 and, therefore, the services of these workmen automatically came to an end with the expiry of the period of contract. So far as these three work-men concerned in this dispute, the case of the employer is that the authorities of Messrs. Indian Iron & Steel Co. Ltd. are unwilling to accept supply of those workmen. It could not be possible for the Company to force the real employer to compel them to accept these three workmen in service.

In view of the fact that the Union or the workmen is not proceeding with the dispute, I find that the dispute ceases to exist and a "no dispute" award is accordingly passed.

Judge, Fourth Industrial Tribunal.

## EPARTMENT OF LOCAL SELF-GOVERNMENT AND PANCHAYATS

## RESOLUTION

No. 7179|M.1M-110|62.—1st October 1962.—The airs of the Balurghat municipality in the district of st Dinajpur have been a source of considerable neern to Government for some time past. Reports the local officers as well as the latest Audit and lministration Reports reveal a very disquieting state affairs in the administration of the Municipality e following are some of the instances of incomtency and default shown by the commissioners of said municipality in the performance of their ties:—

- The present Board of Commissioners is ridden by acute party faction which has seriously affected the administration of the municipality.
- (ii) The financial position of the municipality is far from satisfactory. For the last few years, collection has been extremely poor. The percentages of collection on the total demand in 1959-60 and 1960-61 were 34.68 and 30.72, respectively, and during 1961-62 it was only 32.12. It is obvious that no proper measures are taken by the municipal commissioners for collection of the rates and taxes. As a result, there is a large outstanding balance of taxes amounting to Rs. 2,45,565. If this state of affairs is allowed to continue and no effective steps are taken immediately for improvement of

- collection of the municipal dues, the administration of the municipality is bound to collapse in no time.
- (iii) In his notes of inspection of the accounts of the municipality, held on the 26th October 1961, the Examiner of Local Accounts observed that against a closing cash balance of Rs. 64,833 on the 30th September 1961 the liability on account of unspent balance of loan amounted to Rs. 80,117 apart from other liabilities. The financial position of the municipality was thus quite unsatisfactory.
- (iv) Owing to this precarious financial position, the commissioners at their meeting, held on the 31st October 1960, authorised utilisation of a sum of Rs. 2,128 out of the loan funds for payment of salary of the staff for October 1960. Such diversion of loan fund is prohibited by rule 202 of the Municipal Account Rules. Default in repayment of loans and their diversions for general purposes have become chronic features in this municipality. The amount outstanding on loan account at the end of the year 1961-62 stood at Rs. 1,85,139.
- (v) The total income excluding opening balance during 1961-62 was Rs. 1,47,490 whereas the total expenditure was Rs. 2,17,795. The percentage of total collection on total demand was 32.12 only. It shows that the municipal commissioners are indifferent in the matter of both reducing the expenditure and stepping up the income.

- (vi) The budget estimates for 1961-62 were passed at the special meetings held on the 24th March 1961 and 20th April 1961 and a copy thereol was submitted to District Magistrate on the 25th April 1961 although the due date for preparation and submission of budget estimates according to the rules expired on the 15th January 1961 and 15th March 1961, respectively.
- (vii) The municipal commissioners failed to submit the administration reports for the years 1960-61 and 1961-62 within the time prescribed in rule 1 of the statutory rules regarding submission of these reports.
- 2. After a careful consideration of the matter, Government have come to the conclusion that the commissioners of the Balurghat municipality have shown their incompetency to perform and have persistently made default in the performance of duties imposed on them under the Bengal Municipal Act, 1932, and the rules framed thereunder and that the present state of affairs cannot, under any circumstances, be allowed to continue without serious detriment to the interests of the inhabitants of the municipality.
- 3. In exercise of the power conferred by subsection (1) of section 553 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Governor is, therefore, pleased to declare the commissioners of the Balurghat municipality to be incompetent and in default and to supersede them for the period from the 4th October 1962 up to the 31st March 1964.

4. Ordered that this resolution be published in  $\mathfrak t$  "Calcutta Gazette".

## SCHEDULE II

## Disciplinary proceedings and punishments

1. General: Punishments shall be of two classes, namely, 194901 punishments and minor punishments. Major punishments include dismissal, removal from service, reduction, deprivation of approved service increment. Minor punishments include warning, censure (reprimand for misconduct), extra drill, extra fatigue duty, confinement to quarters and fine.

Suspension is not to be considered as a specific punishment, and is only authorised in cases where the continuance in office of an Officer pending enquiry into his conduct is prejudicial to the public interest. When the enquiry is completed, some definite order of acquittal or punishment shall be recorded.

- 2. Discipline during the period of suspension: Officers of all ranks when placed under suspension shall be subject to the same rules, regulations and discipline as when not suspended. Head Constables and Constables under suspension shall report themselves to the Assistant Commissioner of Police. Headquarters, where they shall be confined to quarters and not allowed to leave the Lall Bazar Police compound without the specific permission of the Assistant Commissioner of Police, or of some other officer letailed by him for the purpose. Officers of higher ranks may either be transferred to the Divisional Reserve or to the Headquarters Reserve at Lall Bazar. Such Officers, when suspended and transferred to the Headquarters, shall report themselves to the Deputy Commissioner, Headquarters, for orders. While under suspension they shall not be entitled to free quarters and shall, it so required, make their own arrangements for accommodating themselves and their families.
- 33 Effect of departmental punishment on prosecution: The fact that any departmental punishment has been awarded to a police officer shall not affect his liability to prosecution and punishment under any law for the time being in force.
- 4. Discharge or acquittal not a bar to departmental punishment: An order of discharge or acquittal of a police officer by a Court shall not be a bar to the award of departmental punishment to that officer in respect of the same cause or matter.
- 5. Retention in service of police officers sentenced by Criminal Courts: Every police officer sentenced by a Court for an offence implying moral turpitude shall, unless the Commissioner of Police otherwise orders, be dishussed.
- A police officer sentenced by a Court for an offence not implying moral turpitude shall ordinarily be dismissed but in trivial cases some more lenient form of punishment than dismissal may be awarded or the offender may not be punished. In such cases the proceedings shall contain a record of the reasons for dismissing or not dismissing the offender.
- 6 Cases in which criminal prosecution inexpedient: In the event of an officer being dismissed on account of an offence for which he is liable to be prosecuted, the reason which renders it inexpedient to prosecute the officer shall be recorded when the order of dismissal is made. Such reason, unless the officer making the order of dismissal considers it inexpedient, shall be included in the order, of which the dismissed officer shall receive a copy. No prosecution against a police officer shall be instituted except under the authority of the Commissioner or the Deputy Commissioner authorised in this behalf by the Commissioner. The complaint shall be made by the Commissioner or the Deputy Commissioner authorised in this behalf by the Commissioner or the Deputy Commissioner authorised in this behalf by the Commissioner.
- 7 Prosecution for defalcation and criminal misappropriation of Covrenment money or property: Ordinarily a police officer suspected of any form of monetary fraud against Government shall be prosecuted if there is a reasonable chance of the prosecution succeeding. The opinion of the local public prosecutor as to the likelihood of a successful prosecution shall be obtained in writing as early as practicable and whenever it is decided not to prosecute the police officer, the reasons for that decision shall be recorded in writing.
- 8. Absence without leave: When an officer absents himself without leave totherwise than by overstaving leave), and it is not thought desirable to grant him regular leave, the delinquent may be punished for misbehaviour after drawing up regular proceedings.
- 9 Proceedings: Proceedings shall be drawn up in the following manner in all cases where it is proposed to impose upon any officer any of the major punishments:
  - (i) No major punishment shall be awarded to any police officer of the subordinate ranks without drawing up proceedings against him in the prescribed form (Bengal Form No. 5322).
  - Note: The provisions of this paragraph shall not apply to proceedings based on a conviction made by a competent court or on the finding of a commission.

- (2) (a) The grounds on which it is proposed to take action shall be reduced to the form of a definite charge or definite charges which shall be communicated in writing by the authority drawing up proceedings to the person charged within a reasonable time together with a statement of the allegations on which each charge is based and of any other circumstance which it is proposed to take into consideration in passing orders on the case.
- (b) Before any charge or charges is or are framed against any police officer of the subordinate ranks, the charge or charges shall be approved—
  - (i) by the Commissioner when such charge or charges is or are framed against an Inspector, or
- (ii) by the Deputy Commissioner, in any other case.
- (3) The person charged shall be required to put in before an officer, hereinafter referred to as the enquiring officer, to be appointed in this behalf by the authority drawing up proceedings a written statement of his detence within such reasonable time as may be fixed by the authority drawing up proceedings, and to state whether he desires to be heard in person. If he states that he does not desire to put in a written statement or to be heard in person, this fact shall be recorded by the enquiring officer in the proceedings. Where the person charged from whom a written statement is so required fails to present the same within the time fixed as above, the enquiring officer may record a finding against him or may make such orders in relation to the proceedings as he thinks fit.
- (4) An enquiry shall be held if the person charged so desires or if the authority who has drawn up the proceedings so directs. Oral evidence may be adduced at that enquiry as to such of the allegations as are not admitted by the person charged and the person charged shall be entitled to cross-examine the witnesses and to have such witnesses called as he may require:
- Provided that the enquiring officer may, for special and sufficient reasons to be recorded by him in writing, refuse to call any witness cited by the person charged. The person charged shall be allowed to take copies of all evidence, both oral and documentary, tendered at the enquiry.
- (5) After the evidence of the witnesses and the further statement, if any, in defence of the person charged have been placed on record, the enquiring officer shall, in writing,—
  - (a) discuss separately each charge,
  - (b) arrive at a finding on each charge, and
  - (c) if he is empowered to award punishment to the person charged, make a provisional proposal as to the punishment to be awarded to the person charged or drop the proceedings according as the person charged is found guilty or not, and if not empowered to award punishment to the person charged, submit his findings to the authority empowered to award punishment to the person charged whereupon such authority shall make a provisional proposal as to the punishment to be awarded to the person charged or drop the proceedings, as the case may be. When the enquiring officer belongs to a department other than the police, the proceedings shall always be forwarded to the parent division/unit for final orders.
  - Note: In a case in which the enquiring officer does not pass the final order and recommends an order to the authority empowered to pass the same, the person charged shall be furnished with a copy of the enquiring officer's findings and/or the recommendation of the forwarding authority, so that the person charged may, at the personal hearing, be in a position to object to or refute anything therein stated which, in his opinion, is incorrect.

(6) (a) After the enquiring officer or the authority empowered to award punishment to the person charged, as the case may be, has made a provisional proposal as to the punishment to be awarded to the person charged, he shall, if the punishment proposed is dismissal, removal or reduction in rank, supply the person charged with a copy of the findings of the enquiring officer free of cost and he shall call upon the person charged to show cause within such reasonable time not exceeding one month, as may be fixed by the enquiring officer or the authority empowered to award punishment to the person charged, as the case may be, as to why the proposed punishment shall not be awarded to him:

## Provided that this clause shall not apply-

- (1) where a person is dismissed or removed from service or reduced in rank on the ground of conduct which has led to his conviction on a criminal charge,
- (ii) where an authority empowered to dismiss or remove from service a person or to reduce him in rank is satisfied that for some reason to be recorded by that authority in writing it is not reasonably practicable to give that person an opportunity of showing cause, or
- (iii) where the Governor is satisfied that in the interest of the security of the State it is not expedient to give to that person such an opportunity.
- Explanation: If any question arises whether it is reasonably practicable to give to the person charged an opportunity of showing cause against the action proposed to be taken in regard to him, the decision thereon of the authority empowered to dismiss or remove such person or to reduce him in rank, as the case may be, shall be final.
- Note: Where the provisional conclusion is different from the finding and recommendation of the enquiring officer, grounds for such conclusion shall be recorded.
- (b) The enquiring officer or the authority empowered to award punishment to the person charged, as the case may be, shall, after considering such cause as may be shown by the person charged against the proposed penalty and after considering the previous character of the person charged, award such punishment to the person charged as he thinks fit.
- (7) The authority empowered to pass the orders of punishment shall grant a personal hearing to the person charged it prayed for and then pass final orders:
- Provided that when the enquiring officer himself passes the final order, no personal hearing shall be necessary.
- (8) The provisions of paragraphs (3), (4) and (5) of this rule shall not apply where the person concerned has absconded, or where for other reasons the authority empowered to award punishment to the delinquent is satisfied that it is impracticable to communicate with him, but in all such cases the grounds for not complying with the said provisions shall be recorded.
- (9) When an order placing a police officer under suspension is made, the authority passing the order of suspension shall enter the fact in the order sheet and shall state in the order (whereby the police officer is placed under suspension) what amount may be drawn by such police officer as subsistence allowance during the period of suspension. An order releasing an officer from suspension shall state whether the period under suspension shall count towards service for leave and pension and shall also state what pay and allowances shall be drawn for the period during which he was under suspension (vide rule 72 of the West Bengal Service Rules, Part I).

- (10) A copy of the order of punishment shall be entered in the Deputy Commissioner's Order Book or the Commissioner's Order Book, as the case may be, and a copy thereof shall be furnished to the offender, his dated receipt being taken for the order and attached to the proceedings.
- (11) Proceedings in each year shall be consecutively numbered and the number of the proceedings together with the offence and the punishment shall be recorded in the service book or roll, as the case may be, of the offender.
- (12) The person affected by such proceedings shall, on his depositing the usual copying fees, be given a copy of the whole record of the proceedings:
- Provided that no fees shall be charged for supplying a copy of the whole record of the proceedings if the person affected thereby provides his own paper and a copyist for the purpose.
- (13) An order of punishment passed on the advice or with the concurrence of a higher authority shall be treated as an order of the higher authority.
- (14) An order of punishment passed in a proceeding shall not be modified or cancelled without the sanction of the appellate authority.
- (15) No proceedings shall be drawn up against an officer of the rank of Inspector without the sanction of the Commissioner, Proceedings against Inspectors shall be drawn up, and the enquiry shall be conducted, by a Deputy Commissioner.
- (16) (a) In the case of a serious misconduct by any officer of or below the rank of Sub-Inspector, the proceedings shall be drawn up by a Deputy Commissioner.
- (b) In other cases, proceedings shall be ordered by a Deputy Commissioner but the enquiry may be conducted by an Assistant Commissioner of Police.
- (17) With the exception of routine entries in the order sheet and the recording of the delinquent officer's "previous character", proceedings shall be written up by the enquiring officer.
- Note: (i) The enquiring officer shall finish the enquiry with as little delay as possible. As far as possible, day to day enquiry shall be held and the enquiry shall be completed and the findings shall be recorded within a reasonable period. In the case of a delinquent officer who has been placed under suspension, special effort shall be made to expedite the completion of the enquiry. If the enquiry is prolonged beyond a period of one month and a half in the case of officers under suspension, and two months in other cases from the date of receipt of the written statement of detence from the delinquent officer and of his reply stating whether he desires to be heard in person, a copy of the order sheet shall be forwarded to the Commissioner through the Deputy Commissioner, so as to enable him to see why the enquiry could not be completed within the scheduled time.
- (ii) The Deputy Commissioner shall pass final orders or make his recommendations to the higher authority within a tortnight from the date of receipt of the finding of the enquiring officer.
- (iii) When more persons than one are proceeded against on the same charge or charges as a result of joint delinquency at the same place and time, it shall be proper for the enquiring officer to hold a joint enquiry in the same proceedings file but each delinquent officer shall have the right of examining and cross-examining witnesses, submitting written defence and to be heard in person separately.
- (18) In a case where a police officer who has been suspended pending decision on disciplinary proceedings started against him, is dismissed or removed from service, that dismissal or removal trom service shall take effect from the date on which the relevant order is passed. The order of dismissal or removal from service cannot be given retrospective effect from the date of any earlier order.

10. General Rules as to Appeals: No appeal shall lie against an order imposing a minor punishment.

In cases of major punishments an appeal shall lie-

- (i) against an order passed by a Deputy Commissioner to the Commissioner;
- (11) against an order passed by the Commissioner to the Government, but no appeal shall lie against an order passed in any such appeal.
- 11. Period of Appeal and Procedure: Petitions of appeal shall be presented to the officer against whose order the appeal is preferred within 30 days of the date of receipt of the order by the petitioner.
- 12. Right to call for records: The Government or the Commissioner may call for the proceedings of any case even where no appeal lies and pass such orders as it or he may deem fit, provided that no order made under this rule shall be made to the prejudice of any person unless he has had an opportunity of showing cause against the proposed order.
- 13. Petitions cannot be submitted direct: (1) Others shall not submit direct to higher authorities, petitions or representations complaining of any order of dismissal, suspension or reduction, or any award of punishment passed or made either originally or in appeal. Any officer so doing shall be held guilty of a breach of discipline and dealt with accordingly.
- (2) Officers may, however, submit petitions to any higher authority complaining against any such order or award of punishment and praying for relict and shall present such petitions to the officer whose order or award is complained against and the said officer shall then forward the same to the higher authority.:

Note: "Petitions" includes memorials, letters and applications of the nature of petitions.

- (1) The provisions of this rule shall be in addition to, and not in derogation of, any rules or orders made by the Government in respect of representations submitted by recognised associations of Government servants.

PART VI.—Bills introduced in Parliament of India Reports of Select Committees presented to Parliament; and Bills published before introduction in Parliament.

#### LOK SABHA

The following Bill was introduced in Lok Sabha on the 21st August 1962 and is hereby republished for general information:—

#### BILL No. 72 OF 1962

A Bill further to amend the Constitution of India.

BE it enacted by Parliament in the Thirteenth Year of the Republic of India as follows:—

Short title and commencement.

- 1. (1) This Act may be called the Constitution (Thirteenth Amendment) Act, 1962.
- (2) It shall come into force on such date as the Central Government may, by notification in the official Gazette, appoint.

Amendment of Part XXI.

Special provision wtih

respect to the State of

Nagaland.

- 2. In PART XXI of the Constitution-
- (a) for the heading, the following heading shall be substituted, namely:—
  - "TEMPORARY, TRANSITIONAL AND SPECIAL PROVISIONS";
- (b) after article 371, the following article shall be inserted, namely:—
  - "371A. (1) Notwithstanding anything in this Constitution.—
    - (a) no Act of Parliament in respect of-
      - (i) religious or social practices of the Nagas,
      - (ii) Naga customary law and procedure,
      - (iii) administration of civil and criminal justice involving decisions according to Naga customary law,
      - (iv) ownership and transfer of land and its resources,

shall apply to the State of Nagaland unless the Legislative Assembly of Nagaland by a resolution so decides;

3025

- (b) the Governor of Nagaland shall have special responsibility with respect to law and order in the State of Nagaland for so long as in his opinion internal disturbances occurring in the Naga Hills-Tuensang Area immediately before the formation of that State continue therein or in any part thereof and in the discharge of his functions in relation thereto the Governor shall, after consulting the Council of Ministers, exercise his individual judgment as to the action to be taken:
- Provided that if any question arises whether any matter is or is not a matter as respects which the Governor is under this sub-clause required to act in the exercise of his individual judgment, the decision of the Governor in his discretion shall be final, and the validity of anything done by the Governor shall not be called in question on the ground that he ought or ought not to have acted in the exercise of his individual judgment;
- Provided further that if the President on receipt of a report from the Governor or otherwise is satisfied that it is no longer necessary for the Governor to have special responsibility with respect to law and order in the State of Nagaland, he may by order direct that the Governor shall cease to have such responsibility with effect from such date as may be specified in the order;
- (c) in making his recommendation with respect to any demand for a grant, the Governor of Nagaland shall ensure that any money provided by the Government of India out of the Consolidated Fund of India for any specific service or purpose is included in the demand for a grant relating to that service or purpose and not in any other demand;
- (d) as from such date as the Governor of Nagaland may by public notification in this behalf specify, there shall be established a regional council for the Tuensang district consisting of thirty-five members and the Governor shall in his discretion make rules providing for—
  - (i) the composition of the regional council and the manner in which the members of the regional council shall be chosen:
  - Provided that the Deputy Commissioner of the Tuensang district shall be the Chairman ex-officio of the regional council and the Vice-Chairman of the regional council shall be elected by the members thereof from amongst themselves;
  - (ii) the qualifications for being chosen as, and for being, members of the regional council;
  - (iii) the term of office of, and the salaries and allowances, if any, to paid to members of, the regional council;
  - (iv) the procedure and conduct of business of the regional council;

- (v) the appointment of officers and staff of the regional council and their conditions of service; and
- (vi) any other matter in respect of which it to necessary to make rules for the constitution and proper functioning of the regional council.
- (2) Notwithstanding anything in this Constitution, for a period of ten years from the date of the formation of the State of Nagaland or for such further period as the Governor may, on the recommendation of the regional council. by public notification specify in this behalf,—
  - (a) the administration of the Tuensang district shall be carried on by the (tovernor;
  - (b) where any money is provided by the Government of India to the Government of Nagaland to meet the requirements of the State of Nagaland as a whole, the Governor shall in his discretion arrange for an equitable allocation of that money between the Tuensang district and the rest of the State.
  - (c) no Act of the Legislature of Nagaland shall apply to the Tuensang district unless the Governor, on the recommendation of the regional council, by public notification so directs and the Governor in giving such direction with respect to any such Act may direct that the Act shall in its applition to the Tuensang district or any part thereof have effect subject to such exceptions or modifications as the Governor may specify on the recommendation of the regional council;
  - Provided that any direction given under this subclause may be given so as to have restrospective effect;
  - (d) the Governor may make regulations for the peace, progress and good government of the Tuensang district and any regulations so made may repeal or amend with restrospective effect, if necessary, any Act of Parliament or any other law which is for the time being applicable to that district;
  - (e) (i) one of the members representing the Tuensang district in the Legislative Assembly of Nagaland shall be appointed Minister for Tuensang affairs by the Governor on the advice of the Chief Minister and the Chief Minister in tendering his advice shall act on the recommendation of the majority of the members as aforesaid;
  - (it) the Minister for Tuensang affairs shall deal with, and have direct access to the Governor on, all matters relating to the Tuensang district but he shall keep the Chief Minister informed about the same;
  - (f) notwithstanding anything in the foregoing provisions of this clause, the final decision on all matters relating to the Tuensang district shall be made by the Governor in his discretion;

- (g) in articles 54 and 55 and clause (4) of article 80, references to the elected members of the Legislative Asembly of a State or to each such member shall include references to the members or member of the Legislative Assembly of Nagaland elected by the regional council established under this article;
- (h) in article 170-
  - (i) clause (1) shall, in relation to the Legislative Assembly of Nagaland, have effect as if for the word 'sixty', the words 'forty-six' had been substituted;
  - (ii) in the said clause, the reference to direct election from territorial constituencies in the State shall include election by the members of the regional council established under this article;
  - (iii) in clauses (2) and (3), references to territorial constituencies shall mean references to territorial constituencies in the Kohima and Mokokehung districts.
- (3) If any difficulty arises in giving effect to any of the foregoing provisions of this article, the President may by order do anything (including any adaptation or modification of any other article) which appears to him to be necessary for the purpose of removing that difficulty:

Provided that no such order shall be made after the expiration of three years from the date of the formation of he State of Nagaland.

Explanation.—In this article, the Kohima, Mokokchung and Tuensang districts shall have the same meanings as in the State of Nagaland Act, 1962.".

#### STATEMENT OF OBJECTS AND REASONS

In July 1960, an agreement was reached by the Government of India with the leaders of the Naga Peoples Convention under which it was decided that Naga Hills-Tuensang Area (Nagaland), which is at present a Part 'B' tribal area within the State of Assam, will be formed into a separate State in the Union of India.

- 2. The Agreement inter alia provides that-
  - (a) the Governor of the State of Nagaland shall have special responsibility for law and order for so long as the law and order situation continues to remain disturbed on account of hostile activities;
  - (b) the Governor shall have general responsibility with regard to the funds made available to the new State by the Government of India;
- (c) the administration of the .Tuensang District of Nagaland shall be carried on by the Governor for a period of ten years during which it is expected that the people of that area would be in a position to shoulder fuller responsibilities of administration. A Regional Council is to be

formed for the said Tuensang District comprising elected representatives from the tribes therein. This Regional Council will supervise and guide the working of the Village, Range and Area Councils in that district and further no law passed by the Nagaland legislature will extend to that district unless so recommended by the Regional Council;

- (d) Acts of Parliament shall not apply to Nagaland unless so decided by the Nagaland Legislature with regard to:—
  - (i) religious or social practices of the Nagas:
  - (ii) Naga Customary Law and procedure;
  - (iii) administration of civil and criminal justice involving decisions according to Naga Customary Law;
- (iv) ownership and transfer of land and its resources.
- 3. As these matters are peculiar to the proposed new State of Nagaland, provision with respect thereto has to be made in the Constitution itself. This Bill accordingly seeks to amend the Constitution to provide for the aforesaid matters and matters ancillary thereto. A separate Bill for the formation of the new State relatable to article 3 is also being introduced.

#### AWARD

The Government of West Bengal, Labour Department, by order No. 3536-LR, IR 8L 7(A) 60, dated the 13th July 1960, referred under section 10 of the Industrial Disputes Act. 1947 (XIV of 1947), the above mentioned dispute with its corrigendum No. 3130-IR, dated the 4th August 1960, to this Tribunal for adjudication.

- The following issue was framed in this case:-
  - (1) Whethe the dismissal of Shri Sarbeswar Bara is justified? What relief, if any, is he consided to?

This reference under section 10 of the Industrial Disputes Act is in respect of dispussal of the work-mail named for beswar vino was working in the Spiniang Department of the Company at Suryanagore, Asianse district Bur Iwan

The Unions as the property distance working the working of the researche was wrongfully dismissed as he was a memoer of the elecutive committee of the Union

It is the case of the Company that the workman under reference had been absenting himself from duty without leave of perfection on various occasions, as a result of which he was responsible for ioss of production, that he was charge-sheeted on 3rd December 1959 to which he replied on 5th December 1959, that an enquity was held on 12th December 1959 and the workman was present at the time of enquiry and he cross-examined the Company's witnesses and he was given all opportunities to delend himself and that the enquiring officer having found the workman guilty of misconduct for remaining absent from duty with a permission or leave, the Manager of the Company arranssed him from service with effect from 17th December 1959.

At the time of hearing neither the Union officials nor the workman under reference appeared to conduct the case of the Union representing the workman of the Company. The Company examined one of the Supervisors of the Spinning Department of the Mill who gave evidence giving details about the case. O.P.W. 1. Shii Bhupendra Chandra Sarkar, states that the workman under reference remained absent

from duty on a number of occasions without permis sion or leave, that in spite of several warning notice being given to him, he went on absenting himself troi duty without permission of leave and the Compar was, therefore, compelled to issue a charge-she against him. The Company has filed the charge sheet, the reply to the enarge-sheet, the warnir notices, and the records of proceedings of the enquir It appears that several warning notices had been give to the workman under reference for remaining absefrom duty without notice. It appears from record of the proceedings that the workman was given oppotunity to defend nimself. It also appears that I cross-examined the Company's witnesses and that I signed the records of the proceedings. I have got through the documentary evidence and considered the testimony of O.P.W. I and I have no doubt that the enquiring officer gave all opportunities to the worl man under reference to defend himself, that the cyidence given at the enquiry justified the dismiss of the workman as there was satisfactory evidenthat he had been absenting himself from duty without leave or permission on a large number of occasion I, therefore, hold that he was rightly dismissed; he not entitled to any relief claimed.

Dictated and corrected by me.

nd whereas in exercise of the powers conferred ection 33A of the Industrial Disputes Act, 1947 of 1947), the said Industrial Tribunal has licated upon the said complaint and submitted its d to the State Government;

ow, therefore, in pursuance of the provisions of on 17 of the Industrial Disputes Act, 1947 (XIV 947), the Governor is pleased hereby to publish said award as shown in the annexure hereto.

#### **ANNEXURE**

ne matter of an application under section 33A of the Industrial Disputes Act filed by Shri R. B. Giri, an employee of Messrs. Textile Machinery Corporation Ltd., against the said Company. (Case No. 55 of 1962 under section 33A.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

#### Present:

Shri N. B. CHAUDHURI, Judge, Fifth Industrial Tribunal.

#### Appearances:

For the Company: Shri S. R. Singh, Officer of the Engineering Association of India.

For the workman: Shri Jagannath Pandey, Advocate.

This is an application purported to be under section 33A of the Industrial Disputes Act by Shri R. B. Giri, a workman of the opposite party Company, complaining that he has been dismissed by the latter in contravention of the provisions of section 33 of the Act during the pendency of an industrial dispute before this Tribunal referred under Government Order No. 1124-I.R., dated 10th March 1961.

This application is opposed by the Company on the ground that in fact there has been no contravention as alleged, and as such the application itself is not maintainable.

I may at once point out that the Company really decided to dismiss the applicant and filed an application on 28th August 1961 before this Tribunal under section 33(2)(b) of the Act for approval of the proposed punishment. The present application has been filed on 6th June 1962 and during the pendency of the said proceedings. So, no question of violation of the provisions of section 33 does really arise. It may also be incidentally mentioned that the application under section 33(2)(b) of the Act has since been allowed on contest. So, the workmen concerned has

no locus standi to maintain this application under section 33A of the Act. The application, therefore, stands rejected as not manitainable.

This is my award.

No. 4617-I.R.|IR|10L-217|61.—4th October 1962. Whereas under the Government of West Bengal, Labour Department, Order No. 5873-I.R.|IR|10L-217'61, dated the 7th October 1961, the industrial dispute between Messrs. Mittra, Dass, Ghosh & Co., 172 and 233 Belilious Road, Howrah, and their workmen represented by Howrah Small Factories Workers' Union, 182 Belilious Road, Howrah, regarding the Issues mentioned in the said order being matters specified in the third schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Fifth Industrial Tribunal;

And whereas the said Fifth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

#### ANNEXURE

In the matter of an industrial dispute between Messrs.

Mitra, Dass, Ghosh & Co., 172 and 233 Belilious
Road, Howrah, and their workmen represented
by Howrah Small Factories Workers' Union, 182
Belilious Road, Howrah. (VIII-326/61.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

#### Present:

Shri N. B. CHAUDHURI, Judge, Fifth Industrial Tribunal.

#### Appearances:

For the Company: Shri S. K. Bhanja Chowdhury, Labour Adviser, Howrah Manufacturers' Association.

For the Union: Shri Anadi Das. President of the Union.

The Government of West Bengal by its Labour Department Order No. 5873-I.R. |IR|10L-217|61, dated 7th October 1961, referred to this Tribunal an industrial dispute between Messrs, Mitra, Dass, Ghosh & Co., 172 and 233 Belilious Road, Howrah (hereafter referred to as the Company), and their workmen represented by Howrah Small Factories Workers' Union, 182 Belilious Road, Howrah (hereafter referred to as the Union), for adjudication under section 10 of the Industrial Disputes Act.

The issues referred to this Tribunal for  $\mathsf{adj}_{udi}$  tion in this case are as follows:

- 1. Wages.
- 2. Dearness allowance.
- 3. Festival holidays with pay.
- 4. Leave.

#### AWARD

Both the parties have filed their respective writte statements in respect of the matter in dispute. The Union's case is that the Company, an old and repute engineering concern, has two factories—one a found shop engaging about 36 workers and the other machine shop employing about 10 workers—and engaged in the manufacture of different engineering products. But though the Company is growing and developing in all respects, its workers continue to be very much ill-paid. So, the Union asks for fixation of fair minimum basic wages and dearness allowand and also their holidays and leave facilities.

The Company's case on the other hand is that the was a tripartite settlement under section 12(3) of the Industrial Disputes Act in 1959, and the settlement is still in force and binding in the absence of any value termination thereof under section 19(2) of the Adard Accordingly, it is urged that the present reference being in violation of the settlement is not validate is alleged that the Company is a small concern working in two departments only and not two factories, contended by the workers. It is also submitted to, the financial condition of the Company is bad and not capable of bearing further financial responsibilit is urged that eight daye' festival holidays at actually being allowed besides statutory holiday under the Factories Act, and that the workers are notified to any further casual leave. Other facts of appear from the body of the award that follows

Before I consider the issues on merit, I m consider the preliminary objection raised by t Company. It is urged that in view of the provision of section 19(2) of the Act, the reference itself is be in the face of a tripartite settlement still in force at binding on the parties. Ext. B is a copy of the tripartite settlement, dated 3rd October 1959, whi purported to settle all outstanding points of dispu on the relevant date. The Company asserts that the settlement has not been terminated by any notice writing and not even verbally and so the settlement is still in force and no dispute can be raised in viol tion of the terms of settlement. Section 19(2) of t Act provides that such settlement shall continue to binding on the parties until the expiry of two mon from the date on which a notice in writing of intention to terminate the settlement is given by c of the parties to the other party or parties to settlement. Thus it appears that a notice in writ is necessary for terminating the settlement. No st notice in writing has been proved by either pal The Union or the workmen allege termination of settlement but fail to produce any notice in writing The Company denies receipt of any such not P.W. 1, Shri Hiralal Dhara, one of the works tries to say in his examination-in-chief that they he company that they have been such as the company that the company that they have been such as the company that the company that they have been such as the company that the company terminated that agreement by a notice served thro their Union. But in his cross-examination, he forced to admit that the agreement they had with Company is still in force. Thus an evasive allegal

f termination of settlement by a notice which does ot see the light of the day falls flat. The other orkman of this Company who deposes before this ribunal says that he cannot say if the Union sent ny letter terminating the agreement. No executive the Union ventures to come to the witness box and by that any notice in writing was so sent to the ompany or the Government. The Company denies ny verbal notice even. So, there is no escape from e conclusion that no notice in writing was actually ent to the Company. It is contended that a fresh harter of demands was served on the Company on 8th October 1960, and this may be treated as inplied or constructive notice of termination of the revious settlement (vide Ext. 1). But I may point ut that the Ext. 1 really purported to lay certain dditional claims only before the Management, but ic intention of terminating the existing settlement is of necessarily implied or clear therefrom. So, I find hat there has been no valid termination of the disputes including disputes regarding wages and lednal holidays and bonus. It intended to settle all conding disputes but it is not clear from the terms of settlement what other disputes, if any, were actually ending then. From the deposition of Shri Dasarathi shosh, one of the partners, it is however clear that Il claims in respect of leave also were settled by the greement. So, I find that the matter of increment f basic wages, leave facilities and holidays was settled the said agreement. So, the present reference in espect of these matters, is no longer valid as the revious settlement is still in force and binding too. t may be urged that the issue of dearness allowance as not the subject matter of that settlement, though ne other three issues might be settled thereby. It is fact that increment of one or two annas in the basic ages was allowed by that settlement. So, evidently iere was some dispute regarding basic wages of the But there is nothing to show that there was orkers. ny dispute regarding dearness allowance. Dearness llowance is calculated and paid separately in this company and the prevalent system from before the ettlement is or has been that it will be 25 per cent. If the basic wages. This shows that the matter of earness allowance is not proved to have been hit by he said tripartite settlement, and the present reference annot be said to be bad so far as dearness allowance s concerned. In the circumstances, I find that the Inion is not entitled to claim any relief in this eference in respect of wages, leave and festival holilays. The matter of dearness allowance alone emains to be considered in this case. So, issues Nos. 3 and 4 are not maintainable and decided ecordingly.

#### Issue No. 2

At present, dearness allowance is assessed at 25 per cent. of the basic wages. The Union is not satisfied with this system of dearness allowance calculation, for according to the present system highly and lowly paid workers are measured by the same yard stick. The Union claims fixed amounts of dearness allowance in slab rates for different grades of employees or I think the lower grades of employees with incomes of small amounts have been most hard hit by the rise in the cost of living, and they must be relieved at least to some extent of the hardships due to abnormal conditions still persisting in violent form. It is by now the accepted principle that higher rates of dearness allowance should be provided for the lower paid employees and that it would accordingly not be proper merely to adopt a percentage of pay or basic wages as the basis for the determination of dearness allowance. Accordingly, I hold that instead of taking percentage alone as the basis for determination of dearness allowance, some form of slab rates should be adopted for the purpose of dearness allowance. So, considering the claim of the workmen as well as the financial capacity of the Company in the light of present cost of living index. I direct that the dearness allowance should be assessed and allowed in the following way and according to the following

For total Basic wages per month.	Dourness allowance.		
Rs. I to 45	. Rs. 15		
Rs. 46 to 60	. Rs. 17		
Rs. 61 and above	. 25 per cent, of the basic wages or Rs. 18 which- ever is higher.		

The issue of dearness allowance is decided as above. This award shall be given effect to within one month of its publication.

This is my award.

At the beginning of the hearing of the case the Company raised a preliminary objection about the competency of the Union to represent the workmen mentioned in the issue of the order of reference.

After prolonged hearing about the preliminary objection I rejected it and proceeded to hear the merits of the case. The case was fixed for hearing for that purpose on 19th September 1962. On that day both the parties filed a joint petition of compromise. The terms of compromise are fair; so I accept them. The joint petition of compromise, a copy of which is enclosed herewith, will form a part of this award. Dictated and corrected by me.

#### **AWARD**

This is an application under section 33A of Industrial Disputes Act by the applicant emplo Shri Maheridra Singh Dhantwal against his emplo Messrs. Hindusthan Motors Ltd., complaining agai the latter's dismissing the former arbitrarily during pendency of an industrial dispute referred under 6. No. 2764-I.R., dated the 2nd June 1960, with complying with the provisions of section 33 of t Act.

The complainant's case is that he was a permant workman of the Company and went on two mond leave from 5th June 1960. He, however, applied a extension of his leave with medical certificate. B the Company arbitrarily terminated his services at thus dismissed him during the period of leave applied for without seeking approval of the Tribunal being which are industrial discounted by the time. which an industrial dispute was pending at the time

The Company opposes the application on the ollowing grounds. It is urged that in fact there has een no violation of the provisions of section 33 of the Act. Moreover in view of the agreement in writing, dated the 3rd August 1956, between the petitioner and Messrs. Hindusthan Motors Ltd., the petitioner of debarred from filing an application of the present fature without first exhausting the remedies provided a clause 24 of the said agreement.

As regards merit of the complaint, the Company's ase is that the petitioner was under its employment ill he abandoned his service due to his continued health and the Company by its letter, dated 15th September 1960, terminated his services in terms of clause 20 of the said agreement for his irregularity in attendance and or continued bad health. Previously he was repeatedly cautioned about possible termination of his services.

Other facts will appear from the body of the award that follows.

The points for determination are:

- Is this application barred by the provisions of clause 24 of the agreement, dated 3rd August 1956, between the parties?
- Whether the provisions of section 33 of the Act were violated? If so, whether there was any sufficient justification for the discharge or dismissal of the applicant?
- 3. What relief, if any, is the applicant entitled to?

#### Decisions

#### Point No. 1

The preliminary objection raised by the Company is that the applicant is debarred from filing the present application without exhausting the remedies provided by clause 24 of the agreement, dated 3rd August 1956, between the parties. Exhibit 4 is the agreement referred to, and the clause 24 thereof runs as follows:

"24. The law of the Indian Union will apply for interpretation of this agreement and the relationship between the employer and the employee. In case of any dispute arising between hereto, the matter will be referred to the Managing Agents of Hindusthan Motors Ltd., whose decision in the matter shall be final."

It is clear from the agreement also that the law of the land shall govern the relationship between the parties. So, it can never be intended by the parties that the law of the country will be derogated from. It is also provided that "any dispute arising between hereto will be referred to the Managing Agents." But it is not clear if all types of disputes were intended to be referred to such Managing Agents for final decision. The Company is a public limited one and Messrs. Birla Brothers (Private) Ltd., were the Managing Agents. Thus the Managing Agents represent the Management itself more or less. When the grievance is against the Management itself, I do not know how the Managing Agents—a party to the dispute—may be the sole and final arbiter in the matter, especially in respect of an industrial dispute in the face of clear provisions of law that remedies under the Industrial Disputes Act will be available to a workman irrespective of the agreement between

the employer and the employee. So, I am afraid, the provisions of clause 24 of the agreement cannot preclude the applicant from seeking remedy before this Tribunal in accordance with law. The relationship between workmen and employer is no longer guided and controlled by contract alone. In proper cases, the Tribunal can look into the matter and interfere also where circumstances so justify. As to section 34 of the Arbitration Act, the matter has already been considered by me in my order No. 13, dated 27th August 1962, and no question of applying the section any longer arises. I may also add that the present applicant raised a dispute in the matter of his discharge or dismissal, and he actually submitted the matter not only before the Company but also before Messrs. Birla Brothers (Private) Ltd., the Managing Agents, on the 11th of November 1960 (vide Ext. 3). The present application has been filed on 14th August 1961. Thus during the long period of 9|10 months before this application, neither the Company nor the Managing Agents cared to do anything in the matter. Thus in spite of the said agreement, the Company did not think it necessary to refer the dispute to the Managing Agents. The applicant nevertheless did refer the dispute to the Managing Agents in his own way, and yet the Managing Agents turned a deaf ear to it and did not care to give any decision whatsoever. So, it does not lie in the mouth of the Company any longer to say that the term of the said clause of the agreement precludes the applicant from seeking any relief before this Tribunal. In fact, the agreement also has been complied with by the applicant. Even during the pendency of the present proceedings, the line of action chosen by the Management does not show that the Company was ever eager or serious about any arbitration by the Managing Agents. The Company filed a written statement raising an objection on this point as well as on merit, and at first wanted me to decide the matter of this preliminary objection before taking up the case on merit. They never thought of section 34 of the Arbitration Act at all at that stage. I passed my Order No. 7, dated 19th April 1962, in that connection. The Company kept mum and I fixed again the final date of hearing. On the next final date of hearing again, the learned Counsel on behalf of the Company insisted on my deciding the matter of preliminary objection first in spite of my previous order. As I was not ready to hear the case part by part, the Company wanted some time to file a petition, but no petition came through-out the day. In the meantime, I got engaged with another case, and the hearing had to be adjourned. On the adjourned date, a petition purported to be under section 34 of the Arbitration Act was filed. This petition was considered and the prayer for stay was refused. Paragraph 6 of this last petition shows as if the Company was thinking of taking advantage of section 34 of the Arbitration Act only after knowing what would be the decision of this Tribunal on the preliminary objection. Thus it appears to me that the Company never seriously thought of arbitration either under the agreement or under the provisions of the Arbitration Act. Thus considering all facts and circumstances, I find that the application is not barred as alleged by the opposite party Company. The point is decided accordingly.

### Point No. 2

As the preliminary objection fails, I must look into the merit of the case. The fact is that the applicant

took two month's leave and went to Baneres for a change. Exhibit 9 read with the deposition of the workman before this Tribunal will show that he sent a wire to the Management on 6th August 1962 praying for extension of his leave for one month on medical grounds. He actually sent an application, 6th August 1960, also by registered post on 8th August 1960 along with a medical certificate praying for an extension. It is no body's case that the application with medical certificate and the telegram did not reach the Management. On receipt of this application, the Company neither allowed the prayer nor rejected it, but asked the workman to get himself examined by the Company's Medical Officer within 10 days. But the workman was lying ill at Banees and naturally failed to comply with the direction of the Company.
On 5th September 1960 he had to send another telegram asking for further extension of leave for one month on medical grounds. He sent formal application also on 6th September 1960 with a medical certificate in support of his prayer for extension of leave. On 15th September 1960, however, the Management sent the letter Ext. 1 to the applicant straightway terminating his services under clause b(i) of section C of the certified standing orders on the alleged ground of habitual absence. Thus the Company refused to consider the applications for extension of leave and simply dispensed with the services of the workman on the plea of habitual absence. Exhibit 4 will show that the workman as per terms of his employment was entitled to four weeks' privilege leave every year. He was also entitled to 15 days' sick leave every year. He put in about four years' service by the time he went on leave for two months with the previous sanction of the employer. He applied for two months' extension of leave prima facie on good grounds—the grounds of health—with medical certificates to support the prayer. It is nobody's case that he had no leave due to his credit at the time he asked for extension. Yet his prayer was neither allowed nor turned down formally, and the Company at once decided to terminate his services, the reason advanced for such termination being habitual absence only. Shri N. K. Birla in his deposition before this Tribunal tries to say that the workman concerned used to absent himself every now and then for 1/2 days. But not a scrap of paper has been produced to show such habitual absence. If he had applied for such leave now and then, the petitions could be produced. It is alleged that his personal file is missing or misplaced. But admittedly the Attendance Register of the workman is there, and if produced it would have shown on what date or dates he was absent from duty previously. So, I find that there is no sufficient material to establish the allegation of habitual absence. His absence on leave for two months on the last occasion cannot be treated as a case of habitual absence. So, the case of habitual absence has really no legs to stand upon. According to the workman, the allegation of missing of his personal file is also not a bona fide one. This contention of the workman gets a bit indirect support from the Company's attempt to shift grounds at different times for supporting the disputed discharge. In the letter of discharge, dated 15th October 1960, habitual absence was advanced as the ground. I have already shown that this case has not been established. There is also no satisfactory evidence regarding any cautioning of Shri Dhantwal for this alleged irregularity in attendance or habitual absence. The action was then purported to have been taken under section C, clause b(i)

of the standing orders. But Shri Dhantwal, the workman, was employed for a fixed term of five years at least, and the period was not over by that time, and so a simple termination under that section was not possible under the law. But in reply to Shri Dhantwal's letter, dated 11th November 1960, the Supply Manager pleaded that the termination took place under clause 20 of the agreement for continued bad health (and not habitual absence or irregularity of attendance). But I do not know how the conclusion of continued bad health was drawn. No such charge was levelled against him before his discharge and he was not given any opportunity to meet any such charge. The letter of discharge also pleaded a different ground, and that ground has been found to be baseless. The plea of continued bad health, I am fraid, is an afterthought and that plea cannot be taken any longer. Shri Dhantwal took two months' leave on the grounds of health and went for a change. Leave was due to him and he went on leave with prior sanction. If for some reason or other the medical advice was that he should extend his leave for reasons of health, it does not necessarily mean that he was suffering from continued bad health. Extension of leave might be due to temporary reasons or particular curable allment only. In fact this ground was not pleaded even at the time of his discharge. In paragraph 8 of the Company's written statement, it tries to say that the applicant abandoned his service due to his continued bad health. But there is nothing to show that Shri Dhantwal wanted to abandon the service on any such ground. Rather, he was too eager to retain his service and applied for extension of leave with all earnestness. It is urged that Shri Dhantwal did not appear before the Company's Chief Medical Officer for medical examination as directed by the Management. But I do not think that this was a fair or lawful request. When Shri Dhantwal was lying ill at Benares, it was idle to expect him to appear before the Chief Medical Officer at Uttarpara in that condition. Dhantwal no doubt replied in his own way and also asked for further extension of leave for medical reasons. It is also not clear why the Management failed to rely on the medical certificates produced by Shri Dhantwal. No opportunity was given to him to satisfy the Management regarding bona fides of his prayer. Under the circumstances, I am unable to find that the discharge or dismissal of Shri Dhantwal was in bona fide exercise of Management function on a valid and justifiable ground. It was not a case of automatic termination or voluntary abandonment of service by the applicant himself. So, it was incumbent on the employer to seek approval of the action under section 33(2)(b) of the Act. Nor do I find sufficient reason for such abrupt discharge in violation If there is leave to of all rules of natural justice. the credit of the employee and if extension of leave is prayed for bona fide reasons of health, it cannot by itself be treated as a misdemeanour meriting summary discharge or dismissal. If security of service is not respected up to a reasonable extent, no employee -however bona fide his conduct may be-is ever safe in the hands of his employer. Thus my considered opinion is that in the present case not only there was violation of section 33(2)(b) of the Act, but there was no sufficient justification also for the discharge or dismissal complained of. The point is decided accordingly.

## int No. 3

Now the only point for consideration is what remedy any should be available to the applicant. In his plication he asks for reinstatement and compensain for forced unemployment. I have seen Shri nantwal before this Tribunal and it is nobody's case at he is not fit to serve the Company any longer. served the Company in all for about 11 years, d I do not see why he should be deprived of his rvice. He is not guilty of any gross misdemeanour moral turpitude. Of course, it may be argued at he in his letter, dated 11th November 1960, Idressed to the Company (vide Ext. 3) expressed at he no longer wished to serve the Company on count of the unfair practice perpetrated upon him, ad claimed a big amount as compensation. But the ompany did not accept the offer. So, I think, that tter by itself cannot be a sufficient ground for comnsation in lieu of reinstatement. So, I think, the plicant should be reinstated as prayed for. adingly I direct that the applicant be reinstated and service will be deemed to have continued without eak. He will also be paid 50 per cent. of his back ges for the period of his forced unemployment as mensation. This award should be given effect to mpensation. early as possible, but not later than one month the publication of this award.

This is my award.

- (xii) Shri S. R. Sen Gupta-Baby Mill Operator Department.

The reference relates to an industrial dispute existing between Messrs. Dunlop Rubber Company (India) Ltd. (hereinafter referred to as the Company) and their workmen represented by the Dunlop Workers' Union (hereinafter referred to as the Union).

The dispute to be adjudicated upon is: Whether the dismissal of some 12 workmen by the Company is justified or not?

As usual immediately after receipt of the reference from the Government, notices were sent out for service upon the parties who entered appearances in time and filed their respective written statements. After filing of the written statements at their request, some adjournments were given to the parties for amicable settlement. Ultimately no settlement was effected and the then learned Judge of this tribunal refixed the case for hearing. The case was heard on contest, and both sides were assisted by learned Senior Consels. The Union examined three witnesses and the Company examined five, besides documents tendered into evidence on the side of both parties.

The Union's case in the written statement is that in the factory of the Company there are two Trade Unions—one is Dunlop Workers' Union and the other is Dunlop Rubber Factory Labour Union which is also known as No. 729 Union. The latter Union is recognised and patronised by the Company but not the other one. The former Union, namely, the Dunlop Workers' Union, came into existence in August 1957 and since then it has been safeguarding the interest of the labour in right carnest and thereby has gained popularity with the labour, so much so, that in the last election, all the three scats of the workers' representatives on the Provident Fund Trustee Board were captured by the members of the Workers' Union defeating all the candidates set up by No. 729 Union. The Company was very much alarmed at the growing popularity and power of the Dunlop Workers' Union and so it was out to help the other Union in all possible ways in order to serve their own interest by keeping the said Union alive.

All the 12 concerned workmen and some of the workmen numbering 22 who were charge-sheeted and dismissed by the Company following a domestic enquiry. All of them are members of Dunlop Workers' Union which is not in good book of the Company from the very beginning. What led to the charge-sheet is this: On the evening of 21st January 1960 one Raghunandan, an operator in the Mill Department and a member of No. 729 Union, abused his co-worker, Chandrama Chowbey, who is a member of the Dunlop Workers' Union. Raghunandan at the same time abused the Dunlop Workers' Union and its executives. This act of Raghunandan agitated other operators working in the Mill Department. The matter was immediately reported to Foreman, pleading for action against him under the standing orders. The Foreman advised the complainants to report the matter to the Night Superintendent at the close of the shift at 10 p.m. Accordingly it was reported to the Night Superintendent who sent for a representative of No. 729 Union in whose presence he wanted to hear the complainant. Lalji Pandey was the representative of No. 729 Union and who sat with the Night Superintendent and at the instance and instigaright Superintendent and at the instance and instance tion of Lalji Pandey, the complaining workmen who were members of the Workers' Union were not given proper hearing by the Night Superintendent. Then on the following day, i.e., 22nd January 1960, at the commencement of the afternoon shift, the complaining workers approached the Section Manager, who, althought gave an assurance of enquiry but he refused to remove Raghunandan to another machine till the enquiry is made. The Section Manager having refused that small request of the workmen which they made for their safety, were convinced about the partisan stand of the Management as on previous occasions when similar promises of the Management ended in smoke. So, the workmen of the Mill Department as a protest spontaneously stopped work from 22nd January 1960. Later on workmen of other departments also joined. Thereupon the Company altogether charge-sheeted 22 workmen. There was no fair and proper enquiry. But the Company with a mala fide motive to victimise the workmen dismissed all of them without any consideration whatsoever for their clean and meritorious service for a long period. The Company further made discrimination in the matter of reinstating some of the dismissed workmen and not the other in spite of appeal of the workmen.

There was no justification for dismissal of the  $w_{0r}$  men. Hence this dispute.

The Company's case in the written statement is the first 11 of the dismissed workmen belonged to t Duel Auto Mixing Department which is a part of t Mill Department and the 12th man was a Baby M Operator in the Mill Department. The normal coplement of workmen in the Duel Auto Mixing Depa ment is 12 and besides the first 11 workmen the was another whose name was Ram Chandra Mah He was working in the leave vacancy of Che No. 100 Raghunandan Das, that the Duel Auto M workers started "go slow" on 12th January 1960 a continued the same for about a fortnight. As a rest of that the normal output of 7 batches per shift w reduced to 14|15 batches per shift. On return check No. 100 Raghunandan Das from leave an resumption of work on the Dual Auto Machine, he co-worker Check No. 241 Chandrama Chowke resisted him from doing his normal work. Chargehand of the Department thereupon and Chandrama Chowbey not to cause any obstruction but to carry on with the normal work. That was on the change of th 21st January 1960 at about 6 p.m. About two hour later Chandrama Chowbey reported to the Chargehand that Raghunandan had abused the Union. Imme diately the matter was enquired into but Raghunandal denied the allegations. The Night Foreman also made an enquiry and Raghunandan repeated the same reply On the conclusion of the shift at 10 p.m. Chandram Chowbey accompanied by another dismissed workma S. R. Sen Gupta and a few others lodged a complair with the Night Superintendent against Raghunanda Night Superintendent immediately sent for Raghi nandan and also called in conformity with the standin orders, a representative of the recognised Union, by the workmen refused to place their grievance i presence of the representative of No. 729 Union. & the Night Superintendent made a report of the incider to the Manager of the Mill Department and sent copy of the Production Manager. On the followin morning the matter was discussed at the meeting of the Departmental Manager when it was decided the the Industrial Relations Adviser would hold a liminary enquiry into the complaint lodged Chandrama Chowbey. But at the commencement the afternoon shift some workmen staged a sit-do strike demanding immediate reply as to what act against Raghunandan Das was being taken. dismissed workmen not only participated in the str but they took prominent part in organising the sat Despite the Management's advices and request, dismissed workmen continued the strike which with unjustified and illegal having taken place during pendency of adjudication proceedings. So, Management had to issus charge-sheet against workmen who were mainly responsible for the strand go-slow tactics. Their explanations were tak. They were given opportunities to attend the enqu but they withdrew from the enquiry excepting No. S. R. Sen Gupta, who participated in the enquand made statement before the Enquiring Office The Enquiring Officer found them guilty of the char levelled against them. So, the Company had to pun the workmen by their dismissals. Ten of the d missed workmen, however, were re-employed on reconsideration of their individual cases. The workmen involved in the present reference no doi expressed their regret for their unlawful act

conduct but the Management could not re-employ hem in view of the extreme gravity of their misonduct. The Company has denied all other allegations of the Union and has contended that there would be no justification for reinstatement of the concerned workmen as claimed by them.

#### Decision

Admittedly the Company charge-sheeted 22 worknen of the Mill Department following a strike from 2nd January 1960. All the 22 workmen were chargeheeted not on the same day but on different dates. There was a domestic enquiry into the allegations and charges levelled against the workmen by an officer of the Company. Enquiring Officer found all of them guilty of the charges levelled against them and on his recommendations all of them were dismissed on 17th February 1960. At the intervention of the Government of West Bengal the Company re-employed 10 out of the 22 workmen. The present reference 10 out of the 22 workmen. The present reference relates to the dismissal of remaining 12 workmen. Of the 12 workmen, eight (Adalat Singh, Dukha Mahato, Balister Singh, Neemdhari Koiri, Koilaspati Singh, Thakur Singh, Bhadai Shaw and Hira Routh) were charge-sheeted on 25th January 1960 (vide Exts. C, C|1, C|3, C|5, E, E|2, E|4 and E|6). Three workmen (Joglal Hayam, Chandrama Chowbey and Bhannath Kahar) were charge-sheeted on 27th January bhaonath Kahar) were charge-sheeted on 27th Janu-iry 1960 (vide Exts. A. A|2 and A|4). The 12th workman (S. R. Sen Gupta) was also charge-sheeted in the 27th of January 1960 (vide Ext. G). The other workmen who have since been reinstated by he Company were charge-sheeted lastly on 29th January 1960 (vide Ext. 2 series). The charges against ill the workmen, we are concerned with in the present reference with the exception of S. R. Sen Gupta, are dentical although they were charge-sheeted on two lifterent dates, i.e., on the 25th and 27th January 1960. The charges against them are for not working properly since 12th of January 1960 in spite of equests by the Management, and also for refusing o start work in spite of the Management's requests rom the 22nd January 1960 and thereby they are aid to have contravened clauses 10(viii) and 10(xvi) of the Company's certified standing orders for perators. The 12th man S. R. Sen Gupta has been harged for refusing to start work from the 22nd anuary 1960 and that he did in spite of the Managenent's requests. The other 10 workmen who have ince been re-employed by the Company had against hem all the aforesaid charges and in addition to that here was another specific and direct charge of "go low" with effect from 14th December 1959 (vide ext. 2 series). at. 2 series). Therefore, undoubtedly those 10 workmen had against them graver and more serious harges than the workmen we are concerned with in he present dispute under reference. They had against hem direct and specific charge of "go slow" with flect from 14th of December 1959. The Enquiring Officer in his report (Ext. W) found all the workmen uilty of the charges brought against them and he ccommended their dismissal under the Company's tanding orders. The Company accepted the findings nd recommendations of the Enquiring Officer and lismissed all the 22 workmen but subsequently at the ntervention of the Government the Company agreed o re-employ 10 out of the 22 dismissed workmen. t appears from the Personnel Manager's notice, dated 7th June 1960, regarding re-employment of dismissed vorkmen (kept with the Exhibits) that at the request

of the Government of West Bengal, the Management agreed to re-employ 10 of the dismissed workmen from 13th June 1960 and to refer the cases of the remaining 12 men to the Industrial Tribunal for adjudication. Exhibit N is the Union President's letter, dated 11th June 1960, addressed to the Works Director regarding the re-employment and reinstatement of 10 of the dismissed workmen. The 10 workmen had to express regret in writing as agreed upon. The said undertakings are attached to the President's letter, Ext. N. So the Company re-employed 10 of the dismissed workmen. The workmen involved in the present reference appealed to the Company in writing (Ext. O) for reconsideration of their cases and for re-employment in view of the extreme hardship experienced by them. But the Company did not grant their prayer. It may be noted that the workmen involved in the present dispute are all workers of the Dual Auto Mixer Mill excepting S. R. Sen Gupta who was a Baby Mill Operator. It is admitted by the Company that at the instance of the workmen of the Dual Auto Mixer there was a dispute regarding their wage rate which ultimately had to be referred to this Tribunal for adjudication, and it is also admitted that at the relevant time the said reference was pending before this Tribunal. The workmen of the Dual Auto Mixer were not satisfied with their wage rates fixed by the Company in consultation with the representatives of the Dunlop Rubber Factory Labour Union which is also known as No. 729 Union (hereinafter referred to as No. 729 Union). The Company recognised that Union and refused to give any recognition to the present Union although it is also a registered Union and has since gained better power and position in the factory. This fact is very patent from the Enquiring Officer's admission that the representatives of this Union though unrecognised by the Company have secured all the seats of the employees' representatives in the Board of Trustees, in the Employees' Provident Fund, by defeating all the rival candidates who are members of the recognised Union. According to the President of this Union the Company has been showing undue favour to the No. 729 Union and rendering all possible helps to the members of that Union and at the same time denying reasonable facilities and proper justice to this Union. It is also clear from his evidence that there had been occasions when the members of No. 729 Union were encouraged by the conduct of the Company indulging lawlessness and physical violence against the members of this Union. The President has cited specific instances in which he himself was humiliated at the hands of unruly members of No. 729 Union. The Company promised to hold an enquiry but it was a mere eyewash. The present Enquiring Officer Shri Maitra (D.W. 4) was also entrusted with that enquiry and according to him he could not complete that enquiry on account of interruptions. He has produced that enquiry proceeding (Exts. X and X|1). It is strange that such a powerful Management could not effect an equiry to the finish and could not come to any definite finding. The Enquiring Officer says that no action was taken in view of the conflicting nature of the evidence. It is very difficult to accept his testimony in view of the fact that at one time he says that the enquiry was not complete and at the same time he says that the evidence was conflicting. Be that as it may, the fact remains that the matter was not finally concluded. So the workmen of this Union had naturally grievance against the Company and

evidence shows that there had been some more clashes and conflicts between the members of the recognised No. 729 Union and the present Union and the Company did not attend to the complaints made by the members of this Union against members of the recognised Union which has been enjoying the confidence and special tayour of the Company. The Company and special favour of the Company. might not have recognised more than one Union but instead of showing particular favour to a particular Union, the Company should have meted out equal treatments to all the workmen irrespective of their affiliation to the one Union or the other. The series of correspondence addressed to the Works Director by the President of this Union (Ext. 1 series) will bear testimony to the fact just stated. So, the members of this Union had reason to complain against the Company of the differential treatment meted out to its members. D.W. 4 Shri Maitra who was the Enquiring Officer admits that he too held the previous enquiring officer admits that the best abandoned it on the plea of interruptions. He also admits to have conducted the election of representatives to the Board of Trustees to the Employees' Provident Fund. So, it seems that the Company has a special choice for this officer in the matter of holding domestic enquiries. I have gone through his enquiry report (Ext. W). The officers on whose evidence he relied upon to arrive at his findings have spoken differently on oath before this Tribunal. They are responsible officers of position. Their testimony before this Tribunal was straightforward and convincing. It is difficult for me to disbelieve their evidence given before this Tribunal on oath which very much goes against the findings arrived at by the Enquiring Officer Shri Maitra. Relying upon their statements recorded by the Enquiring Officer at the ex-parte holding of the enquiry he found all the workmen charged with "go slow" but strangely enough there is no direct and specific charge of "go slow" against the 12 workmen involved in the present reference. All that in the charge-sheet is that they did not work properly. In the cases of other 10 workmen whom the Company re-employed after their dismissal following the findings of the Enquiring Officer there was specific and direct charge of "go slow" as will clearly appear from the charge-sheets, Ext. 2 series. Undoubtedly "go slow" is a graver charge and a serious misconduct if established beyond doubt. It is very clear from the evidence of D.W. I Mr. Ering Lobo who was the Section Manager of the Mill Department that there was no "go slow" charge against any workman other than four of them who are—Kappal Mohato, Koilas Pandey, Biswanath Singh and Scosagar Chaudhury, and all the four workmen, according to this witness, have since been reinstated by the Company. They worked in the Banbery Section of the Mill. His clear and unambiguous evidence is that no workman other than these four were charged with "go slow." It may be noted that this officer who is directly in charge of the Mill Department issued the charge-sheets. So, he is the most competent witness on this point. regards the slowing down of output this witness has clearly spoken that from the 12th January 1960 the output was reduced on account of breakdown and waiting for supply of compound. He is the officer directly in charge of this Mill Department. He is supposed to have first-hand knowledge of the working of the mill and the day-to-day output and the breakdown of the machineries or other operational diffi-culties experienced in the working of the mills. The next superior officer is D.W. 2 Mr. Isher Singh who

is the Scnior Section Manager of the Mill Department He admits that reasons for low output, if any, are always recorded in the Log Book. The relevant Log Books (Exts. S, S|1 and S|2) have been produced but there is no such remark like "go slow" appearing in the Log Books from 15th January 1960 to Officer Shri P. K. Maitra himself had to admit in his evidence before this Tribunal. D.W. 3 Mr. Mc Gowen is the Night Superintendent. He has similarly admitted that there is no such remark like "go slow" in the important registers of production like Log Books (Ext. S series) during the relevant period of January 1960. D.W. 5 Shri S. Batabyal, the Chargehand who directly was in charge of the workmen of the Dual Auto Mill, has also clearly admitted in his evidence before this Tribunal that in this important register of production, namely, the Log Books (Ext. § series) there is no such remark in the appropriate columns during the relevant period. This officer of the Company who can claim the firsthand knowledge This officer of of the working of the Dual Auto Mixer Mills has no only denied the allegation of "go slow" but also has admitted the Union's contention that the workmen o the Mill Department were experiencing mechanical and operational difficulties sometimes after the intro duction of the festoona which was introduced just a few months before the relevant period as we get from the evidence of D.W. 1 Mr. Lobo that the Company was experimenting with this festoona which company was experimenting with this festoona which actually started yielding result for more than three months after its introduction. D.W. 5 Shri Batabyal who is the Chargehand and who has long been in service of the Company for about 21 years has admitted that from the 12th of January 1960 onwards on almost every working day the Mill Department was experiencing operational difficulties, so also mechanical defects and in support of which he pointed mechanical defects and in support of which he pointed out from the Log Book maintained by that department that from the 12th of January onwards on every working day they had to record breakdown and loss of time due to defects either in the Banbery Mill or in the Dual Auto Mixer Mill. Therefore, the result is bound to be less production than normal and usual. He has further admitted that the festoona which was introduced shortly before the relevant time was not working smoothly and there was loss of 'time on account of defective running of the festoona and consequently there was reduced production. It me be noted that on the statements of these witness the Enquiring Officer came to the finding that the charge of "go slow" was proved against all the wormen. But their evidence on oath before this Tribuna which I have just discussed, clearly negatives the finding of the Enquiring Officer arrived at on the charge. The Enquiring Officer himself, as I have pointed out, had to admit that the Log Book is the charge in very important and regular register maintained in the Production Department of the mill, and in that ve important register there is no such remark appearing in the appropriate columns which would have normal been noted had it been a fact. Therefore, the witness on whose statements the Enquiring Officer based h findings have given a rude shock to his finding arrived at in the ex-parte enquiry.

The Enquiring Officer found all the workmen guilt of "go slow." But, as I have already observed, the there is no direct and specific charge of "go slow against the workmen involved in the present reference. That additional charge is there in respect of the other

orkmen who have already been re-employed and instated by the Company for reasons best known to The Personnel Manager's notice, dated 17th inc 1960, shows that at the request of the Governient of West Bengal the Management decided to renploy 10 of the dismissed workmen which they etually did from 13th of June 1960 on acceptance f expression of regret in writing. In the matter of election of some workmen out of the 22 for reaployment the Company had absolute discretion and here is no evidence to show that there was any struction or any advice came either from the Govrnment or from the Union. The Company's decision the matter went against all the workmen of the Jual Auto Mixer Mill. It may be noted here that here are six such mills and each of them is operated by a pair of workmen. So, there are 12 workmen employed in the Dual Auto Mills and out of the 12, are the concerned workmen and the 12th man was Raghunandan who was a member of No. 729 Union which as a recognised Union is in the good book of the Company and has been in enjoyment of pecial favour and privileges as I have already disbussed and has been available from the correspondence on the record exhibited on the side of the Union. There is no convincing and satisfactory evidence on he side of the Company to show why the Company preferred to re-employ the workmen other than the workmen of the Dual Auto Mill Section in spite of the act that those workmen had graver and more serious harges against them than the Dual Auto Mill workers and of which they were found guilty by the Enquiring Officer, a man of their own. One need not travel very ar to find out the motive. It is admitted by the Company that they had to face a reference before his Tribunal because of a dispute raised by the work-nen of the Dual Auto Mill Section regarding their That dispute was pending before this wage rate. Iribunal at the relevant time. According to the Union the then existing wage rate was grossly inadequate and thoroughly unsatisfactory. The then wage rate of the Auto Mill workers was fixed by the Company in consultation with the representatives of No. 729 Union. There is no denial to this fact given by the Company's witnesses. It may be remembered that almost all the Dual Auto Mill workers excepting. solitary Raghunandan were members of this Union and not of the Company recognised Union. The Dual Auto Mill workers raised their grievance but the Company did not attend to their legitimate grievance. I call legitimate because ultimately the Company found it and proper to raise the wage rate amicably. burely the Company found justification for it. So, must hold that there was reasonableness in the bemand to increase the wage rate of the Dual Auto Mill workers and the Company agreed to increase their wage rate and accordingly ultimately there was in award on compromise given by this Tribunal and was published in the "Calcutta Gazette," dated 31st March 1960, at page 1065. Therefore, there can be no manner of doubt about the reasonableness of the lemand for increase of wage rates by the workmen of the Dual Auto Mill Mixer Department. It may hiso be noted that it appears from the award published at page 1066 that the memorandum of settlement was signed on behalf of the Company by P. K. Maira, the Industrial Relations Officer, who is the Enquiring Officer in the present case. So he is well equainted with the dispute raised by the workmen If the Dual Auto Mixer which ultimately the Company

thought fit to settle up amicably by allowing increase of wages as claimed by the workmen. The Company, as I have already observed, entrusted to the same officer Shri P. K. Maitra the enquiry against the very same workmen who raised the dispute and which ultimately the Company thought fit and proper to yield to demands of the workmen and to settle up amicably instead of fighting over the issue before the Tribunal.

D.W. 3 Shri P. K. Maitra held the enquiry after due notice to the workmen who appeared before him and asked his permission of being represented by an educated representative of their Union. Admittedly excepting Shri S. R. Sen Gupta all other workmen are illiterate. They wanted an educated representaare illiterate. They wanted an educated representa-tive of their Union to watch the proceeding on their behalf. But Shri Maitra turned down the requests on the plea that it is not permissible under the standing orders. Clause 13(c) of the Operators' Standing Order provides that the operator may call any recognised Union representative for his choice to participate in the enquiry and the investigation. In the instant case to call a representative of the recognised Union to participate in the enquiry is nothing but to call the adversory or the opponent to represent them which is against all common sense and sense of natural justice. We may do well to remember the genesis of the trouble. P.W. I Chandrama Chowbey and another Raghunandan while working in a Dual Auto Mill had some troubles. One is said to have abused the other and at the same time used abusive language against the present Union of which Chandrama Chowbey was a member. Raghunandan happens to be a member of the Company recognised Union, namely, No. 729 Union. The matter came to such a pass that hundreds of workmen of the Mill Department had to stop work from 22nd January 1960. The trouble occurred on the 21st of January 1960. The matter was forthwith reported to the Chargehand Shri Batabyal (D.W. 5) and then to the Night Foreman, then to the Night Superintendent Mr. Mc Gowen (D.W. 3) and also reported to the Section Manager Mr. Lobo (D.W. 1) and to the Senior Section Manager Isher Singh (D.W. 2). So, the matter promptly reached the ears of responsible officers of the Company. The matter also reached the top level officers right up to the Works Director without any loss of time. But unfortunately the Company did not take adequate and proper action to prevent the trouble being spread over. The Management ought to have been resourceful enough to nip it in the bud. I believe they could have done it had they really meant business sincerely without any motive and spirit of partisanship. The assurance given by the Management that they would hold an enquiry into the matter satisfied the workmen of the Mill Department, but what they immediately wanted is that Raghunandan and Chandrama Chowbey who had frictions and troubles should not be allowed to continue together in the same mill, but they should be separated. The Company could have easily averted this trouble by removing both of them to two other mills instead of removing one to another mill. But instead the Company from the very beginning started to please the representatives of the Company recognised Union, viz., No. 729 Union, and calling the representative of that Union to be present whenever the workmen approached the authority to place their grievance. Therefore, in view of the past conduct of the Company

in not showing the proper consideration and not taking the reasonable attitude in the matters of complaint coming up from the members of this Union, there was nothing unnatural for the workmen to entertain doubts and suspicions about the bona fides of the intention of the Company to hold an enquiry in future. The immediate action demanded by the work-The two workmen who were men was very simple. not pulling on well would have been easily separated out and asked to work in two other mills with two other operatives instead of insisting on their working together in spite of their being at loggerheads. doubtedly the Management gave assurance of an enquiry into the matter and the workmen took it on its face value and demanded some immediate step in the matter of smooth and peaceful work in the Dual Auto Mill Section by removing Raghunandan or by removing both Raghunandan and Chandrama Chowbey from the same Dual Auto Mill to two Dual Auto Mills in view of the fact that the said two workmen have been at loggerheads and are not working peacefully. But the Company did not accede to this reasonable and fair requests even when the situation was found to grow worse and beyond control. It was a plain and simple request coming from the workmen. It involved no loss of prestige of the Company or without any implications in it. At least there is no evidence on this point. But the Company maintained its stiff attitude without any reason. At least no reason has been disclosed in evidence before this The workmen naturally entertained some Tribunal. doubts and suspicion about the Company's bona fides of holding an enquiry as promised because of the Company's past acts and dealings as apparent from the workmen's petition, dated 25th of January 1960, addressed to the Works Director through the Section Manager, etc. (Ext. 5). As a matter of fact, the workmen's apprehension proved correct and the Management ultimately put up a notice Ext. 6, stating that the Management found no necessity in holding an enquiry into the complaint.

Coming to the enquiry that was held by the Company's officer Shri P. K. Maitra (D.W. 4) into the allegations against the workmen as per charge-sheets against them, I find that the workmen applied for permission to be represented by an educated representative of their Union but the Enquiring Officer advised them to be represented by a member of the Company recognised Union, i.e., Union No. 729. This advice was given by Shri Maitra following the provisions for the operators' standing orders [vide clause 13(c)] which provides that the operators may call any recognised Union representative of their choice to participate in the enquiry and investigation. Of course, it was held by the Hon'ble Supreme Court in the case of Tata Locomotive and Engineering Co. Ltd. that "the workman against whom an enquiry is being held by the Management has no right to be represented at such enquiry by a representative of his Union though of course the employer in his discretion can and may allow his employer to avail himself of such assistance".

So, the employer has been given the discretion to be used in proper cases to allow his workmen being represented by a representative of his Union. It is well known that in a country like ours where majority of the workmen are illiterates who deserve to be represented by a representative of his Union who has at least some education and intelligence. The

Company's standing orders provide for a representativ of a recognised Union. In the present case there i only one Company recognised Union, i.e., No. 72 Union. The Company did not recognise the othe Union although duly registered and well establishe by its activities and strength of majority. So, in thi case to ask the charge-sheeted illiterate workmen to represented by a representative of the Compan recognised Union is to ask the opponent to representent which is against all sense of justice and which to my mind, is an indicative of want of good faith So, the workmen had to withdraw from the enquir for want of proper and useful representative. Onlone S. R. Sen Gupta who is the Baby Mill Operato attended the enquiry and made statement.

We may profitably refer to the genesis of the trouble. There are six Dual Auto Mills, each of then is operated by a pair of workmen. One such mil was being operated by Raghunandan, a member of No. 729 Union, and P.W. 1 Chandrama Chowbey, a member of the present Union. Raghunandan and Chandrama Chowbey had troubles on 21st January 1960. The allegation is that Raghunandan not only abused Chandrama Chowbey but also used abused and filthy languages against his Union. So, not only Chandrama Chowbey but also other workmen of the Mill Department took exception to the act and conduct of Raghunandan. The matter was promptly reported to all the appropriate authorities including the Works Director. But the Management in the matter of taking action started showing their leanings towards their favourite Union, namely, No. 729 Union, and it refused to hear the workmen's complaint and grieveree without the presence of a representative of the favourite The Night Superintendent could have heard Union. the complaint in absence of Lalji Pandey, the President of the favourite Union. Then he could have asked the representative to come in order to make a thorough enquiry in his presence. But from the very beginning the Company's officers refused to hear anything in absence of the President of their favourite Union to which the workmen of the other Union resented. The Company could not offer any sausfactory explanation as to why they insisted on the presence of the President of their favourite Union even at the time of hearing the grievance and complaint of the workmen concerned. So, in my view the Management is partly responsible for the unhappy situation so created. The Company could have cally averted the trouble had it shown a little prudence and wisdom at the beginning. The workmen who are generally illiterate masses deserve to be tackled and treated tactfully, fairly and with almost equal care and There should be no discrimination considerations. or differential treatment. Unfortunately, in the present case there is enough materials to show that there was unreasonable discrimination and differential treatment meted out to the concerned workmen who are members not of the Company recognised Union. i.e., No. 729 Union, but of the other Union not in the good book of the Company.

The Management in their all-out attempt to discredit this Union not only refused to listen to their demands and complaint of P.W. 1 Chandrama Chowbey of other workmen of the Dual Auto Mill Section who are members of the unfavourite Union without the presence of Lalji Pandey, the President of the favourite Union No. 729, but also refused to accede to the simple request of separating both the quarrelling workers of

wo rival Unions so long working in the same mill. It is commonsense that without mutual co-operation etween the two operators the Dual Auto Mill can ardly be profitably operated and that co-operation hardly expected of the two non-co-operating and thing workmen. There was no point in the fomplany's insistence on their working in the same bual Auto Mill. There are six identical mills operated y six pairs of workmen. So, there was no difficulty accede to the simple requests of removing both of the nem to work in two other mills with some other o-workers.

The Enquiring Officer advised the charge-sheeted vorkmen to be represented by a representative of the Company recognised Union, namely, No. 729 Union, of which Raghunandan was a member. So, the charge-sheeted workmen were asked to be represented by heir opponent which can hardly be an acceptable suggestion. So, the charge-sheeted workmen had to withdraw from the enquiry. The Enquiring Officer held it ex-parte excepting in the case of S. R. Sen Gupta, the Baby Mill Operator.

I have already found that the Enquiring Officer's indings and conclusions are based on ex-parte evidence of the Company's officers. The very same officers are evidence before this Tribunal and what they tated on oath before this Tribunal are found to be uite contrary to and in no way supporting the findings f the Enquiring Officer. On the other hand, the ndings of guilty of "go slow" has been definitely isproved by the evidence of the very same witnesses nd the Company's documents about which I have ready discussed at length. Therefore, the Enquiring officer's finding on the charge of "go slow", I am onstrained to hold, was perverse being disproved by the very same witnesses who are responsible officers f the Company and whose clear admissions before is Tribunal went counter to the findings of the nquiring Officer. Not only their clear evidence on ath before this Tribunal but also the Company's laterial registers and documents, namely, the entries the Log Books have clearly shattered the basis of ie findings. I have already discussed the motive of ictimisation of the workmen of the Dual Auto Mill. hese workmen raised the dispute regarding their wage ite, and the dispute was referred by the Government this Tribunal for adjudication and ultimately the ompany admitted reasonableness of the workers' mand and amicably increased their wage rates and lowed the reference to be disposed of on compromise an award on compromise to which I have already

The workmen's repeated requests having been red down by the Management they had no other ternative but to stop work in protest. The Management's attitude, as it appears, was unusually stiff and yielding which should not have been specially in e circumstances and nature of the present case. It admitted by the Company that the workmen are all iterates excepting S. R. Sen Gupta of Baby Mill ctron. The workmen had no option in view of e attitude taken by the Management but to resort the stopping of work which they did peacefully thout resorting to any violence. Their stopping of ork may be amounting to strike and as such it might so have amounted to illegal strike in view of the nding proceedings before this Tribunal. But it ould be remembered that it is well settled that a

strike is "a recognised weapon of the workmen to be resorted to by them for asserting their bargaining power and for backing up their collective demands against an unwilling employer" (1954 L.L.J. Vol II 372). The same view has also been expressed in another decision reported in 10 F.J.R. 240 (1956-57). Of course it has been impressed upon that it should be used as a last resort when all other avenues of settlement have proved lutile. I have already found that the Management have shown unreasonable obduracy in not acceding to the simple request of obduracy in not acceding to the simple request of removing either Raghunandan or both Raghunandan and Chandrama Chowbey, the two fighting and quarrelling workmen, to two other mills. The chargesheets, Exts. A, A/2, A/4, C, C|1, C|3, C|5, E, E|2, E|4 and E|6, will clearly show that the workmen simply refused to start work. There was no charge of instigation or inciting others to stop work. There was no charge of violence or act of intimidation or was no charge of violence or act of intimidation or any other subversive act. The workers of the Mill Department stopped work spontaneously. The chargesheets are completely blank as to any allegation of inciting or instigating others to stop work or so far as any complaint of violence or any other subversive act. The charge-sheets were issued by no other person than Mr. Lobo (D.W. 1) himself who is the Section Manager of the Mill Department-an experienced officer and has long been in service of the Company for over 20 years. Therefore, regard being had to the allegations in the charge-sheets it may be observed that the workmen were mainly charged for having refused to start work despite the Management's requests. There is no other allegation of inciting or instigating others to stop work or fomenting any trouble or doing of any act of violence or of intimidation or of any other subversive act. More than 100 of the workmen of the Mill Department stopped work spontaneously, because of the Company's un-sympathetic and unreasonable attitude and also partisanship as complained of by about 100 of workmen of the Mill Department in their petition, dated 15th January 1960 (Ext. 5), addressed to the Works Director through the proper channel.

Admittedly at the relevant time there was a proceeding pending before this Tribunal. It was a dispute regarding the wage rates of the Dual Auto Mill workers who complained of inadequate and unfair wages fixed for them by the Management in consultation with the Company's favourite Union No. 729. So, at the instance of the workmen of the Dual Auto Mill there was a reference made by the Government of West Bengal to this Tribunal for adjudication. That matter was pending at the relevant time when the workmen had to resort to stopping of work amounting to strike. Therefore, in view of the provisions of section 23(b) of the Industrial Disputes Act this action of the workmen became illegal, and being illegal it also became unjustified (vide 16 F.J.R. 397). Admittedly the Company ultimately had to admit reasonableness of the demand of the workmen of the Dual Auto Mill Section by increasing their wage rates amicably although the Company appreciation a bit late, and in terms of the joint petition of compromise there was an award on compromise made by this Tribunal on 8th of March 1960 and published in the "Calcutta Gazette," dated March 31st 1960, at page 1065. So, the Company admitted the reasonableness of the wage-increase demand of the workers of the Dual Auto Mill Section, only after dismissing all the existing workmen at whose instance

the dispute was raised. The workmen were dismissed on 17th February 1960 and the amicable settlement was arrived at in March 1960. This is another instance of unfair labour practice and victimisation.

No doubt the simple stopping of work by the workmen amounted to strike which was peaceful and non-violent in nature but technically it became illegal because of provisions of section 23(b) of the Industrial Disputes Act and because of the pending proceedings before this Tribunal, but the nature of the strike must not be ignored or lost sight of. I have already pointed out from the very charge-sheets against the workmen that there was no allegation of inciting others to strike or no allegation of violence or instigation or intimidation or of any subversive act on the part of the charge-sheeted workmen. So, it was a peaceful and non-violent strike as will clearly and unambiguously appear from the charge-sheets which are the earliest documents giving the correct picture of the situation and without enough opportunity of embellishments and improvements. The Enquiring Officer found the workmen guilty of participating in illegal and unjustified strike. There is no denying the fact that in the eye of law the action amounting to strike was illegal and unjustified in spite of the fact that it was peaceful and non-violent. So, I am inclined in the circumstances of the present case to hold that it was a technical illegality and it would work extreme hardship on the peaceful and nonviolent workmen who had to refuse to work because of the Company's unyielding attitude to a reasonable demand of the workmen, if this technical illegality would cost the poor workmen their bread and butter. This matter of extreme hardship has already received due consideration of the highest court of justice in the country and our Hon'ble Supreme Court has already confirmed the stand taken by the Hon'ble Labour Appellate Tribunal in the case of Punjab National Bank Ltd. and their workmen (1959 L.L.J. Vol. II, page 666) in holding that "though the strike was illegal it was peaceful and non-violent. On the ground that mere participation in illegal but peaceful and non-violent strike does not justify dismissal of the participant, it directed the bank to reinstate 136 employees." In the instant case there is nothing in the charge-sheet more than refusal to work. In the case of Burn & Co. Ltd., and their workmen reported in 1959 Vol. I, L.L.J. 450, the Hon'ble Court was pleased to hold that mere participation in the strike would not justify their suspension or dismissal, and cannot necessarily involve the rejection of strikers' claim for reinstatement.

In the present case it is admitted that the concerned workmen are not the only persons who participated in the stopping of work but all the workmen of the Mill Department numbering more than 100 (vide Ext. 5) participated in the act of refusing to work amounting to strike which was peaceful and nonviolent throughout. In another case reported in 1961 L.L.J. Vol. 1, page 303, the Hon'ble Supreme Court was pleased to place reliance on the decision taken in the case of Burn & Co. Ltd. and their workmen [1959 (I) L.L.J. 450] and observed that "it could not be said that mere participation in an illegal strike would justify the suspension or dismissal particularly when no clear distinction could be made between those persons and the very large number of workmen who had been taken together in service although they had participated in the strike. There

is no doubt that if an employer makes unreasonal discrimination in the matter of taking back employe there may, in certain circumstances, be reason for a Industrial Tribunal to interfere." I have already fou that more than 100 workmen of the Mill Department resorted to refusal to start work amounting to stril But the Company charge-sheeted workmen of t Dual Auto Mill Section and Banbery Mill Secti and dismissed all of them but subsequently re-employ and reinstated the workmen other than the workm of Dual Auto Mill Section and a solitary worker the Baby Mill. There has been a clear discrimin tion by the Management and the workmen of t Dual Auto Mill Section have been punished. T motive for the punishment has already been foun The workmen of the Dual Auto Mill Section raised dispute for which the Company had to face th Tribunal for an adjudication which, of course, ult mately, the Company amicably settled up only sign dismissal of the workmen at whose instance the disput was raised. So, the motive is crystal clear. The Management made a deep-seated plan to root out the workmen of the Dual Auto Mill Section at whose instance there was a dispute which the Government of West Bengal was pleased to refer to this Tribanal for adjudication.

I have already pointed out from the charge-sheets that the simple allegation against the worknen was that they refused to start work despite the Management's requests. Therefore, having taken into consideration the entire facts and circumstances disclosed from the evidence on the record I have no hestation in my mind to conclude that the finding of the domestic enquiry was perverse for reasons I have already given at length. The Company was also guilty of unreasonable discrimination and that there have been unfair labour practice and victimisation against the employees involved in the present reference

Unquestionably the Management of a concern has power to direct its own internal administration and discipline but that power is not unlimited and when a dispute arises Industrial Tribunals have been given power to see whether the power has been asily and properly exercised in accordance with the principles of natural justice. The Tribunal has no power to act as a Court of Appeal but the Tribunal an interfere only—

- (1) when there is want of good faith,
- (2) when there is victimisation or unfair labour practice.
- (3) when the Management has been guilty of basic error or violation of the proceptes of natural justice, and
- (4) when on the materials, the find is completely baseless or perverse. [1258 (I) L.L.J. 260 and 1961 (I) L.L.J. 511].

I have already found victimisation and unfair labour practice and also the finding of the Enquiring Officer as perverse because the basis of his finding was shattered by the same set of Company's witnesses and documents before this Tribunal. "Victimisation" has been defined in the case reported in 64 C.W.N page 304 as one of the two things—"the first is that the workman concerned is innocent and yet he is being punished. He has in some way displeased the employer, e.g., by being and active member of the

Jnion or workmen who were acting prejudicial to the mployer's interest. The second case is whether the imployee has committed an offence but he has been iven a punishment quite out of proportion to the graity of the offence simply because he has incurred disleasure to the employer in a similar manner." he workmen stopped work which amounted to strike ind in view of a pending proceeding before this fribunal the strike became technically illegal and being llegal it was unjustified. But in view of its peaceful and non-violent nature it does not merit dismissal ilthough it has accordingly provided in the Company's tanding orders. Having regard to the weighty pro-nouncements of the highest judiciary of the land already referred to and also having regard to the whole of the facts and circumstances of the present case, I have no hesitation to conclude that this is a fit case for interference by this Tribunal for reasons already detailed and discussed. Therefore, the workmen involved in the present reference are entitled to immediate reinstatement with continuity of service. In consideration of the circumstances already stated I further direct that the Company should pay the workmen 25 per cent. of their wages and other financial benefits, if any, during the period of their forced unemployment and that this period may be treated as on leave.

This is my award.

#### **AWARD**

By Order No. 41-I.R.|IR|11L-642 58, dated 8th January 1959, the Government of West Bengal in the Labour Department referred an industrial dispute between Messrs. Raimohan Bleaching & Dyeing Works and their workmen represented by the Bombay Textiles Workmen Union relating to the undermentioned issue to the Second Labour Court for adjudication.

#### Issue

1. Whether the dismissal of Shri Md. Nanka and Shri Jitan Goala is justified? To what relief are they entitled?

At the beginning of the hearing of the case the Company raised a preliminary objection about the competency of the Union to represent the workmen mentioned in the issue of the order of reference. After prolonged hearing about the preliminary objection I rejected it and proceeded to hear the merits of the case. The case was fixed for hearing for that purpose on 19th September 1962. On that day both the parties filed a joint petition of compromise. The terms of compromise are fair; so I accept them. The joint petition of compromise, a copy of which is enclosed herewith, will form a part of this award.

Is the termination of service of the following workmen justified? To what relief, if any, are the entitled?

- (vii) Shri Ram Murat.

The written statement of the Union gives out as case as follows: The seven concerned workmen named in the issue, were permanent employees and had been working for long years without any blemish They are active members of the Union. For ameliorating the conditions of service of the workmen of the Company, they formed a Union named "Asoka Iron & Steel Works Shramik Union", with Shew Murat Sing as Vice-President, Chandra Kumar Singh as Treasurer and the remaining five concerned workmen as members of the Executive Committee of the The Company had all along been pursuing anti-Trade Union policy. The formation of the Union made the Company wrathful against the prometers and officers of that Union. On 11th July 196 the Management of the Company, without any notic or charge-sheet and without any justifiable reason capriciously dismissed the seven concerned working f: om service. This dismissal has been unjust, mal fide, illegal, against all principles of natural justic and tainted with victimisation. The Union, therefore prays for reinstatement of these workmen with bac wages, etc.

The case of the Company, according to its written atcment, is briefly this. There is absolutely many the case of the Company, according to its written atcment, is briefly this. statement, is briefly this. There is absolutely n Union of the workmen of the Company and none of them is member of the Britannia Engineering Union which pretended or posed " Workers' represent them. No workman of the Company has espoused the cause of the workmen concerned. Thus the said Union or the President thereof has no locus standing of the locus standi or right to represent the workmen of the Company, and the reference is bad in law and inmaintainable as the alleged dispute is only an individual dispute, not an industrial dispute. The vorkmen concerned were not permanent workers and lid not work for long at all. The story of termination of services of these persons for Trade Union inctivity is quite untrue. In fact, they started absenting themselves from work without leave since 11th luly 1961 following administration of verbal warning to Ram Sundar, Chandra Kumar and Iswar Chandra the Company. As they held key posts and lived fust opposite the factory, they were sent for, but they refused to come to work. On 12th July 1961 the Company sent letters to them, asking them to join within 24 hours, failing which, it was stated, they would be deemed to have left the services of their town accord. As they did not turn up, the Company terminated their services with effect from 15th July 1961. It is false that they were capriciously dismissed on 11th July 1961. The action of the Company was perfectly justified and the Union is not entitled to any relief.

#### Decision

Four out of the seven concerned workmen have been examined before me. They have said in one voice that they were turned out or dismissed by the Manager by saying that they had formed a Union. That was, according to the Union's written statement, on 11th July 1961. The Company denies this story, and asser's that the services of the workmen concerned were terminated on and from 15th July 1961 as they refused to come to work inspite of repeated verbal and written notices since 11th July 1961.

It appears from evidence, oral and documentary, that the Secretary of the I.N.T.U.C. (West Bengal Branch) wrote a letter on 5th July 1961 to the Manager of the Company intimating that the workers of the Company had on 4th July 1961 formed a Union under the name and style "Asoka Iron & Steel Works Shramik Union" (vide Ext. 1). This has also been testified to by the President of this Union and the Britannia Engineering Workers' Union named Shri Nırmal Bancrjee (P.W. 1). Whether the termination of service of seven men took place on 11th July 1961 or 15th July 1961, the fact remains that it followed soon after the formation of the new Union. ishibit I.A is the extract of the resolution showing he names of the office-bearers and members of the executive Committee. Shew Murat Singh was Viceresident, Chandra Kumar Singh the Treasurer, and emaining five concerned workmen were in the Execuwe Committee. From all this a reasonable suspicion nay arise that the seven men were dismissed by way of victim sation.

On the Company's side, its Manager (O.P.W. 1 budhir Haldar) and Foreman (O.P.W. 2 Amru Shaw) lave been examined. Their evidence is that on 10th luly 1961, three workmen named Ram Sundar. Thandra Kumar and Iswar Chand were late by half-in-hour in re-attending duty after tiffin period, and he foreman asked them about their late coming, whereupon Chandra Kumar had words with formen and left the place indignantly, whereas the two others supressed regret and resumed work; that since 11th luly 1961 all the seven men remained absent, the Itwan was sent to them but he came back and ported that the workmen refused to come to work, at on 12th July 1961 the Company wrote to them

to come to duty within 24 hours, in default they would be deemed to have given up the jobs of their own accord. It is said that as workmen remained still silent, the Company terminated their services on 15th July 1961. The evidence of four workmen is that they lived within the factory premises, whereas the Company's case is that they lived in a private house (opposite to the factory) owned by one Badri Shaw, to which address the letters were sent. None of the two O.P.W's can state the exact reason why those workmen remained absent. There is no prescribed rule, as stated by the Manager, for dismissal of a workman for unauthorised absence for a specific period. In the present case, four days' absence (if any) from 11th July 1961 to 14th July 1961 was not such as to merit termination of service with immediate effect (i.e., dismissal), not to speak of want of charge-sheet and enquiry. The aforementioned durwan has not been examined. In the absence of this durwan, it is hardly believeable that the workmen expressed unwillingness to come to duty and thereby they were to be deemed as having left the services of their own accord. This story of the Company is not proved.

In point of merit, therefore, the Company has no acceptable case, and its action in practically dismissing the seven concerned workmen by terminating their services on 15th July 1961 with immediate effect was quite unjustified.

The Company has also raised a preliminary objection by contending that the present dispute is an individual dispute, not an industrial dispute, and the Union or the President of the Union mentioned in the order of reference has no right or locus standi to raise the dispute and maintain this reference which, accordingly, is bad in law. It is stated that the Britannia Engineering Workers' Union is not the Union of the Company's workmen and none of them is a member of such a Union. From evidence it is found that there were over 30|32 workmen of the Company about the relevant time. On 4th July 1961 the new Union-Asoka Iron & Steel Works Shramil: Union-was formed but it did not take up the cause of the aggrived workers as, it is said, this Union was not registered. The Britannia Engineering Workers' Union is an outside Union connected with workmen of an industry of a similar nature. Ordinarily such an outside Union has no right to represent the case of workers of a different industry although of similar nature, unless the workers or a substantial number of workers of the industry concerned are members of the outside Union. The principle laid down in the case reported in 1959(1) L.L.J. 600 is that if a large number of workmen of a particular industry become members of a Union which is not, strictly speaking, the Union of the industry or the establishment concerned, the principle of representation might be extended to such outside Union, the point being whether the employer is fighting a dispute with a large number of his workmen. In the present case, the evidence on the side of the Union is that the seven concerned workmen and two other workmen of the Company are members of the Britannia Engineering Workers' Union. P.W.2 Jhinguri, P.W.3 Ram Sundar, P.W.4 Mukurji and P.W.5 Ram Murat say that they became members of that Union 5|6 months before their dismissal. These are merely verbal statements, unsupported by any sort of writing. The subscription book, membership khata, etc., have not

been produced to prove this convincingly. Considering all these things, I am unable to accept the case that the dismissed workmen, with two others, have been members of the Britannia Engineering Workers' Union. That being so, this Union and its President have no right to represent the case of the concerned workmen.

It is contended for the Union that the concerned workmen and two other workers raised the dispute themselves before the Conciliation Officer by a letter, dated 14th July 1961 (Ext. 2). That was one day before the formal letters of termination of services were issued by the Company. In that letter also the workmen wrote to say that they were dismissed without notice on 11th July 1961. Even supposing that the termination of service (or dismissal) was effected on 11th July 1961, still Ext. 2 would not be helpful to the workmen. By this letter, the seven dismissed workmen, along with two more, made the complaint to the Assistant Labour Commissioner for his intervention, and authorised P.W. 1 Shri Nirmal Banerjee, President of the newly-formed Union and Secretary of the I.N.T.U.C., to represent their case before all concerned. Thus, the dispute was not conducted by the said workmen themselves but was to be conducted by P.W.1. Even that position was given up by another letter, dated 15th July 61 (Ext. 2|A), whereby those workmen authorised the present Union (Britannia Engineering Workers' Union) and its President (P.W.1) to represent their cause before all concerned on their The long and short of this all is that it is the Workers' which Union Britannia Engineering represented the workmen concerned all through. But I have already seen that this Union and the President thereof had or have no right to make such representation. The result therefore, is that there has not been proper representation and, as such, the present dispute is to be construed not as an industrial dispute but as an individual dispute. Hence the legal and the present reference fails, in spite of the Union's success in point of merit.

Award is passed accordingly. Dictated and corrected by me.

The above dispute over the issue given in the schedule to the order of reference and reproduced below, was first referred for adjudication to the First Labour Court by the Government of West Bengal, Labour Department, Order No. 3361-I.R.|IR|9R-37:59, dated 23rd July 1959, read with its corrigendur No. 861-I.R.|IR|9L-37|59, dated 27th February 1961 and the same dispute was subsequently referred for adjudication to this Tribunal by the Government of West Bengal, Labour Department, Order No. 3474 I.R.|IR|9L-37|59, dated 28th July 1960, after abolition of the said First Labour Court and in super session of the said order of reference to that Court.

#### Issue

I. Is the termination of employment of Shri Tulsi Oraon justified? To what relief if any, is he entitled?

#### AWARD

After all necessary preliminary proceedings, the cast was finally fixed for hearing at Darjeeling. The cast was taken up for hearing at Darjeeling on 17th Septemper 1962. Both parties appeared before the Tribunal but instead of going on with the hearing the filed a joint petition praying for adjournment till the next day on the ground that negotiations for an amicable settlement of the dispute were going on and these were likely to succeed. Accordingly the cast was adjourned for hearing to 18th September 1962. On that date the parties filed a joint petition of compromise setting out the terms upon which the dispute under reference had been amicably settled between them and praying for a compromise award according to the terms of the joint petition.

I have considered the terms of compromise set out the joint petition. These appear to be quite fair, isonable and lawful. I am satisfied that there has en a bona fide settlement of the dispute between parties in terms of the joint petition filed by them. he case is, therefore, to be disposed of by a comomise award as prayed for.

In the result, I make a compromise award in the se in terms of the joint petition filed by the parties 18th September 1962, a copy whereof is made at of the award as annexure.

#### AWARD

This application under section 33A of the Industrial Disputes Act was made by 8 workers of Red Bank Tea Estate who were serving under Messrs. New Red Bank Tea Company (Pvt.) Ltd., against their alleged unlawful and mala fide dismissals from the service of the Company with effect from 1st August 1960 during the pendency of the adjudication proceedings of another dispute between the Company and its workmen, referred to this Tribunal by Government Order No. 3974-I.R. IR |9L-37|59, dated 28th July 1960. It was alleged in the application—that these workers were dismissed without compliance with the provisions of section 33 of the Industrial Disputes Act, and as such their dismissals where absolutely illegal, irregular and unsustainable.

The Company filed its reply to the application under section 33A of the Industrial Disputes Act. The case was finally fixed for hearing at Darjeeling along with main reference case on 17th September 1962. that date the parties filed a petition before the Tribunar praying for one day's adjournment on the ground that negoriations for an amicable settlement of the whole dispute between the Company and its workmen, including the dispute covered by the present application under section 33A, were going on and these were likely to succeed. Accordingly the case was adjourned to the next day, 18th September 1962, along with the main reference case. On 18th September 1962 the parties filed a joint petition of compromise setting out the terms upon which the dispute covered by the present application under section 33A was settled between the parties and praying for disposal of the present application on these terms. A joint petition of compromise was also filed in the main reference case. I have considered the terms of compromise filed in the present case. These appear to be quite fair, reasonable and lawful. 1 am satisfied that there has been a bona fide settlement of the dispute covered by the present application between the parties in terms of the joint petition. Accordingly the present application is to be disposed of on compromise as prayed for.

In the result, I make a compromise award in this case in terms of the joint petition filed by the parties on 18th September 1962, a copy whereof is made a part of the award as annexure.

#### AWARD

By order No. 4177-I.R.|IR|11L-276|59, dated the 27th August 1959, the Government of West Bengal in the Labour Department referred an industrial dispute between Messrs. Spences Hotel Ltd. (hereinafter referred to as the Company) and their workmen to this court (Second Labour Court) for adjudication. During the pendency of that dispute Shri Ahmed Ali, an employee of the Company, filed a complaint under section 33A of the Industrial Disputes Act before this Court on 30th January 1962 on the ground that he was wrongfully dismissed by the Company.

The Company has raised a preliminary objection that it has not contravened any of the provisions of section 33 of the Industrial Disputes Act and that as such the present complaint is not maintainable. But the Company does not deny that the above industrial dispute between it and its workmen was pending before this Court when it dismissed Shri Ahmed Ali: nor does it state that it filed any application before this Court for approval of its action in dismissing Shri Ahmed Ali. So it is clear that the Company has contravened the proviso to section 33(2)(b) of the Industrial Disputes Act. Hence I hold that the present complaint under section 33A of the Industrial Disputes Act is maintainable, as such I enter into the merits of the complaint.

The facts leading to the complaint are as follows: Shri S. N. Singh is the Managing Director of the Managing Agency of Spences Hotel; he is also the Managing Director of the Managing Agency of Samuel Fitze & Co. Shri Ahmed Ali was engaged as a tailor in the Spences Hotel. Shri S. N. Singh found his work unsatisfactory and ordered him to proceed to Samuel Fitze & Co. to get training under the supervision of the Head Tailor of that Company. Shri Ahmed Ali did not comply with that order of Shri S. N. Singh. On 30th August 1961 Shri S. N. Singh issued a letter to Shri Ahmed Ali pointing out that disobedience of his above order constituted an act of gross misconduct and asking Shri Ahmed Ali to show cause why his services should not be summarily dismissed for that reason. Shri Ahmed Ali gave a reply to that letter. In the reply he denied the allegation of his unsatisfactory work and questioned the legality of his transfer to another Company and also expressed his apprehension that that transfer would deprive him of the legitimate rights of his service at Spences Hotel. Shri S. Nr. S. Singh in reply to that letter of Shri Ahmed Ali pointed out to him that there would be no change in the conditions of his service as a result of the transfer and asked for an explanation as to why he did not carry out the order of transfer Shri Ahmed Ali in reply pointed out though the conditions of service might remain the same, he would be deprived of the continuity of service. Shri S. N. Singh in reply assured

him that there would be no break in the continuity of his service, as the law provided that if his services were transferred and he was again returned to the Hotel, the period of transfer would be deemed as if he were working at the Hotel. This reply did not satisfy Shri Ahmed Ali, as he apprehended that he might not at all be returned to the Hotel from Samuel Fitze & Co. So Shri S. N. Singh issued a charge-sheet to him and he gave a reply reiterating the same reasons for his refusal to comply with the order of transfer. Thereafter by a letter, dated 22nd December 1961, Shri S. N. Singh dismissed him.

The Compnay has contended that Shri S. N. Singh held an enquiry about the charge-sheet issued to Shri Ahmed Ali. Shri Ahmed Ali has denied that a proper enquiry was held. Shri S. N. Singh in his evidence before me admits that the enquiry was verbal. It appears from his evidence that the enquiry consisted in Shri S. N. Singh's asking Shri Ahmed Ali why he did not comply with the order of transfer and Shri Ahmed Ali giving the above reasons. So this enquiry is practically of no assistance in coming to a decision as to the justifiability of the dismissal. Actually there is no divergence about the material facts between the contentions of the two parties. The only question is whether refusal of Shri Ahmed Ali to carry out the order of transfer constituted a misconduct. The answer to this question depends on the reply to the further question whether the order of transfer was a legal order. It is now a settled law that transfer is an incident of service, unless there is anything to the contrary in the contract of service. In the present case the complainant has not contended that there is any provision in the contract of his service preventing the employer from transfering him. His Lawyer has admitted that transfer is an incident of service. But he contends that transfer means transfer by an employers from one department or place to another department or place of business or transfer from one business to another under the same management. The Lawyer of the Company also admits this contention; he has referred to a decision of the Labour Appellate Tribunal of India reported at page 36 of L.L.J 1954 Vol-I. There it has been held that a management has a right to transfer an employee from one place to another or from one concern to another under the same management. So the question in this case is whether Spences Hotel and Samuel Fitze & Co. arc under the same management. It appears from the evidence of Shri S. N. Singh that he is the defacto controlling authority in respect of both the concerns; but the same institution does not

evidence that there are two Managing Agencies for the two concerns. The two concerns have got separate two concerns. The two concerns have got separate accounts and have separate Balance-sheets. So the fact that Shri S. N. Singh happens to be the Managing Director of both the Managing Agencies is only an accident. This accident cannot prove that the two concerns are under the same management. The Management of each of the concern is the Managing Agency of that concern; and Shri S. N. Singh admits that the two Managing Agencies are different. So it cannot be maintained that the two concerns are under the same management. Though transfer is an incident of service, it would be too much to hold that an employer can transfer his employee to service under another employer. Hence I hold that the order transferring Shri Ahmed Ali to Samuel Fitze & Co.

Shri S. N. Singh has stated in his evidence that he made it clear to Shri Ahmed Ali that the order transfer was in the interest of the latter. It appet that the latter was not convinced of the good intention of Shri S. N. Singh. Whatever might be the intention of Shri S. N. Singh, his intention cannot legalise a order which is illegal on account of the circumstance stated by me earlier.

As the order of transfer is illegal, the refusal of Shri Ahmed Ali to carry out that order cannot committed any misconduct, I hold that his dismission the alleged misconduct is unjustified.

Hence I order that Shri Ahmed Ali shall b reinstated and be paid back wages from the date 0 dismissal until reinstatement.

Dictated and corrected by me.

#### THE WEST BENCAL LAND REFORMS (AMENDMENT) BILL, 1962.

# A BILL

to amend the West Bengal Land Reforms Act, 1955.

WHEREAS it is expedient to amend the West Bengal West Ben. Land Reforms Act, 1955, for the purposes and in the Act X of manner hereinafter appearing;

It is hereby enacted in the Thirteenth Year of the Republic of India, by the Legislature of West Bengal, as follows :-

Short title.

1. This Act may be called the West Bengal Land Reforms (Amendment) Act, 1962.

Amendment of section 18 of West Ben. Act X of 1956.

- In section 18 of the West Bengal Land Reforms Act, 1955 (hereinafter referred to as the said Act),-
  - (1) after sub-section (2), the following sub-section shall be, and shall be deemed always to have been, added, namely:-
    - "(3) The decision of any dispute referred to in clause (a) of sub-section (1) shall specify the money value of the share of the produce to be delivered, which shall be payable in default of delivery of such share.";

The West Bengal Land Reforms (Amendment) Bill, 1962.

(Clauses 3, 4.)

(2) after sub-section (3) as so added, the following subsection shall be added, namely:

> '(4) For the removal of doubts it is hereby declared that notwithstanding any decision of any Court to the contrary, any order under clause (a) of sub-section (I), specifying the money value of the share of the produce to be delivered payable in default of delivery of such share, made before the commencement of the West Bengal Land Reforms (Amendment) Act, 1962, shall be deemed to be and to have always been validly made as if that Act had come into force when such order was made.".

Amendment of section 19.

In section 19 of the said Act, to sub-section (2), the following further proviso shall be added, namely:

"Provided further that the provisions of section 5 of the Indian Limitation Act, 1908 shall apply to an appeal under this section.".

Act IX of 1908.

Repeal and

4. (1) The West Bengal Land Reforms (Amendment) West Ben. Ordinance, 1962 is hereby repealed. Ord. V of

Ord. V of 1962.

(2) Anything done or any action taken under the said Act as amended by the West Bengal Land Reforms (Amendment) Ordinance, 1962, shall be deemed to have been validly done or taken under the said Act as amended by this Act as if this Act had commenced on the 7th day of September, 1962.

#### STATEMENT OF OBJECTS AND REASONS.

There was no provision in the West Bengal Land Reforms Act, 1955 (West Bengal Act X of 1956) for specifying, in decisions of disputes under section 18(I)(a) (relating to the division or delivery of the produce), the money-value of the share of the produce in default of the delivery of such share. No order for payment of the money-value of the share of the produce could, therefore, be lawfully passed in such disputes. This had been creating difficulty.

Another difficulty that was being experienced by the parties in disputes under section 18 was that in many cases they could not file appeals under section 19 of the Act because of the shortness of the period for filing appeals as prescribed in sub-section (2) of section 19.

The West Bengal Land Reforms (Amendment) Ordinance, 1962 (West Bengal Ordinance No. V of 1962) was accordingly promulgated by the Governor with a view to removing these difficulties.

The Bill seeks to enact the provisions of the said Ordinance.

2. The Chota Nagpur Tenancy Act, 1908, in its application to West Bengal (hereinafter referred to as the said Act), shall be amended for the purpose and in the manner hereinafter provided.

Amendme it of section 46A of Ben. Act VI of 1908. 3. For clause (a) of sub-section (I) of section 46A of the said Act, the following clause shall be, and shall be deemed always to have been, substituted, namely:—

"(a) a transfer to the Government, or to a person belonging to the community, tribe or caste, to which the transferor belongs,". The Chota Nagpur Tenancy (West Bengal Amendment) Bill, 1962.

#### (Clause 4.)

Repeal and savings.

4. (1) The Chota Nagpur Tenancy (West Bengal Amendment) Ordinance, 1962 is hereby repealed.

West Ben. Ord. IV of 1962.

(2) Anything done or any action taken under the said Act as amended by the Chota Nagpur Tenancy (West Bengal Amendment) Ordinance, 1962, shall be deemed to have been validly done or taken under the said Act as amended by this Act as if this Act had commenced on the 7th day of September, 1962.

#### STATEMENT OF OBJECTS AND REASONS.

Section 46A of the Chota Nagpur Tenancy Act, 1908 (Bengal Act VI of 1908), forbade the transfer of land by a raiyal belonging to the Kurmi (Mahato) community, a scheduled tribe and a scheduled caste to any person other than a person belonging to the same community, tribe or caste except with the previous permission in writing of the Deputy Commissioner. Offers of land were being received by Government from persons belonging to the said community, tribe or caste for various nation-building activities; but because of the restriction mentioned above, the offers could not be accepted by Government. The Act was, therefore, amended by the promulgation of the Chota Nagpur Tenancy (West Bengal Amendment) Ordinance, 1962 (West Bengal Ordinance No. IV of 1962) to permit such transfers of land to Government.

#### CHAPTER IV

#### Special Tribunals

Constitution of Special Tribunals.

- 13. (1) The State Government may, for the whole or any part of the State, constitute one or more Special Tribunals which or each of which shall consist of three members appointed by that Government.
- (2) No person shall be appointed as a member of a Special Tribunal unless he—  $\,$ 
  - (a) is qualified under clause (2) of article 217 of the Constitution for appointment as a Judge of a High Court; or
  - (b) has exercised the powers under the Code of Criminal Procedure, 1898 (hereafter in this Chapter referred to as the Code) of any 5 of 1898-one or more of the following, namely:—
    - (i) Sessions Judge, Additional Sessions Judge, Chief Presidency Magistrate, Additional Chief Presidency Magistrate,
    - (ii) District Magistrate, Additional District Magistrate.

Jurisdiction of Special † Tribunals.

- 14. During the period during which the Proclamation of Emergency is in operation, the State Government may, by general or special order, direct that a Special Tribunal shall try any offence—
  - (a) under any rule made under section 3, or
  - (b) punishable with death, imprisonment for life or imprisonment for a term which may extend to seven years,

triable by any court having jurisdiction within the local limits of the jurisdiction of the Special Tribunal and may in any such order direct the transfer to the Special Tribunal of any particular case from any other Special Tribunal or any other criminal court not being a High Court.

Procedure of Special Tribunals.

- 15. (1) A Special Tribunal may take cognizance of offences without the accused being committed to it for trial.
- (2) Save in cases of trials of offences punishable with death or imprisonment tor life, it shall not be necessary in any trial for a Special Tribunal to take down the evidence at length in writing, but the Special Tribunal shall cause a memorandum of the substance of what each witness deposes, to be taken down, and such memorandum shall be signed by a member of the Special Tribunal and shall form port of the record.
- (3) A Special Tribunal shall not be bound to adjourn any trial for any purpose unless such adjournment is, in its opinion, necessary in the interests of justice.
- (4) A Special Tribunal shall not, merely by reason of a change in its members, be bound to recall and to re-hear any witness who has given evidence, and it may act on the evidence already recorded by or produced before it.

- (5) After an accused person has once appeared before it, a Special Tribunal may try him in his absence if, in its opinion, his absence has been brought about by the accused himself for the purpose of impeding the course of justice, or if the behaviour of the accused in court has been such as, in the opinion of the Special Tribunal, to impede the course of justice.
- (6) In the event of any difference of opinion among the members of a Special Tribunal, the opinion of the majority shall prevail.
- (7) The State Government may, by notification in the Official Gazette, make rules providing for-
  - (i) the times and places at which Special Tribunals may sit; and
  - (ii) the procedure to be adopted in the event of any member of a Special Tribunal being prevented from attending throughout the trial of any accused person.
- (8) A Special Tribunal shall, in all matters in respect to which no procedure has been prescribed by this Ordinance or by rules made thereunder, follow the procedure prescribed by the Code for the trial of warrant cases by Magistrates.

Exclusion of public from proceedings of Special Tribunals. 16. In addition, and without prejudice, to any powers which a Special Tribunal may possess by virtue of any law for the time being in force to order the exclusion of the public from any proceedings, if at any stage in the course of a trial of any person before a Special Tribunal, application is made by the prosecution, on the ground that the publication of any evidence to be given or of any statement to be made in the course of the trial would be prejudicial to the safety of the State, that all or any portion of the public shall be excluded during any part of the hearing, the Special Tribunal may make an order to that effect, but the passing of the sentence shall in any case take place in public.

Power of Special Tribunals. 17. A Special Tribunal shall have all the powers conferred by the Code on a Court of Session exercising original jurisdiction.

Sentences of Special Tribunals,

- 18. (1) A Special Tribunal may pass any sentence authorised by law.
- (2) A person sentenced by a Special Tribunal-
- (a) to death or imprisonment for life, or
- (b) to imprisonment for a term extending to ten years under section 5 19 of 1923. of this Ordinance or under sub-section (4) of section 5 of the Indian Official Secrets Act, 1923, as amended by section 6 of this Ordinance.

shall have a right of appeal to the High Court within whose jurisdiction the sentence has been passed, but save as aforesaid and notwithstanding the provisions of the Code, or of any other law for the time being in force, or of anything having the force of law by whatsoever authority made or done, there shall be no appeal from any order or sentence of a Special Tribunal, and no court shall have authority to revise such order or sentence, or to transfer any case from a Special Tribunal, or to made any order under section 491 of the Code, or have any jurisdiction of any kind in respect of any proceedings of a Special Tribunal.

(3) The powers conferred upon the appropriate Government by Chapter XXIX of the Code shall apply in respect of a person sentenced by a Special Tribunal.

#### CHAPTER V

#### Requisitioning and acquisition of immovable property

Requisitioning of immovable property. 19. (1) Notwithstanding anything contained in any other law for the time being in force, if in the opinion of the Central Government or the State Government it is necessary or expedient so to do for securing the defence of India, civil defence, public safety, maintenance of public order or efficient conduct of military operations, or for maintaining supplies and services essential to the life of the community, that Government may by order in writing requisition any immovable property and may make such further orders as appear to that Government to be necessary or expedient in connection with the requisitioning:

Provided that no property or part thereof which is exclusively used by the public for religious worship shall be requisitioned.

- (2) The requisition shall be effected by an order in writing addressed to the person deemed by the Central Government or the State Government, as the case may be, to be the owner or person in possession of the property, and such order shall be served in the prescribed manner on the person to whom it is addressed.
- (3) Whenever any property is requisitioned under sub-section (1), the period of such requisition shall not extend beyond the period for which such property is required for any of the purposes mentioned in that sub-section.

Payment of compensation.

- 20. Whenever in pursuance of section 19 the Central Government or the State Government, as the case may be, requisitions any immovable property, there shall be paid to the persons interested compensation the amount of which shall be determined by taking into consideration the following, namely:—
  - (i) the rent payable in respect of the property or if no rent is payable, the rent payable in respect of similar property in the locality;
  - (ii) if in consequence of the requisition of the property the person interested is compelled to change his residence or place of business, the reasonable expenses (if any) incidental to such change:
  - Provided that where any person interested being aggrieved by the amount of compensation so determined makes an application within the prescribed time to the Central Government or the State Government, as the case may be, for referring the matter to an arbitrator, the amount of compensation to be paid shall be such as the arbitrator appointed in this behalf by the Central Government or the State Government, as the case may be, may determine:
  - Provided further that where there is any dispute as to the title to receive the compensation or as to the apportionment of the amount of compensation, it shall be referred to an arbitrator appointed in this behalf by the Central Government or the State Government, as the case may be, for determination, and shall be determined in accordance with the decision of such arbitrator.

Explanation—In this section, the expression "person interested" means the person who was in actual possession of the property requisitioned under section 19 immediately before the requisition, or where no person was in such actual possession, the owner of such property.

Power to obtain information and give direction.

- 21. The Central Government or the State Government, as the case may be, may, with a view to requisitioning any property under section 19 or determining the compensation payable under section 20, by order—
  - (a) require any person to furnish to the authority mentioned therein such information in his possession relating to any property as may be specified;
  - (b) direct that the owner, occupier or the person in possession of the property shall not, without the permission of Government, dispose of it or where it is a building, structurally alter it till the expiry of such period as may be specified in the order.

Power of entry into and inspection of, property, etc. 22. Any person authorised in this behalf by the Central Government or the State Government, as the case may be, may enter into any immovable property and inspect such property for the purpose of determining whether, an if so in what manner, an order under section 19 should be made in relation to such property or with a view to securing compliance with any order made under that section.

Eviction from requisitioned property.

- 23. (1) Any person remaining in possession of any requisitioned property in contravention of any order made under section 19 may be summarily evicted from the property by any officer empowered in this behalf by the Central Government or the State Government, as the case may be.
- (2) Any officer so empowered may, after giving to any woman not appearing in public reasonable warning and facility to withdraw, remove or open any lock or bolt or break open any door of any building or do any other act necessary for effecting such eviction.

Penalty for contravention of any order regarding requisitioning. 24. If any person contravenes any order made under section 19 or section 21, he shall be punishable with imprisonment for a term which may extend to one year, or with fine, or with both.

Release from requisition.

- 25. (1) Where any property requisitioned under section 19 is to be released from such requisition, the Government by which or under whose authority the property was requisitioned or any person generally or specially authorised by it in this behalf may, after such inquiry, if any, as it or he may in any case, consider necessary to make or cause to be made, specify by order in writing the person to whom possession of the property shall be given.
- (2) The delivery of possession of the property to the person specified in the order under sub-section (1) shall be a full discharge of the Government from all liabilities in respect of the property that shall not prejudice any rights in respect of the property which any other person may be entitled by due process of law to enforce against the person to whom possession of the property is delivered.

Acquisision of requisitioned property.

- 26. (1) Any immovable property which has been requisitioned under section 19 may, in the manner hereinafter provided, be acquired in the circumstances and by the Government specified below, namely:—
  - (a) where any works have, during the period of requisition, been constructed on, in or over the property wholly or partly at the expense of any Government, the property may be acquired by that Government if it decides that the value of or the right to use, such works shall, by means of the acquisition of the property, be preserved or secured for the purposes of any Government, or
  - (b) where the cost of any Government of restoring the property to its condition at the time of its requisition as aforesaid would, in the determination of that Government, be excessive having regard to the value of the property at that time, the property may be acquired by that Government.
- (2) When any Government as aforesaid decides to acquire any immovable property, it shall serve on the owner thereof or where the owner is not readily traceable or the ownership is in dispute, by publishing in the Official Gazette, a notice stating that the Government has decided to acquire it in pursuance of this section.
- (3) Where a notice of acquisition is served on the owner of the property or is published in the Official Gazette under sub-section (2) then, at the beginning of the day on which the notice is so served or published, the property shall vest in the Government free from any mortgage, pledge, lien or other similar encumbrances and the period of requisition—thereof—shall come to an end.

- (4) Any decision or determination of a Government under sub-section (1) shall be final and shall not be called in question in any court.
- (5) For the purposes of this section, "works" includes every description of buildings, structures and improvements of the property.

Compensation for acquisition of requisitioned property.

- 27. The compensation payable for the acquisition of any property under section 26 shall be—
  - (a) the price which the requisitioned property would have fetched in the open market if it had remained in the same condition as it was at the time of requisitioning and been sold on the date of acquisition, or
  - (b) twice the price which requisitioned property would have fetched in the open market if it had been sold on the date of the requisition,

whichever is less.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL.
WEST BENGAL

### Present:

For the Union: Shri S. K. Achariya, Counsel. For the Company: Shri P. B. Ginwala, Counsel.

The Government of West Bengal, by order No. 1784-I.R./IR/4L-2/57, dated the 29th May 1957, referred an industrial dispute existing between Messrs. Calcutta Tramways Co. Ltd., P-4 Mission Row Extension, Calcutta-1, and their workmen including the traffic staff (excluding the clerical and ministerial staff and depot cashiers), represented by the Calcutta Tramway Workers' Union, 240 Bowbazar Street, Calcutta-12, to this Tribunal for adjudication.

The dispute is concerning with two points as described in the issues contained in the order of

reference. Issue No. 1 is relating to discharge of five workmen as named in the order of reference and the Tribunal is to determine whether the discharge of those workmen was justified and what relief, if any, they are entitled to. Issue No. 2 is whether the workmen are entitled to enjoy the 26th January and the 15th August every year as paid holidays and, otherwise, if they are retained on duties, they would be paid double wages.

The parties had been asked by notices served upon them to file written statements which were duly filed. After completion of preliminary stages, the dispute came up for hearing before Shri M. N. Gan, the then Judge of this Tribunal, on 17th January 1958. On that date after the case had been opened ny the learned Counsels of both sides, the lawyer oppearing for the Union declined to lead evidence to erove Issue No. 1 on the ground that the onus of proof with respect to that issue was upon the Company. The Company, on the other hand, contended that the onus of proof was on the Union and for that the Union should lead evidence to establish the case. In this situation, when both the parties declined to land evidence, the learned Tribunal then asked Shri Achariya, Counsel for the Union, to lead vevidence on Issue No. 1 suggesting that they should prove the allegation against the Company by evidence on his side. In spite of that suggestion of the Tribunal, the Union did not lead any evidence contending that the onus of proof was not upon the workmen and it was for the Company to prove how the discharge of the workmen stood justified. It ppears, however, that so far as Issue No. 2 is con-cerned, evidence was led by the parties. The learned Tribunal made its award on 22nd January 1958. It appears from the award that Issue No. 2, i.e., on the question of holidays with pay to be enjoyed by the workmen on the 26th January and the 15th August was decided in favour of the Union. So far as Issue No. 1 is concerned, the learned Tribunal gave no decision and left the matter as it was, as, in the opinion of the Tribunal, this issue could not be adjudicated upon merely on the question of burden of proof. The Union filed an application under Article 226 of the Indian Constitution before the Hon'ble High Court alleging that the Tribunal had declined to consider the matters which ought to have been considered and had not decided the case according to law. It was alleged by the Union that in the facts and circumstances of the case and specially according to the pleadings of both the parties, the onus of proving the justification of the discharge of the workmen concerned was upon the company and that it was orged that it was incumbent upon the Tribunal to call upon the company to lead evidence first and so when the Company refused to lead evidence, the Tribunal should have decided the issue issue No. 1, in favour of the Union. It was incumbent upon the Tribunal to decide the issue sent for adjudication by a valid order of reference by the Government and the Tribunal by not deciding the issue failed to carry out the lawful duty, which was vested in it. Hon'ble High Court upon hearing the parties quashed the award on issue No. 1 and directed the Tribunal to proceed to complete its adjudication on that issue. As the matter stands, by the order of Hon'ble He's Court, the award made by Shri Gan stands queshed so far as issue No. 1 is concerned.

The Hon'ble High Court directed that Tribunal must have decided the issue one way the other and that it was not justified to say that matters should be left where they were. It was f ther observed that the Tribunal must not leave parties in doubt as to what has been decided, this position the reference case came up before so that the adjudication might be completed.

Shri Achariya, Counsel, appearing for the women, urged that under the directives of the Hon'l High Court, the Tribunal should give fresh opputually to the workmen to lead evidence. Si Ginwala, Counsel, appearing for the Company, urgithat the only duty imposed upon the Tribunal und the order of the Hon'ble High Court is to complete the adjudication and that there was no directing given by the Hon'ble High Court that fresh oppotentially for leading evidence should be once more made available to the Union.

Now, it is clear from the records that full opportunities had been given to the Union to lead evidence hrst to prove their case that the dismissal of the workmen on a charge of misconduct after the domestic enquiry could not stand. From the award of Shri Gan it is clear that the Tribunal found that the state of law was that when the employer dis missed an employee after holding a departmenta enquiry, the decision of the Company should not be set aside unless the Tribunal comes to the conclusion that there had been victimisation by the employe or that there was want of good faith or unlan labou The Hon'ble High Court in the order held practice. that the Tribunal had rightly found that the onw of proving these facts was upon the workmen, who came forward with such allegation. There cannot therefore, remain any doubt on the point that the onus of proof challenging the decision of the manage ment to dismiss a workmen after a departmental enquiry on a charge of misconduct levelled against him was upon the Union. In fact, Shri Gan decide that the onus of proving these facts was on the work men. It appears from the order of Hon'ble High Court that the company urged before their Lordships that the Tribunal actually by leaving the matter & those were, virtually found that the dismissal of the workmen would remain and that no relief could be granted. On the other hand, Shri Achariya urged that the Tribunal failed to exercise its jurisdiction as according to him, when the company failed to lead evidence, the Tribunal should have decided the issue in his favour. The Hon'ble Court held that it was not possible from the language in which the issue No. I was left as those were by the Tribunal as to what was meant by leaving the issue as those were.

To my mind it appears that the Hon'ble High Court in the orders passed on Article 226 of the Indian Constitution clearly held that the Tribuna was justified in holding that on a case of this nature the onus was entirely upon the workmen to lead evidence to show that the action of the employer was unjustified. The record of the case clearly indicates that in spite of the fact that fullest opportunities had been given to lead evidence, the Union declined to do so. All that is directed by the Hon'ble High Court to be done by this Tribunal is to complete the adjudication on the materials on record. There is no such directive issued by the Hon'ble High Court that fresh opportunities for leading evidence.

should be given to the Union. Upon a plain reading of the orders of the Honble High Court in the light of the observation made therein I am inclined to hold that the legal consequences mus be followed as arises from the facts and circumstances as evidenced by the records of the case. The onus being upon the Union to prove the case and the Union having refused to lead evidence at the proper stage, cannot be given a tresh opportunity to rectify the mistake and get a new opportunity to lead evidence. In this view I hold that the workmen are not entitled to give any evidence and that the dismissal of the workmen as done by the company after domestic enquiry would stand.

The learned lawyer for the Union urged that in stead of disposing of the matter on the preliminary point of objection raised by the Company that no tresh opportunity for giving evidence should be granted to the Union, the Tribunal should dispose of the issue on the basis of evidence given by the parties. I am afraid, I cannot, in the circumstances of the case, allow the Union to lead evidence at all when I find, I have got no jurisdiction to take evidence in the face of the clear order of the High Court. Shri Achariya urged that it is the duty of the Tribunal to give an award not merely on the legal point of objection but also on merit as, otherwise, it there be an appeal against the award to the Hon'b'e Supreme Court and the decision goes in his favour, it would be necessary to decide the case on merits. It is true, under Article 136, the Honble Supreme Court may in its discretion grant special leave to appeal from the adjudication made by this Tribunal. But, in my opinion, it would absolutely be without sursidiction to enter into the question of evidence n the face of clear directives of the Hon'ble High Lourt. In this view, I think, I cannot take up the ask of deciding the issue on merits after allowing apportunities to the Union to lead evidence. In he result, I hold that the workmen are not entitled e get any relief in the matter of discharge of five sorkmen as mentioned in issue No. 1 in the Order if Reference.

This is the award.

#### **AWARD**

By order No. 2136-I.R./IR/IIL-130/61, dated the 29th April 1961, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Calcutta Plywood Manufacturing Co., 93 Ultadanga Main Road (Head Office at 29 Strand Road), Calcutta, and their workmen represented by the Calcutta Plywood Mazdoor Union, 38-H-27 Maniktola Main Road, Calcutta-11, regarding the matters specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, by notification No. 808-1.R. IR/3A-2-37, dated the 11th March 1957, for adjudication.

#### Issues

- (1) Whether the closure of the concern in March 1959 is real and bona fide? Whether it is beyond the control of the management and whether in the circumstances it is justified?
- (2) To what relief, it any, are the workmen entitled?

This reference relating to an industrial dispute existing between Messrs. Calcutta Plywood Manufacturing Company (hereinafter be referred to as the Company) and their workmen represented by the Calcutta Plywood Mazdoor Union (hereinafter be referred to as the Union) was received from the Government in May 1961.

Immediately thereafter notices were issued for service upon both parties. The Company entered appearance in time but the Union was a bit late to appear and to take proper steps. However, both parties filed their respective written statements. The case was actually taken up and heard in part on 21st September 1962 when the parties expressed a desire to settle up the dispute amicably. To enable them to do it, one week's time was allowed and I am glad to note that the parties have successfully settled up the disputes under reference and they filed a joint petition of compromise on 29th September 1962 incorporating the terms of settlement therein. The

Company has agreed to pay a total sum of Rs. 1,500 (Rupees fifteen hundred only) to the concerned workmen who at the same time agreed to accept the said amount from the Company in full and final settlement of their claims. In consideration of the said terms the workmen shall not press any claim for reinstatement. The terms as aforesaid are found to be fair and reasonable. So, I accept the terms and give an award on compromise in terms of the joint petition of compromise filed on 29th September 1962 which do form part of the award as an annexure.

This is my award.

### ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act, filed by Shri Jagindra Nath Patra, against Chakdah (Nadia) Municipality arising out of the Government Order No. 3623-I.R./IR/14L-14/60, dated 19th July 1960. (Case No. 75 of 1962 under section 33A.)

For the workman: Shri B. Chatterjee, Secretary of the West Bengal Municipal Employees' Federation.

### **AWARD**

This is an application under section 33A of the Industrial Disputes Act by Shri Jagindra Nath Patra, a peon of Chakdah Municipality, against the Commissioners of Chakdah Municipality. His complaint in the application is briefly as follows:

On some false allegations made against him by Shri Nibaran Roy, another peon of the Municipality, in a letter, dated 3rd April 1962, addressed to the Chairman, he was suspended by the Chairman by his letter, dated 5th April 1962. The allegation in the letter of Shri Nibaran Roy related to some incidents unconnected with the duties of the applicant as a servant of the Municipality and was of a personal nature. The Municipality had no jurisdiction to take disciplinary action in regard to such incident. The matter between him and Shri Nibaran Roy was however compromised and the Commissioners were duly informed of the compromise by a letter jointly signed by both of them and dated 9th April 1962. In spite of this joint letter, he was kept under suspension and was not allowed to do any work in a vindictive spirit and with some ulterior motive by the Chairman in violation of the relevant provisions of the Municipal Act and the Industrial Disputes Act and also of the principles of natural justice. The order of suspension against him was passed when adjudication proceedings in respect of another dispute between the Municipality and its workmen were pending before this Tribunal after its reference to this Tribunal by Government order No. 3623-I.R./IR/14L-14/60, dated 19th July 1960, but the provisions of section 33, Industrial Disputes Act, were not complied as required by law.

After service of notice of this application under section 33A, Industrial Disputes Act, upon the Municipality, the Chairman approved and filed a petition praying for time to file the Municipality's written statement. He was granted an adjournment but on the adjourned date none appeared for the Municipality and no written statement was filed. The Tribunal then granted another adjournment suo moto in order to enable the Municipality to file its written statement. This adjournment was granted up to 14th September 1962 with the direction that if no written statement was filed on that date, the case would be heard ex-parte. On 14th September 1962 also there was no appearance for the Municipality and no written staement was filed. So, the fasc was heard ex-parte on that day in absence of the Municipality.

At the ex-parte trial, the complainant Shri lagindra Nath Patra gave evidence. He proved his whole case in the petition by his sworn testimony which stood absolutely unchallenged and undenied. In his evidence the complainant further proved that he was a protected workman under the explanation to section 33, Industrial Disputes Act. He further proved that his full monthly wages were Rs. 76 but since suspension he is getting only Rs. 17-8 as his jes. I see no reason to disbelieve the hallenged and undenied oral testimony of the

being a protected workman on the ground plea is not contained in the petition of it cannot be gainsaid that he was you way of punishment upon the report in Nibaran Roy and in any case, his litions were altered by reducing his

wages from Rs. 76-8 to Rs. 17-8 annas, which w evidently granted by way of subsistance allowance and this was done during the pendency of the adjudication proceedings of another dispute between the Municipality and its workman, referred to th Tribunal by the Government order No. 3623-I.R IR/14L-14/60, dated the 19th July 1960. It is all proved that the Municipality has no Standir Orders. Under section 33(2), Industrial Disput Act, the Municipality could have made such alternative the Municipality has no Standing the Municipality has no Standi tion in accordance with the Standing Orders. Th action of the Municipal Chairman, in suspendin him, was therefore not in accordance with the provi sions of section 33(2)(a) and as such it was illegal Of course, the action taken by the Municipal Chair man against the concerned worker does not strictly come under the proviso to section 33(2)(b) of the Industrial Disputes Act and so the Municipality wa not required to comply with that proviso b applying for approval of the action taken to thi Tribunal and paying the worker one month's wage: Still, the action of the Municipality was illegal an in contravention of the provisions of section 33(2)(a of the Industrial Disputes Act, because, as alread indicated above, the employer altered the servic conditions of this worker in connection with matter not connected with the main dispute betwee the employer and its workmen under reference t this Tribunal for adjudication without any reference to the Standing Orders which were non-existent Under section 33(2)(a), the employer is permitted to alter the service conditions of the worker in such case in concetion with a matter, not connected with the main dispute under reference for adjudication only if such an alteration was in accordance with the Standing Orders. In the present case when i is proved that there are no Standing Orders, the alteration in the conditions of service of this worker cannot be said to be in accordance with the Standing Orders. In this way, the action of the employed was illegal and in contravention of section 33(2)(a) Apart from this position, there is also the eviden of the worker that he is a protected workman. There is no reason why this evidence should not accepted. As a protected workman, he would con under section 33(3), Industrial Disputes Act, and that case any alteration of his service conditions his prejudice as a protected workman or any punisment whether by dismissal or otherwise would illegal if the alteration is not made or the punis ment is not inflicted with the express permission this Tribunal before which the main dispute pending for adjudication after its reference by t Government order No. 3623-I.R./IR/14L-14/dated the 19th July 1960. So, in that way also, t action taken against the concerned worker punishing him by suspension was contrary to 1 provisions of section 33(3).

In the above view of the whole matter, I he that the action taken against this worker suspending him from 5th April 1962 and reduci his wages by way of granting subsistance allowan only was in contravention of the provisions section 33(2)(a) and (3) of the Industrial Disput Act. I am also satisfied from the evidence the there was no legal and sufficient ground for suspension. The worker has proved without challenge that he was suspended on reduced wage simply upon the report of one Shri Nibaran Roandher peon, and there was no enquiry and the suspension was not withdrawn even though Shri

baran Ray withdrew his report against this orker and both of them submitted a joint petition the Chairman stating that there was no quarrel tween them and the report made by Shri Nibaran by was not correct. This complaint under section A must therefore succeed and an award is to be ade in favour of the applicant.

In the result, I allow this application under secon 33A, Industrial Disputes Act, and award that e suspension of the applicant complained of in e application was illegal and in contravention of e provisions of section 33 and there was also no gal or sufficient ground for taking such action ainst the applicant and the action taken was justified and malafide and the applicant shall be lowed to work in his own post as peon on full ages with immediate effect and he shall be paid is full wages from the date of suspension till the ate of his being allowed to work on full wages, less he amount already paid, by way of subsistance flowance, and this payment shall be made within a nonth from the publication of the award.

#### ANNEXURE

In the matter of a complaint under section 33A, Industrial Disputes Act, filed by Shri Ajit Kumar Bhattacharjee, Driver-Mechanic, Budge Budge Municipality, against the Commissioners, Budge Budge Municipality, P.O. Budge Budge, 24-Parganas. (Case No. 67 of 1962 under section 33A.)

### BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL

#### Present:

Shri S. K. ROY, Judge, Seventh Industrial Tribunal.

For the applicant: Shri B. Chatterjee, General Secretary, West Bengal Municipal Employees' Federation.

For the Municipality: Shri S. Roy, Advocate.

#### **AWARD**

This is an application under section 33A, Industrial Disputes Act, filed by Shri Ajit Kumar Bhattacharjee, a Driver-Mechanic employed by Budge Budge Municipality, complaining of his alleged punishment by the Municipality by keeping him under suspension since 29th April 1962 upon some unfounded, frivolous and vague charges without holding any proper enquiry within a reasonable time in spite of his reply to the charge-sheet with a prayer for an impartial enquiry at an early date. It is also alleged that he is a "protected workman" under the explanation to section 33, Industrial Disputes Act, and is also the Assistant Secretary of the local Municipal Employees' Union. It is contended that he has been taking lead in sponsoring move-ments in support of the workers' demands since 1960 and this has antagonised the Municipal authorities against him and so they are seeking to victimise him by punitive suspension on false and frivalous charges without giving him a full opportunity to meet the charges in a fair and impartial enquiry according to the principles of natural justice. On the above allegations, it is urged that the Municipality has contravened the provisions of section 33, Industrial Disputes Act, in suspending him by way of punishment and the Municipality is guilty of victimisation and unfair labour practice against him with some malafide and ulterior motive. The prayer is made for directing the Municipal authorities to withdraw the order of suspension immediately and to pay him full wages for the idle period since suspension. The application has been made because he was suspended during the pendency of the adjudication proceedings of another dispute between this Municipality and its workers referred to this Tribunal by Government Order No. 3623-I.R./IR/ 14L-14/60, dated the 19th July 1960, without complying with the requirement of section 33.

The Municipality has filed a reply to the application under section 33A contending inter alia that he was suspended upon clear and definite charges and an enquiry was proposed to be held regarding the charges and notice was issued accordingly to the charge-sheeted worker, but before the enquiry could be finalised, the present application was

made and thereafter the enquiry proceedings were stopped. It has also been alleged that there was reasonable basis for the charges. It has been finally contended that as an enquiry regarding the chargesheet issued to the worker was in progress and it was not finalised and no definite punishment was inflicted upon him, this application is incompetent and not maintainable in law.

On the date of hearing, the parties came to an amicable settlement regarding the present proceedings under section 33A, Industrial Disputes Act, and they filled a joint petition of compromise setting out the terms upon which the matter was settled. I have considered the terms of compromise. They appear to be quite lawful, fair and reasonable and I am satisfied that there has been a bona fide settlement of the present dispute between the parties on those terms. Accordingly, there is to be a compromise award in the case on the basis of the terms set out in the joint petition of compromise.

In the result, I make a compromise award on the basis of the terms embodied in the joint petition of compromise, a copy whereof is made a part of the award as an Annexure.

S. K. ROY, Judge, Seventh Industrial Tribunal.

> (2) to the State Government such contributions for leave, pension or provident fund as may be payable under the rules governing the deputation of such officers or as the State Government may determine.".

Repeal and

3. (1) The Calcutta Municipal (Amendment) Ordinance, West Ben. 1962, is hereby repealed.

Ord. III of 1962.

(2) Anything done or any action taken under the said Act as amended by the Calcutta Municipal (Amendment) Ordinance, 1962, shall be deemed to have been validly done or taken under the said Act as amended by this Act as if this Act had commenced on the 31st day of August, 1962.

### STATEMENT OF OBJECTS AND REASONS.

The object of the Bill is to empower the State Government to depute officers to the Calcutta Corporation if and when it becomes necessary for improving any aspect of the municipal administration. The necessity for making provisions to that effect in the Calcutta Municipal Act, 1951, became apparent during the last cholera epidemic in Calcutta.

CAIR UTTA. The 2nd November, 1962.

1962.

(?) Anything done or any action taken under the said Ordinance shall be deemed to have been validly done or taken under this Act as if this Act had commenced on the 8th day of September, 1962.

#### STATEMENT OF OBJECTS AND REASONS

It had been reported to the Government that the menace of encroachments on public lands, of illegal construction of structures thereon and of cultivation of Government-vested lands by trespassers, had assumed forbidding proportions affecting, more or less, all the districts of the State. The evil still continues to be rampant. Apart from section 144 of the Code of Criminal Procedure, 1898 (Act V of 1898) and section 447 of the Indian Penal Code, 1860 (Act XLV of 1860), which were of limited application to such encroachments, or protracted civil action for ejectment of the unauthorised occupants, there was no other course open to deal with the problem. In order, therefore, to provide for an expeditious machinery to deal with the problem, the West Bengal Public Land (Eviction of Unauthorised Occupants) Ordinance, 1962 (West Bengal Ordinance No. VI of 1962) was promulgated by the Governor.

2 The Bill seeks to enact the provisions of the said Ordinance after a slight amendment of the definition of the term "Collector".

#### STATEMENT OF OBJECTS AND REASONS.

Under the existing Bengal Mining Settlements Act, 1912 the Mines Board of Health is not a corporate body. It cannot acquire or hold property and has no duly constituted fund. It has also no specific authority for maintaining any establishment or levying fees on owners of mines. The provision for penalty under the Act is also inadequate. Besides, the existing Act is defective in various other respects.

Government also consider that the constitution of the Mines Board of Health should be made more representative a:d that Government should have power to inspect the Board's property, works or institutions constructed or maintained by the Board and registers, books, accounts and other documents relating thereto, and to supervise the work of the Board's Health Officers and, also, a power to give necessary directions to the Board and enforce the compliance thereof.

Government have, therefore, decided to replace the existing Act by a more comprehensive one so as to remove the aforesaid defects and also to introduce necessary new provisions. The present Bill has been brought forward with the aforesaid object.

### STATEMENT OF OBJECTS AND REASONS.

With a view to (a) enhancing the rates of tax of various types of motor vehicles for raising additional revenue for the State, (b) changing certain provisions of the Bengal Motor Vehicles Tax Act for making them up-to-date and (c) introducing metric units of weights and measures in the Act, it has become imperative to amend the Bengal Motor Vehicles Tax Act, 1932. The present Bill has been drafted with that end in view.

#### ORDERS

New Delhi, the 3rd November 1962

G.S.R. 1463.—In exercise of the powers conferred by sections 3, 4 and 8 of the Foreigners Act, 1946 (31 of 1946), read with the Foreigners Law (Application and Amendment) Ordinance, 1962, the Central Government hereby makes the following Order, namely:—

#### CHAPTER I-Preliminary

- 1. (1) The Order may be called the Foreigners (Internment) Order, 1962.
  - (2) It shall come into force at once.
  - 2. Definitions.—In this Order—
  - (1) "Civil authority" means the civil authority appointed under paragraph 2 of the Foreigners Order, 1948;
  - (2) "internee" means any person arrested or liable to arrest under paragraph 5 of this Order.

#### CHAPTER II-Internment of certain persons

- 3. Application of Chapter.—This Chapter shall apply to and in relation to any foreigner who is, and any person not of Indian origin who was at birth, a citizen or subject of any country at war with, or committing external aggression against, India or of any other country assisting the country at war with or committing such aggression against India.
- 4. Internment Camps.—The Central Government may, for the purposes of this Order, establish internment camps at such places as it thinks fit, and shall appoint a Commandant of every such camp.
- 5. Arrest and internment of certain persons.—(1) The civil authority for any area may arrest or cause to be arrested any person to whom this chapter applies in that area:

Provided that nothing in this sub-paragraph shall, except by an express direction of the Central Government, apply to, or in relation to, any such person employed in a diplomatic or consular mission in India or the wife or any child of any such person.

(2) Every person arrested under the provisions of sub-paragraph (1) shall be surrendered, as soon as may be, to the Commandant of an internment camp:

Provided that it, at the time of his arrest, such person is suffering from any infectious disease, or by reason of sickness unable to move, the civil authority making the arrest shall report the matter to the Commandant of an internment camp and await his instructions as to the time at which and the internment camp to which, the arrested person shall be removed.

- (3) Every such person surrendered to the Commandant of an internment camp in pursuance of sub-paragraph (2) shall be confined in an internment camp until otherwise directed by the Central Government.
- 6. Temporary detention of internees.—The civil authority shall, pending he surrender of an internee to the Commandant of an internment camp, detain or confine such internee in such manner and at such place as may to such authority appear suitable:

Provided that the manner of such detention or confinement shall not be more rigorous than the manner in which an arrested person is detained or confined while in police custody under the provisions of the Code of Criminal Procedure, 1898 (5 of 1898).

7. Personal property of internees.—(1) An internee may take with him to an internment camp such personal property as may be permitted by the civil authority arresting him, and, may, subject to the approval of that authority, dispose of the rest of his personal property in such manner as he desires.

(2) Where an internee is unable to make arrangements for the disposal of such of his personal property as he is not allowed to take with him to the internment camp, the property shall remain in the custody of the civil authority making the arrest or of such other person as may be authorised by or under any law for the time being in torce to take possession of property belonging to such foreigners.

#### CHAPTER III- General provisions as to foreigners

- 8. Arrest and detention of suspected foreigners.—(1) The civil authority may arrest without any warrant any foreigner, whom it reasonably suspects of having acted, of acting, or of being about to act, with intent to assist a country at war with or committing external aggression against India, or in a manner pre-judicial to the public safety or to the safety of any building or machinery.
- (2) The civil authority making an arrest in pursuance of sub-paragraph (1) shall forthwith report the fact of such arrest to the Central Government, and pending the receipt of the orders of the Central Government, shall detain or confine the arrested person in such manner or at such place as may to such authority appear suitable:

Provided that the manner of such detention or confinement shall not be more rigorous than the manner in which an arrested person is detained or confined while in police custody under the provisions of the Code of Criminal Procedure, 1898 (5 of 1898).

West Ben. Ord. IX of 1962.

IV of 1866.

### STATEMENT OF OBJECTS AND REASONS.

In accordance with certain orders and regulations issued under the Calcutta Police Act, 1866, and the Calcutta Suburban Police Act, 1866, the Commissioner of Police, Calcutta, has been exercising the power of making appointments of, and infilicting punishments on, the Inspectors of Police, Calcutta. Under the same orders the Deputy Commissioner of Police, Headquarters, has been the appointing and punishing authority in respect of the subordinate ranks of the torce other than the Inspectors. The other Deputy Commissioners of Police have also been the punishing authority for the subordinate ranks other than the Inspectors.

As doubts arose about the validity of the aforesaid orders and regulations, an Ordinance, namely, the Calcutta and Suburban Police (Amendment) Ordinance, 1962, was promulgated by the Governor, validating all actions taken in this regard and also making provision for certain allied matters.

The present Bill is intended to enact the provisions of the said Ordinance. Clause 2(d) and (c) and clause 3(c) and (d) of the Bill make certain other provisions which are considered necessary for obvious reasons.

Calcutta, The 8th November, 1962. PRAFULLA CHANDRA SEN, Member-in-charge.

### West Bengal Ordinance No. XI of 1962

## THE WEST BENCAL HOME CUARDS ORDINANCE, 1962.

Whereas it is necessary to provide for the constitution of Home Guards in West Bengal;

AND WHEREAS both Houses of the Legislature of West Bengal are not in session and the Governor is satisfied that circumstances exist which render it necessary for her to take immediate action:

The Governor is pleased, in exercise of the power conferred by clause (1) of article 213 of the Constitution of India, to make and promulgate the following Ordinance, namely:—

Short title, extent and commencement.

- 1. (1) This Ordinance may be called the West Bengal Home Guards Ordinance, 1962.
  - (2) It extends to the whole of West Bengal.
- (3) It shall come into force on the date of its publication in the Official Gazette.

Definitions.

- 2. In this Ordinance, unless there is anything repugnant in the subject or context,—
  - (1) "Calcutta" means the town of Calcutta as defined in section 3 of the Calcutta Police Act, 1866 together with the suburbs of Calcutta as defined by notification under section 1 of the Calcutta Suburban Police Act, 1866;

(2) "district" means a Zila referred to in the Bengal Districts Act, 1864, but does not, in the case of the district of 24-Parganas, include any area comprised in the suburbs of the town of Calcutta as defined by notification under section 1 of the Calcutta Suburban Police Act, 1866;

(3) "Home Guard" means a Home Guard constituted of 1866. under section 3.

Ron

Ben. Act IV of 1866.

Bon. Act II of 1866.

#### The West Bengal Home Guards Ordinance, 1962.

#### (Sections 3--9.)

Constitution of Home Guards. 3. The Superintendent of Police in a district or the Commissioner of Police in Calcutta may constitute for the district or Calcutta, as the case may be, a body to be called the Home Guard, the members of which shall discharge such functions in relation to the protection of persons, the security of property or the public safety as may be assigned to them in accordance with the provisions of this Ordinance and the rules made thereunder.

Appointment of members.

4. The Superintendent of Police in a district or the Commissioner of Police in Calcutta may appoint as members of the Home Guard so many persons, who are fit and willing to serve as such, as he is authorised by the State Government to appoint and may appoint any such member to any office of command in the Home Guard.

Functions of members 5. The Superintendent of Police in a district or the Commissioner of Police in Calcutta may at any time call out a member of the Home Guard for training or to discharge any of the functions assigned to the Home Guard in accordance with the provisions of this Ordinance and the rules made thereunder.

Powers, protection and control.

- **6.** (1) A member of the Home Guard when called out under section 5 shall have the same powers, privileges and protection as an officer of police appointed under any Act for the time being in force.
- (2) No prosecution shall be instituted against a member of the Hom. Guard in respect of anything done or purporting to be done by him in the discharge of his functions as such member, except with the previous sanction in a district of the District Magistrate, or in Calcutta of the Commissioner of Police.

Control by officers of police force. 7. The members of the Home Guard when called out under section 5 directly in aid of the police force, shall be under the control of the officers of such force, in such manner and to such extent as may be prescribed by rules made under section 9.

#### THE JADAVPUR UNIVERSITY (AMENDMENT) BILL, 1962.

### A BILL

to amend the Jadarpur University Act, 1955.

Whereas it is expedient to amend the Jadavpur West Ben. University Act, 1955 for the purposes and in the manner hereinafter appearing;

It is hereby enacted in the Thirteenth Year of the Republic of India, by the Legislature of West Bengal, as follows : -

Short title.

1. This Act may be called the Jadavpur University (Amendment) Act, 1962.

Amendment of eention. 2 of West Ben. Act of 1955.

- 2. In section 2 of the Jadavpur University Act, 1955 (hereinafter referred to as the said Act), before clause (a), the following clause shall be inserted, namely:—
  - '(a1) "financial year" means the year ending on the 31st day of March;'.

Amendment of section 4.

- 3. In section 4 of the said Act,-
- (1) in sub-sections (2) and (3), for the words, figures and brackets "items (i), (ii), (iii) or (iv)", the words, figures and brackets "items (i), (ii), (iii) and (iv)" shall be substituted;
- (2) in sub-section (4), after clause (a), the following clause shall be inserted, namely:—
  - "(aa) the President of the National Council, ex-officio;".

ent, of ction 5.

4. After clause (14) of section 5 of the said Act, the following clause shall be inserted, namely:— University or otherwise;". The Jadavpur University (Amendment) Bill, 1962.

(Clauses 5-7.)

Insertion of new sections 12A and 12B.

- 5. After section 12 of the said Act, the following sections shall be inserted, namely:—
  - 12A. (1) The University shall have a fund to be called the University "Fund of the University. Fund.
  - (2) All monies received by the University by way of fees, fines, endowments, grants, donations, bequests or loans or on transfer under section 12 or on any other account whatsoever shall be credited to, and all expenditure incurred by the University shall be paid out of, the University Fund.
  - al Active 12B. (1) As soon as may be after the mts. close of every financial year, the accounts of the University for that financial year shall be audited by an auditor appointed by the Annual Accounts. State Government or in such other manner as the State Government may direct.
  - (2) The University shall consider the audited annual accounts at a meeting and may take such action thereon as it thinks fit.
  - (3) Copies of the audited annual accounts together with copies of the audit report shall be submitted by the University to the President and to the State Government.
  - (4) The State Government may require the University to supply to it any information in regard to the accounts of the University and the University shall comply with such requisition.".

Amendment of section 13 of the said Act, for the words "every section 13." year", in the two places where they occur, the words "in every financial year" shall be substituted.

Amendment of Schedule

- 7. In the Schedule to the said Act, for item (ii), the following item shall be substituted, namely:—
  - "(ii) A representative of the Government of India in the Ministry dealing with technical education;".

#### STATEMENT OF OBJECTS AND REASONS.

1. Under sub-section (1) of section 4 of the Jadavpur University Act. 1955 read with item (ii) of the Schedule thereof, the Joint Secretary, Ministry of Finance, Government of India, is a member of the University. In view of ment of India, is a member of the University. In view of the establishment of the University Grants Commission as a statutory body, primarily concerned with the grants to the Universities including Jadavpur University, the Government of India think that it is no longer necessary for a representative of the Ministry of Finance to be associated with the University. But in pursuance of the suggestion made by the University it has been decided, in consultation with the Government of India that "a representative of the Government of India in the Ministry dealing with technical education," should be taken as a member of the University in place of the Joint Secretary. member of the University in place of the Joint Secretary, Ministry of Finance. It has further been decided in consultation with the Government of India and Jadavur University that suitable provisions may be made in the Jadavpur University Act so as to confer on the University the power of borrowing money and of raising foams on the security of its assets. The State Government have secondingly decided to make the amendments proposed in the Bill, namely, amendments of sections 2. 5. 13 and of the Schedule.

- II. Sub-section (4) of section 4 of the Act sets forth the constitution of the University. The President of the National Council is not a member of the University under the present Act. In view of the fact that the offices of the President of the University and of the President, National Council, may no longer be held by the same person, it is desirable that the President of the National Council should be included as an ex-officio member. The State Government have accordingly decided to insert a suitable clause under sub-section (4) of section 4 of the Act.
- III. Under the existing Act there is no provision for audit of accounts of the Jadavpur University. At present its accounts are audited by a Chartered Accountant appointed by the University. But as the State Government have to make grants from time to time, in accordance with the suggestion of the Accountant General, West Bengal, provisions have been made (vide proposed sections 12A and 12B) to the effect that the accounts of the University shall be audited by an Auditor appointed by this State Government or in such other manner as the State Government may direct.

(2) Anything done or any action taken under the National Defence Fund (West Bengal Collection) Ordinance, 1962, shall be deemed to have been validly done or taken under this Act as if this Act had commenced on the 11th day of November, 1962

#### STATEMENT OF OBJECTS AND REASONS.

Great public response has been received, and is being received, to the appeal for contributions to the National Defence Fund which has been formed at New Delhi in the present emergency. It is, however, necessary to ensure that there is no unauthorised collection of money or valuable things for the National Defence Fund which may not find their way into the Fund. To guard against any such possibility the National Defence Fund (West Bengal Collection) Ordinance, 1962, was made and promulgated by the Governor.

The present Bill is intended to enact the provisions of the said Ordinance. The clauses of the Bill are self-explanatory.

#### FINANCIAL MEMORANDUM.

It is not yet possible to form an idea of the expenditure likely to be involved, as this will largely depend on the strength of the personnel to be raised from time to time in the different districts, the type of uniform that may have to be supplied to the officers and men, the number of occasions on which the men may have to be called out for duty, and other relevant factors. It is proposed to make a beginning with recruitment and training at once, for meeting the cost of which an approximate sum of Rs. 1,25,000 is likely to be spent in the current financial year.
